shouting and whistling and cheering Are you remember? I remember back now not from the United States on a waiver. Oh, and so were you standing up in support of their demonstration to success? named John. Okay. Thank you very much. Can you hear me? We can hear you loud and clear. After exiting the building fine

00:48

to demonstrate dancing around. We're losing Mary van clay now because she's going outside the Moscone Center, but Shawn Gilson is outside, and we're going to be going to him. Now this is where the demonstrators are going. And we assume they're going to the Lesbian Gay Freedom Day Parade, which is going to be happening in San Francisco, which is happening right now. We have Sean Gilson, on the phone with us outside the Moscone Center.

01:15

All right, I'm standing outside the Moscone Center, and people are now kind of flooding out of these basement doors and going back out to the streets. It doesn't seem as though they plan to stage any further demonstration, or they're walking straight out to the street, possibly to joy, again, was the Pride Parade, which is taking place that's about two blocks away. There are lots and lots of horses and riots out here again, and people who are beating are being greeted by that. There are six lines of riot police there. They have the usual sheriff's bus ready to take people away just in case. There are any problems. Now they're stopping. And I'm walking over toward them to let them know I didn't try to block the gate. Moving forward.

02:10

Sean, can you hear me? Yes. What's the situation with the the police? Are they moving in at all? Are they staying back

02:16

now this thing back. In fact, a whole group of them just move back to make more room. But now there is a crowd gathering right at the entry. I'm right there. I've got an idea of what this is about.

 02:33

I will say just as we're waiting to hear from Sean Nick, Dr. Sullivan, who's supposed to be meeting with the press.

 02:41

Okay, it looks like there was over a period of time. But they are now marching toward Market Street.

 02:55

And Market Street. We've been here Market Street is where the big marches happening. Half a million people with the Lesbian Gay Freedom Day parade.

 03:02

And I can just see around the corner here that that parade is moving along. It's been going since 1130. And the police told me here that it always goes on for at a minimum of three hours. So still a lot of activity in the streets around the convention center for the afternoon.

 03:21

And we now have Alan Nipkow. Alan Pinto has just come in now and snipped out was out on the floor. And he has some word I think from Dr. Sullivan Allen.

 03:31

Well, when Dr. Sullivan left the stage, I ran to the area where his car was supposed was was lined up, there was a phalanx of about 30 or 40 Police and they kept everyone from the area and all of the press were gathered to meet him as he came out to get his reaction to the demonstration and to talk with him about the issue itself. And the 50 police lined up and then marched out. And there was no Dr. Sullivan. And he was he was not there. And instead, out came his assistant, who was then quite put upon by the media that was assembled there to explain why Dr. Sullivan was running out without talking to the press.

 04:08

He just wanted to I'm sorry. My name is Kay James, and I'm the Assistant Secretary for Public

Affairs, the Department of Health and Human Services. And I think what you've seen today is an extraordinary commitment from someone who cares a great deal about this issue. I think he feels as strongly as the activists who are here today that he would not be silenced. He cares a tremendous, tremendously about this issue, as does this administration. I think the President and the Secretary by the the Secretary's presence here today has shown that he's committed. He's going to provide leadership and we are very pleased with what's happening out of the department. That they are. I don't know what the President's schedule is today. But the Secretary has in fact, the Secretary is in fact, the nation's leading health officer and was representing the administration here today. He the The Secretary did speak briefly on his way in and he's always accessible to the press. And if you'd like to talk to him at anytime you absolutely can. And we facilitate that. He has a flight to catch, and it is simply a matter of scheduling. I think and what I when I asked the Secretary, I said, I know you got to catch a plane, but what would you like for me to communicate to the press? And he said, tells him to read the speech. It was terrific. And he thinks that a lot of the issues that concern the activists, you know, were in fact addressed in the speech. And there were a few things that he felt personally, that he added to the speech that I don't know if you would hear his words. What about actually, I think that this administration has shown tremendous action. In responding to this. We have responded in a variety of ways everything from including speeding up the process of drugs, including funding, and it's just a variety of issues, that other people here don't recognize that. I mean, that's one fair question. I'm sure that's a fair question. The Secretary anticipated that there would be a lot of anxiety and a lot of anger and he understands that, but he also wanted the people here today to understand his commitment that in spite of all of that, because of how he feels deeply and personally about this issue, that he in fact, would not be silenced. Thank.

