and little Derby heads

00:03

can see that? Well, you know, come to think of it at the horse shows you see people with hats on their horses and stuff all the time like you when you go to the shows that does that does it right there. What does that make you feel like? What is it about that that attracts you to it?

00:16

Well, you know, I don't know, it's something about my sister was a writer. So I'd watch her practice every day. And then I don't know something about the power.

00:32

The power of the animal, man over beast, man

00:35

over beast. Yes. I'm not saying that I follow through with urges or anything,

00:40

but you just like to dress them up. And

00:43

it arouses you.

00:44

It arouses me very much.

00:47

I don't see anything wrong with that. I mean, I think that's what I mean. I dress my dog up every year for Halloween, take a trick or treating with me.

00:54

Oh, we won't talk about the outfits I have for mine. She's four pounds. She has an evening gown.

01:00

We don't want to my one of my good friends.

01:02

Why are you looking at me like that? I heard everything and I say evening gown and you look at me. I love evening

01:10

guests. You

01:10

know what I have a friend who has a little dashing dog. And she's a domme a and she dresses the dog up like a Dalmatian. The dogs got little leather. She had it made a little leather boots da and like stuff and she takes it out. And whenever whenever she has her little party, she dresses the dog up because everybody knows the dogs are real bossy in the house.

01:29

I mean, people draw dress dogs up.

01:31

...

I really like to dress my horse up as

01:33

a clown. Actually a clown. What do you do paint polka dots.

01:36

I have painted dots on it before but I give it a little nose. And which is actually more difficult than you would think. Yeah.

01:49

I know mine Horsham putting you on your nose. I think you're coming at it with a twitch and they're ready to kick you.

01:53

Now. I have to ask what kind of horse Do you have?

01:58

Yes, it's a Clydesdale.

02:00

That's a big horse.

02:02

Very big horse. That's why I like the power.

02:07

Well, Jim, we're gonna go we got a couple more things we got to do. But thanks for calling.

02:11

Thank you so much. I really fucking love your show.

02:15

Thank you. We don't like that word. But thank you.

02:19

Yes, what an evening we were taking money. What? What an evening I'm telling you.

02:26

What. Thank you for calling Jim. He's off College. still showing him up on the thing.

02:32

Here. It's been an evening it has been an evening it

02:35

has I just got some of my favorite one of my other fetishes chocolate. Yes, I heard that. He's sexually.

02:43

Oh, it's chemically stemming stimulating.

02:47

I have it during my period. Really happy to have chocolate.

02:51

You know, I've you're you're not the first woman. I've heard that. And I hate it.

02:55

I hate having to have it. Really?

02:57

I can I would Dr. Pepper. I wake

03:00

up in the morning anymore, but are telling me if I don't get it. I'm a bear.

03:04

Alright, I can understand that. I mean, to me, it's a caffeine I need the caffeine. Especially at this ungodly hour to threaten people now. No, yeah. Nice, sweet, innocent thing like you're threatening people. I just can't imagine.

03:22

This is something I was supposed to do earlier. Who's me? And it's a giveaway. I have a giveaway from wolf video. I have a DVD of a movie called The perfect Son. And it's two brothers torn apart by their secrets. Well, video has donated a bunch of DVDs to us and I miscounted last week, and I thought I had already given this one away, but I hadn't. So I will give this DVD away from LOAF video to the first person who calls us at 7135265738526 KPFT.

04:03

And if you have a fetish when you call us even better There you go. That could be a Maeby movie fetish. We've named that one earlier which one was that? That was picked Ophelia

04:15

feel Yeah. Hey,

04:19

I think that there, there are some things so pictures and images that are exciting to me. Like whenever I see an image of somebody in a submissive position, that's a turn on to me. Sure. Whenever I see that image of somebody looking up from a kneeling position and does your eyes it's just like immediately you know, it's a turnout in some of the some of the gay porn is some of my favorite

04:44

because there's a lot of visual Yeah, yeah. Some

04:48

of the watersport porn that's out there is just highly erotic to me. And it's just one of those things. You just just looking at it and you can see the power dynamic that's going on and it's just So it's just a major turn on.

