We may be diverse, but we have one thing in common. We are all out of the closet and urge everyone to come out of their closet. That means standing up for yourself taking responsibility for your own life and being proud of who you are. Realistically, we know not everyone can do that because of age job or frame of mind. That's okay, we're here for you too. So sit back, relax and enjoy this week's edition of after hours. Hello, you Stan and College Station and the world and welcome to the Eau de March 27 edition of after hours. I'll be your co producer for the evening Chris Arison, AR a si n will be here later on. If you've tuned in right at midnight, and you've listened to all that music and you thought what in the hell is this show? What is going on here? Well, I've got some new music and some different music. Forever servers. Yes. When was brand new, it's just got it in this week from Andrew spice. It's from his new CD called Oh, that's the problem. demons and the cut was called unafeard. And that was the cut that he's featuring on this new CD. He sent me a nice little letter about that he told me you know, that's the one we're, we're preferred but you know, he's more than happy that we play anything and so probably in future weeks I'll play anything and

B

Bobby 03:31

at the fer Gob to a tee artists well you'll hear it here. That's right. You give it to us we'll play it and decent Yeah, no

J

Jimmy Carper 03:41

kidding no kidding not X rated we'll play it if you liked it go to his website at wq dot Andrew spice.com and check that out. Now the second one was from another CD we received this week

from a woman by the name of M C Reynolds and from her new CD called Oh 30303 Hey it's got a heart tattoo art with a knife through it says puppy cam that cut was called a fool such as I it's actually an old lady that she redid a covered for this and she said that I sold like

B Bobby 04:25

the Elvis tent now and then there's are that now and then there's a full such as Yeah, that's the

J Jimmy Carper 04:32

one the one please just get my thanks for consideration you're able to give me on the CD regional folk country artists from Oklahoma City but my ass last album got a lot of play on KPFT Well, I'm looking at her picture and she looks like a big old like to me. So I'm just kind of assuming she saw after hours and you know in Saturday's show. A okay so So we played that. And I wanted to play a third one right after that because it kind of fit in the camp shakers. Campaign shakers. Yeah, well close that. But something in the CD and so I did the opening and then did the campaign shakers. Kemptown shakers. What there's not really nothing out there in the way of gay bluegrass. Probably not, or even civil war music which this this CD camp term shakers is. It's all music that was popular during the Civil War. But this is a group of guys and one happens to be gay or bisexual. And they did this really, really great music. It's it's very, I mean, the US original kind of instrumentation and instruments,

B Bobby 05:53

very authentic sounding very authentic. There's

J Jimmy Carper 05:55

several instrumentals on here that I like to Canada down shakers. It's called tooth and nail. And the cut I played was Jordan is a hard road to travel.

B Bobby 06:07

There's sort of like a certain beat and a certain kind of instruments that are just you hear that and you hear this like the tempo of a song and you got that's bluegrass. That's it. Yeah. You know.

J Jimmy Carper 06:20

that is that is Oh.

B Bobby 06:21

and by the way, hello to if my friends who said they were going to be listening in are listening. Hi, It's Bobby. It's Merlin. And they would call me that that particular group would be more apt to call me Merlin. Oh, okay.

J

Jimmy Carper 14:41

Now something even more important that's happening tomorrow, Sunday, Sunday, Sunday, Sunday, Sunday, Sunday, and that will be at three o'clock in the afternoon. That's the fourth Sunday of the month. And the Gulf Coast archive and museum for gay lesbian, bi Sexual and gender history Inc. Does a history show every fourth Sunday? This Sunday at three o'clock we will have Don Gill. Yeah. Excellent. You're wonderful Mr. Everything

B

Bobby 15:17

done it all been there, put it together and called it a show. He's going

J

Jimmy Carper 15:21

to be talking about fundraising, mostly his nights in black leather, but I'm sure he's gonna throw in some,

B

Bobby 15:28

some few 100,000 other events. He's been lady victoria last

J

Jimmy Carper 15:32

holiday charities and all the other things he's been involved in over the years. Because every fourth Sunday, we bring someone or a group in and learn about their history and tape it. We've got it in the history.