06:31

You for KPFA come on out. Join us. Bring your friends. What do you think about the turnouts? Well, it's never enough, never enough, never enough.

06:54

We must destroy the myth Swenson for shatter them. We must continue to speak out. And most importantly, most importantly, every gay person must come out.

07:15

You must tell your immediate family, you must tell your relatives, you must tell your friends if indeed they are your friends, you must tell your name is you let the people you work with you must tell the people in the story through shopping you.

07:42

Once they realize that we are indeed their children, and we are indeed everywhere, every myth, every lie, every innuendo will be destroyed once and run. Once you do, you will feel so much better.

 08:20

I'm here partly tonight to say some good things about Texas. I'm proud to be here. I know that I could not have heard are the challenge to me. And not something in my life in this state prepared me to hear the word of freedom. And Harvey's spoke to us.

 08:43

We must destroy the myths once and for all shatter them. We must continue to speak out. And most importantly, most importantly, every gay person must come out.

 08:58

I am here tonight. Because it is time that all of us love this state that gave us life and has nurtured us and taught us our values to stand up and claim the history of the state for freedom and justice and human respect, away from the forces of narrow mindedness and bigotry. That too often dominates the politics of the state of Texas.

 09:30

Five to six 4005 to six KPFT that's the number to call. We're gonna be taking your calls in just a second stay with us. This is after hours on KPFT 90.1 FM

 09:54

so what do you think girl?

 09:55

Who was that full woman at the end? And who was she trying to convince? Oh, I

 10:01

was convinced. You mean you didn't buy that. Now what I liked about that, scheduled the news conference in fortuitously enough, apparently he had misread his airline ticket and needed to be whisked off. It was a scheduling problem.

 10:19

Hmm, that was pretty scary stuff,

10:21

wouldn't it? Did she really expect people to believe that crap she was putting?

10:26

Yeah, that's her job.

10:29

What was even better than that was when Solomon was up there and said that the government is committed to this and the government and it needs to be committed.

10:37

No, that's right.

10:39

Oh, is it John Kennedy said this nation should commit itself.

10:47

I've always liked that speech. Yes, yes.

10:50

Five to six 4005 to six KPFT. Sean has joined us. He's our news director here at Pacifica, and Houston. And you attended the AIDS conference in San Francisco right last

11:03

week working on our broadcasts there for Audible radio. It was very exciting. What was it nowhere

11:10

exciting. What about being in a room that's full of a screaming mom ready to rip this guy in half?

11:16

Very tense, very tense.

11:18

How did the police react this this entire time

11:21

it varied now this final speech. And this was the speech that close the age conference in more ways than one. And it was very obvious all the way through that. Sullivan had decided that he was going to speak no matter what. So that there would be a speech for the New York Times to print the following day, I imagine. And that the police were just going to stay back. I mean, there was nothing they could do. This is a room with maybe 10,000 people in it. Two thirds of which are standing heckling, Secretary of Health and Human Services Solomon, what are they going to do? You know,

11:56

there's a lesson to be learned there. Yeah. But if you stand up and speak out, they can't shut you up. What did I stand up by the 1000s? And 10s of power? Our

12:05

power is our members. Yes.