05:01

Like I've seen the waters

05:07

animation Oh, in the adult area, not the stuff but the adult said Jack You know, I There's a website called Dirty comics that I just love.

05:17

I was at somebody's house one day and I was just dying to get off and I said you can't eat good, good God movies and they got all of God's animais and I'm like, I'm not into cartoons, right? I've never watched anime. Oh my gosh. Oh yeah. And it was s&m anime and I tell you I was

05:33

I saw more was anime because you don't have to deal with actors getting it right. Oh, oh yeah, it's just like, oh my gosh, this is great. But the whole day in bed watching the anime I'm always looking for free anime on the net. Free it's gotta be free. I don't want to pay that for 95

05:55

Yeah, fair. Yes, yes. Humor you know, you still haven't told us what your fetish is other than men's bodies and you don't have any fetishes. Have you ever encountered a weird fetish fetish? Oh,

06:07

yes, your

06:08

lovers have weird fetish. I

06:09

mean, this is guy hangs out the French Quarter. You know, he knows what fetishes are. Yes,

yes. I've

06:14

participated in many

06:17

unusual fetish,

06:19

you know, I've got my finger over the button.

06:26

I don't think this is the night that I'm going

06:30

GME? Yeah. Well, I just think that fetishes are something that are fun. And I think people need to explore them and do them and just have a great time. One of the things that there is one fetish that most people don't like to talk about, but I'm gonna bring it up because I don't have something to say. Yeah, Copperfield. When

06:57

we get to that it's called copper philia.

06:59

And it is a legitimate fetish. Oh, yes. But my my my question. My concern is with this so many people do it. They don't understand the risk of have. Yeah, that's right. And you know, Anna Lingus is great. Who doesn't like a good rim job I'm there you know, I'm there.

07:21

But there is risk risk

07:23

involved in so many people don't think about those. And I think it's important in a fetish, a fixation. There's a risk involved. Yes. You need to be careful with what you do. There's also fetishes that are pedophilia is another fetish. That's you have to look at does your fetish control you or do you control your natural Philia

07:45

is not a good one. Well,

07:47

you know with the with the pedophilia and I want to there's a big difference here between the pedophile actual pedophilia and and the acted out. Yeah, with the play where an adult female is going to dress as a little Catholic school girl.

08:08

Well, if you look at the daddy boy relationship sure you look at the age play the little school girls and why is that a form of it? I don't know it maybe? Is it healthy or not? I think there's there's it can be both. I think it all depends on the perspective. And what you're going going through and I think looking at you and who's in control of it is a big thing.

08:32

I know I enjoyed dressing I was little school girl and carrying a big ruler. Oh, yes, I do. No, but I'm more than willing to show you baby.

08:47

All this foreplay. That was the right night for me to drop in.

08:52

Yes. Oh my time do we have about five minutes?

08:58

Five minutes to light the eyes. You know? Yeah.

09:02

...

I have a lover who bought me 12 dozen pair of white socks. She adored looking at my teet in white socks. I wear them everywhere all around the

09:12

house. Here's one. Yeah, hi, Bruce. The philia Hybris Hybris philia says I must have had this with my ex husband with a convicted criminal.

09:26

Oh good. That's great. Oh, just think it'd be BS when they go home. That's right. To tell you

09:32

that the older I get the more I realize that I have all these fetishes you know and I acquire some you know something happens. And all the sudden Yeah, it becomes just an amazing thing. That

09:43

person who called us I forget his name that was about that. Be like the fat girls. That's called amorphous Morpho philia. A person with a fetish for a particular size or shape. Either obese short, dwarf. Yeah, little people whatever. Okay. That's can be a fetish. There was I was looking in I believe it was a DDI, which is a pro DOM magazine. And there was a new mistress who's come out who is a little person. And she's one of the few in the world. Pro Dom This major dwarf, whatever. I don't know what the politically correct term is.

10:18

Well, there are midgets endorse, and

10:20

apparently he was talking to some other pro Dom's who run in that circle. And they were telling me that this person is highly sought after because she's one of the few dominant who is, you know, and they show a picture of her sitting on top of the chute guy. I mean, she's She stands less than three feet tall. You know, and I mean, that's just to me, it's interesting to see somebody for sure

10:46

have long dark hair.