12:09

I mean, boys and girls, you have to understand you are not alone there between 30 and 40 million million of us queers in this country. 30 to 40 million. So where are you and why are you hiding? What are you afraid of? There's no reason to be afraid

12:34

five to six 4000 call us and say you're not afraid five to six KPFT that's the number to call. We're wondering,

12:42

is this getting anywhere? Are we just like jerking ourselves off every week is just masturbation. That's all it is. Let's walk Whitman said and you don't even need 100,000 wants to do it what what Whitman said that masturbation was great, because number one, you made a better class

of people. I don't know who was it that said you don't have to get dressed up and go out. Right. But the point we're trying to make is that if we all came out today, they would deal with this and when they're not dealing with this, because we're crowd were coward in a corner, whimpering and scared and afraid that somebody's gonna find out. And to hell with them. If they don't like us. Well, that's tough. But

 13:31

listen to those people. Those people were not cowering and afraid. They stood up to the insult of the president of this country, sending Louis Sullivan as a surrogate so that he could have cocktails at a Jesse Helms fundraiser. Jesse Helms

 13:47

fundraiser, places to be five to six 4005 to six KPFT you're on after hours.

 13:57

Hello. Great. Thank you. I've been

 14:08

I'm sorry, maybe we can hardly hear you because of the phone connection. That's okay.

 14:12

It's not your fault. No,

 14:14

it's not your fault. Don't say I'm sorry. I just wanted to speak up a little bit. What's on your mind? What do you think? What is the future of the movement? As long as we continue to hide there is no movement. It's kind of like constipation. There's nothing happening. Sorry. And it's

 14:33

a very painful death.

 14:34

It certainly is. Well, thanks for what part of the city you call in from from Sharpstown. Low  
sharn Well thanks for listening to radicalize you

Sharp. Well, thanks for listening to radicalize you.

14:48

Five to six 4005 to six

14:51

KPFT Steve, you're on after hours?

14:53

Hey, it's me again. Yeah. You know how you had said before, you know, I was thinking about you said Before you know you're you're involved and you're activist now. Well, hey, I have to give five people credit for that. I do I have to, you know, five of my, you know what I call my very close family members, my very, very close friends. Their names, and I say their names. Sure. Okay, their names are Tammy, Amy, Linda, Jason, Abby, and well myself. But anyway,

15:24

so if they're listening,

15:27

I don't know what they are not. But hey, I have to give him credit. Because, you know, you'd ask me for he Hey, are you involved in I mean, they're the ones that I mean, they care a lot about me and I care a hell of a lot about them. And I mean, you know, they accept me for what I am, they accept everybody for what I am. And I think everybody should be like that. I mean, you know, the same old thing. Well, the futures now you know, that same type thing, but they boring.

15:50

Like you found the family.

15:53

Well, anyway, back fight back,

15:56

Steve. Yeah. Why are you so excited at three in the morning?

15:59

I don't know. You know, three in the morning when you KPFT is on? How can you not be excited? You know, how can you not be excited? I mean, don't laugh Come on. Seriously. You know, I mean, this is great. You know, I mean, it's a PFD is not going to have to exist anymore. There's going to be a you know, it's gonna be like, you know, 94 Gay radio during the Nino year. 1995.

16:21

I wish it was Can't you hear it? kGA Why 69 FM.

16:27

Philip t nine F bam. Hey, I'll be the host of it. Oh. Well, y'all just say thanks a hell of a lot to everybody. You know, like my friend like that, you know them that I just that I just named? I mean, you know, say thanks to everybody, because it's not, you know, it's just not just us. I mean, people, you know, other people are given support to this.

16:50

Well, if they don't want their name on the radio, I'll edit that out later.

16:54

They want their name on the

16:57

line, you know, everybody wants their name on the radio.

17:00

Anyway, we love you guys. Thanks for calling. All right, have a great evening.

17:05

Five to six 4005 to six KPFT that's the number to call after hours radios celebrating life. From the auto Montrose. We're here

 17:14  
and work where?

 17:17  
Girl? I'm feeling better than I was. Good. Well, I mean, it's those phone calls it make it

 17:22  
all worth nothing like a Louis Sullivan speech to live.

 17:27  
Isn't that great?

 17:28  
You know, and just standing up coming out of the closet. It's just a matter of being honest.  
Yeah, that's true. With who and what you are.