10:47

I don't remember I think it was pulled back in a certain way. But I found her on the net

10:55

videos.

10:57

Um, he just kind of one of the things. catheter, Ophelia, sexual arousal of a catheter.

11:02

Yeah, there's a lot of guys that are into that. I've seen a catheter use where anybody liked it. Really, really. Yeah. But then again, with the catheter or anything else that's inserted into the penis, that you have to be very, very careful about germs that you're doing does you can get a bladder infection very easily that way. There's also

11:28

mud locking. Which is covering yourself in murder clay going wallow in the mud, a pig.

11:36

A lot of people eaten eat clay. When

11:39

you look at the mud guys at the ranch that's true. But you know you sit there in the wonder is that they're making a business or livelihood out of their fetish. There was a whole list of websites on the on the internet of people who like to wallow in mud. Go figure, hey, we

11:59

had a whole discussion about wallowing in Putin. That'd be

12:04

you if you don't talk into the lie. Hear me? There you go. Right. Nobody out there can hear okay, what was it?

12:10

I said, we were talking about mud wrestling. And I said, Well, we just had a big discussion on him that about, you know, wrestling and Jello pudding? Yes.

12:19

That's blushing. Really? That's what they call it. Washing covering from food. Yes, yes. And you know, I have a friend who her favorite thing in the world to do is paint somebody with whipped cream and chocolate and lick it up. I mean, every chance she gets she got the chocolate sauce and she is ready to go and just travel. There's also tickling. Yes,

12:39

yeah.

12:42

That is huge. Yes, that's torture. And that wouldn't work. I just had something that you don't want to tickle me. I will hook you.

12:54

That'd be golden showers unexpectedly.

12:57

My brothers used to do that to torture me as a kid. They used to sit on me and tickle me until I peed my pants.

13:03

I'd expected golden chin now look at you saying you never know what's gonna happen. But I remember when I got interested in piercings. It was really funny because someone got under a scrotum piercing and put a dog tag in with property of wow. And looking at that and just slowly but surely, it just started becoming more and more appealing. Well,

13:27

I remember when I saw my first PA and I think it was a thunder in the mountains. And I was playing with a bunch of Leatherman every single one of the boys just about had a PA and the person that I was with also had a PA and I'd only seen theirs. And then I saw all these other

people who have zero gauge pas and the shoots but it was a major turnoff. The first time I went down on a woman who had her clip pierced. It was just different.

14:00

The first pa I ever saw was in the production room of KPFT studio.

14:04

I need to hang out here.

14:07

No, it was many years ago it was the guy who used to do one of the gay shows here and came back for a visit. And that was to show off his new jewelry. And that was the late 80s. And it was the first time I had ever even heard of it. And I was fascinated.

14:29

Well, like nipple rings are just I think are the neatest thing and they're becoming in vogue. Yeah becoming I mean, I see them in people all the time who aren't even kinky, and then you go up to what you want to pull on. Don't touch them and I'm like, why the heck did you get embarrassed? To me I see nipple rings and it says pull me

14:46

the first time I saw a facial piercing it was the lips and they were really delicate, beautiful, beautiful with these little tiny, very delicate hoops in them. And it was so beautiful. I

14:59

remember Seeing a woman who had her both lips pierced and laced up. Oh, wow, it's just beautiful. But Jimmy is telling me it's time to wrap up. And so I guess we'll see you.

15:13

And yeah, it was a lot of fun next

15:14

month I'm going to bring Stephanie and we're going to talk about some more fetishes and some more things. I don't know specifically what but we're gonna talk about the transsexual

SOME MORE THINGS. I DON'T KNOW SPECIFICALLY WHAT BUT WE'RE GOING TO TALK ABOUT THE LESBIAN  
aspect of the BDSM thank you so much for having me on mistress. Welcome.

15:28

Thank you for being on after hours. And thank you jewel for being here. We've had a great time and I can't believe all of the wonderful calls that we've had. It was it was it was incredibly fun.