 17:37  
I don't know what we're also afraid of. Roger said it the other day. When we were coming back from his sister's wedding. He said, I'm so angry because as gay people, we can't do that. We can't stand up in front of society and say that life is wonderful. And we're gonna be together forever and ever. And I said, Why didn't you say something? I just bit my tongue and didn't say anything. And it's the same thing. I did the very same thing when my dad died and my mother had mentioned about that earring. I just didn't want to offend them. Well, to hell with them. I'm not going to take the earring out for her. And certainly not going to take it out at HPD after wearing it for six months or whatever. They said when you get your earring you can't wear that. Well, girl I got news for you. We'll go to federal court and I'll get a court order that says I can't wear it because it's discrimination. Don't have nothing to do with being gay. No, if women can wear earrings men can wear earrings is sexual discrimination don't have nothing to do about who you're sleeping with. A lot

 18:31  
of straight men who wear are

 18:33  
earrings. I did have this they played this tape as Sullivan was leaving this stage. Did you did

you hand me that? Jimmy? Did you hear that? This is what they played as Dr. Solomon left the stage in San Francisco at the end of the AIDS conference.

18:53

Out Of course he was vice president Dan Quayle

19:17

What do you do

19:19

when your best friend has AIDS? First you cry. And then you make some decisions? Decisions. He decide whether you can go through this with someone or not. Can you go good question. On bad days, I sit in front of the mirror asking myself the same thing. It's hard. This person I love is falling to pieces. But you're hanging in there. I'll be there. No matter what it takes. Or you're tired. Aren't you? Exhausted? People really have no idea about AIDS. Tell them Every day I do

20:03

Isn't that incredible stuff. It's incredible. You know,

34:24

if you listen to actually what's going on with the Reagan era and the bush here they do the same thing with the disinformation they're using words that act up people have been saying all along and throwing it out like you're doing.

34:40

Yeah, but did you notice a startling lack of actual statistics there? Yeah, exactly. More money, how much

34:48

the way they manipulate the media with their disinformation. It burns me up and the lack of the Know the network business doing something about it, you know, actually challenging them on some of this stuff that, you know, it's incredible. They've just let this stuff go by and and, and, you know, don't cover the facts. And so,

35:13

once again, Matt, you caught our point

35:15

10 years, Matt 10 years and it's only the beginning. Yeah.

35:21

Yeah. And we don't help it any you know, I walked around for a while with the Gay Pride 90 bed and here in the shop and nobody knew what it said because it hadn't tiny little letters.

 35:36

Suitable for your closet. Yeah.

 35:38

I'm wearing my name's project but now we haven't.

 35:42

We have Shawn. But Matt and Ben are talking about having a union perform this fall, and we're going to do it hopefully live on the show.

 35:53

More power to you.

 35:54

That'd be wonderful work

 35:55

and we're really

 35:56

looking at a reference to that on the air. Have you when's the big day? Have you

 36:00

talked to the priest or have you talked to someone? Right now can get us in your minds. I thought you were making donuts girl. Making the band's

 36:11

Wait, wait a minute, Matt. No, no, no, no, no, no. The time for busting the bombs is after the

ceremony.

36:19

We saw Ben in the parade. He was sweating baby playing that horn.

36:24

Oh, he doesn't handle the heat very well. Those

36:26

those people in the band were just really ringing. Yeah, it was something else.

36:31

Yeah. Yeah. Hey, did you get my pictures from our wrestling abroad

36:36

this morning? No,

36:38

no, somebody else wants to grab it. It was an envelope. Well,

36:41

damn it. I'll call the radio lobby police. What happened?

36:45

Anyway, I really enjoyed it was my first break. And I wanted to thank you for letting me be on it. And it was fun,

36:53

wasn't it? Yeah, I

36:54

got a real charge out

36:54

of it. The thanks. Thank you.

36:56

For for being there. We're glad you were there.

36:59

Yeah. You've come a long way, baby. But we're

37:04

gonna have to put you in bed on a special assignment. Because we're still looking for one short, hairy man.

37:13

I need to go real quick. But I just want to mention a notice y'all didn't mentioned that about the GOP is platform in Clayton Williams platform on the points that one,

37:24

what did they look like?

37:26

They're they they're a little nervous. But they the GOP, the far right wing said they weren't going far enough on lesbians and gays and all they're trying to repeal sodomy and everything. People came out and believe it's Bill Graham.

37:49

still possible? What did oh, Clady said? Well, they said that this started back to enjoy it.

37:55

37:55

They would veto or vote against any, you know, any repeal of the sodomy laws

38:01

and go to Mexico to engage in sodomy.

38:04

Right. And again, anything that might be construed as being favorable to gay community, anti discrimination or anything like

38:17

that, you know, he really didn't even have to say that we knew where he stood. Yeah. But

38:23

I mean, it's part of the platform now. And some of the conservatives that challenged him on that at the beginning alluded to the fact that and Richard was a lesbian.

38:33

Oh, please. That's an old tactic tactic that goes back to the 50s and the 60s.

38:41

Yeah. Listen, baby. Thanks for calling. We know you're busy. Okay. Bye bye, listeners bonds. He's I thought he was making donuts. So you're just gonna like, come in and do your thing and leave?

38:52

Are you talking to me? No.

38:53

You're not leaving.

38:54

That's right. After hours. Yeah. Yeah. Hi, good morning, everyone. Good morning. Who is this? George calling? George.

 39:04

How are y'all fine. Where you calling from?

 39:08

Where? Well, now I'm calling from Southwest. Where were you?

 39:12

I was at St. Louis.

 39:14

St. Luke's er.

 39:16

What happened? Oh,

 39:18

I have not worked down there. Oh, okay. Oh,

 39:20

I thought maybe you were driving down the highway and turn this show on and just ran off into a ditch.

 39:29

Oh, my God. What's on your mind, baby?

 39:32

Oh, my goodness. Well, I just wanted to make a little statement that it was we listened to after hours over there. Where are you kidding? I put it on and if any of them Queens over there stared at Radio the heck out of

stated at radio the heck out of

39:48

there in a hospital so we won't worry about it.

39:51

Thank you. One woman came in. I won't mention her name Gladys Ellison Yeah. Good. Come in. And I mean complaining about her husband and everything else. And he was he was over there telling me you know, what the hell do you know about a man? Yeah, keeping you know to play about keeping her man happy and all this stuff turned her and I told her that I was more of a man that she'd ever more of a woman than she'd ever be more of a man that you could ever dream of and try to turn the radio off my shoulder. Just keep listening.

40:35

What hospital this ain't married the divine

40:37

Luke's er helpful hints from Pacifica radio.

40:41

Four, and he's going to hear this. So it's like, if that phone over there at your switchboard lights up. Still, it's called

40:50

Phyllis Schlafly Yeah, really? Really? Listen, baby. Thanks for calling. Take care. Thanks for calling. Five to six 4005 to six KPFT. We've got about 13 minutes to butcher the rest of this hour. And

41:03

you're kidding is that,

41:05

John, I'm tired. I've got to barely make it. Gotta go to a union meeting. I can't believe this at 11 o'clock in the morning. Called

41:17

respecting union schedules a meeting at 11 o'clock on Sunday morning, girl.

41:21

I just asked them when they wanted the damn thing. And that's when they said 11

41:25

as president don't you get some sort of? Well, girl on.

41:30

I can't have it at 11 I mean brunches at noon. They know these things. I

41:35

don't know. But maybe that's the cut off keeps them short

41:47

Well, I've had a great time here. Falling asleep. Now we're doing

41:51

good here a few minutes ago. Now we're just like going right.

41:55

Kathleen will take over five to

41:57

six 4005 to six KPFT. That's the number to call after hours radios celebrating life. From the heart of much rose. Hello. Hello. Yeah. Hi. Yeah, I was. I was talking to someone else. And he put me on hold. Oh, what does he want? What did you want? We're talking about the parade and yeah, and how great. It was fabulous.

42:25

Oh, thing go. And this was a real good one, too. For your first time to follow on.

42:31

I mean, it was great turnout. Did you see us in the parade?

42:34

I think so. You know,

42:36

just on the other guy. I think it was my friend because you know we're talking about you know, passing you're going to be passing out the

42:48

beach. That tacky jewelry. Yeah,

42:50

yeah. And then one

42:51

of you know, girls gonna be passed and we were looking for y'all be throw.

42:58

We throw it on a we had them hot pink shorts on throwing them beads. It was fun. So I

43:04

have blisters on my feet.

43:07

Sure, we know why you got blisters on your feet said

43:10

my feet thrown up my knee. So the braid was great, though. What was your was part of the city you call in from?

43:22

Like, while you're out there somewhere? Whoa, you're gonna march at this next year. Right? Yeah. And help us grow?

43:29

Of course you can. That's right.

43:32

We'll start putting together a contingent right now.

43:35

That's right.

43:36

So what's your first name? Got squat? Scott Scott. So Scott will put you on the top of our list for next year. All right, maybe it's extra column. 264 1056 KPFT. We only got about 11 minutes. So

43:51

what could we do in 11 minutes? Well

43:55

staggers the mind.

43:57

Bruce read. We're here. We could do a lot. Oh, what do you mean? I said, Bruce read. We're here. We could do a lot.

44:09

It's just this boy. I

44:10

went to high school. Yeah.

44:11

Any only deserves 11 minutes?

44:16

Well, no. It's a warm up. He's the only thing that came to mind.

44:20

I think this week, baby.

44:23

I think the reason he came to mind is because he did my we work together and the very first radio program ever did. We were in high school. I interviewed it was real funny. I went to I write I wrote for the school paper and I went out interviewed the local town DJ and enjoyed that so much that I wanted to do radio. Yeah. And they wouldn't hire a kid. And so I went down to the gospel station and got my own radio show and we did a program called the school our

44:52

radical back then. It was great.

44:55

Anyway, five to six 4005 to six KPFT Jeff, how are you? I'm doing great. How are you?

45:01

Not bad. Not bad. Oh, listen, I just want to tell you what a great radio station you guys.

45:08

Thank you. Thanks. I'm from Houston

45:11

originally, but I had to go up to Dallas to finish school. And then I had to transfer to Atlanta, Orlando, New Orleans, honey around the world. I'm so happy to be back in Belize.

45:28

So you're back here now to stay dry? Well, good. How long have you been listening to us?

45:35

About Jr. to Pacifica for 10 years? Well, no, no about five years Pacifica?

45:41

How long have you been listening to this program?

45:44

That two years.

45:45

Oh, really? So you're not a virgin listener? You're not a virgin listener?

45:50

No. I think you get the watch for the

45:53

Virgin everything else. Are you really getting you can't lie to us? What part of the city you calling from? So many people in Houston take advantage of the musical opportunities they have here. Even with a regular radio station. Yeah. And they just don't realize what race you have.

46:18

This is fine. This is real radio, baby.

46:21

So I traveled around. It was like Atlanta, Atlanta, and I couldn't take it because of the radio station.

46:31

This is real radio. It didn't get any better than

46:33

this. So bad.

46:36

does get better if Jesse Helms would get off my rear end I can play the Romanovsky and Phillips stuff without all the nasty but we're working on we're working on it. Thanks for calling.

46:49

In refreshing to hear or read it and be themselves. Depressing really is.

46:58

Well, thank you, darling. Thank

46:59

you. All right,

47:01

y'all just keep up the good work. Okay. And Houston. If you're listening out there tonight, which I know you are. They tend to lose people. They know what they're doing. And they're doing a great

 47:12  
thanks. Maybe. Okay, after hours. KPFT Houston. Hello.

 47:30  
What's the big deal? The one with

 47:33  
lyric? What do people care? Yeah, why do they care? It's one of the questions we asked around here because they don't want you to listen to a child but they're gonna do the the original dirty porno show in San Antonio

48:09

What I love about the whole two crew thing is

48:11

but I'm going to stand here and defend them and what they can and can say because the minute we start telling people they can't say things then we're not as well just throw away the Constitution The

48:26

whole story is the attempts at Banning that record has done more to sell it than the to live your emotional team ever could have imagined Yeah.