B

Bobby 15:50

And there is I have to tell you, you know, I'm always ranting about people in our community. Knowing their history, yes. And I mean, if I, the hundreds of times I have had to explain Stonewall to people who are who should be yes, who should be old enough to know better, you

know? Yeah, like the, you know, I'm just, it drives me nuts because it's like, you should know how you've gotten this far. You know, and

J

Jimmy Carper 16:29

yeah, okay. This this, the museum is located at 1609. West Main number four. That's two doors down from Cafe artiste, which is located on Mandel and West Main, a fabulous little, yeah, just two blocks off of Richmond. Yes, yes. It's there used to be occasion to get to. It's a lovely little location that we hope we can keep going. Like you said, Money is always a problem. And the Gulf Coast archive and museum is headed for big money problems very soon. If we don't get some money, we may have to close down the museum. That would suck Well, we will always have the archive. People who have given us stuff it will always we have the archive will have we have the archive and there'll be a working archive. But we may not to have a space to show it in. Okay. Let's get better. It's time for Hatch. Can you guys out there hello, hatch. Let us know who you are.

B

Brian Bradley 17:36

I'm Bryan. Bryan with sandals or right now Brian with sneakers, sort of. And I am one of the CO present to the steering committee.

♂

17:49

He's also known as Brian have the bare feet occasionally. Occasionally.

B

Bobby 17:54

Why? Aliases?

J

Jimmy Carper 17:56

He's just a big old country boy.

♂

18:01

Well, I'm Jeffrey, I'm, I'm the other co president of the steering committee.

J

Jimmy Carper 18:04

Hello, Jeffrey. Hello, Andy.

18:07

I'm Brendan, I'm one of the facilitators for Hatch. You

J Jimmy Carper 18:09

certainly are. And I, you know, I probably don't say this enough, Brendon. But I really appreciate you coming down here month after month. Absolutely. And keeping these folks in line. You have anybody else? Who's gonna do any talk. I see.

18:30

That's my girl, Elissa. She'll come around she waves.

J Jimmy Carper 18:33

You'll shame her into it. Absolutely. Gotcha. Gotcha. What are we talking about tonight? We're

B Brian Bradley 18:39

talking about Baylor and oh boy and their

J Jimmy Carper 18:43

behavior we're always screwing around with.

B Brian Bradley 18:47

So that's a topic for tonight. Okay.

18:49

And, you know, in addition to that, Notre Dame just recently refused to recognize a gay straight alliance. Diversity.

J Jimmy Carper 18:58

No surprise. No surprise there. Yeah,

B Bobby 19:06

*you know those like? Religious? Oh yeah, forgot about*

you know, those over religious or, yeah, forget about.

19:13

I said we go ahead and rip it out. So what's going on Baylor, what's going on with Baylor Brian? Well,

**Brian Bradley 19:18**

Baylor University up in Waco went ahead and yank this guy scholarship because, well, he they they called him into, he came out some friends. And they went ahead and told the pastor and the pastor went ahead and told the university and the students, a seminary student, this student is seminary student. That's correct. And he went ahead and and the Administration called him in and said, Well, are you gay? And he said, That's none of your business. Because it really isn't. And so, and then they asked him, Well, do you support gay marriage? And he said, Yes. And so they were in the head and yank the scholarship, which paid for 85% of schooling? Yeah,

**Bobby 20:04**

that way to mess up a guy's life. Yeah. So

**Brian Bradley 20:08**

now he's having to pay his own way for like, just basic necessities, because he doesn't have a college education. And I think he was getting a master's divinity. So he has a, he has a bachelor's, but he's having to pay. But he's having to like, feed and clothe himself and everything like that, that, you know, where is Baylor took care of large portion of that.

20:27

So either way, that's not cute. Right.

20:30

And this is on the heels, of course of the editorial that the school paper did recently. Hilarious.

**Bobby 20:36**

Okay, a Catholic mother's dilemma. My son's gay, but he's becoming a priest.

20:46

20:40

And and so tell us a little bit about the news article D.

B

Brian Bradley 20:49

Well, I, the voice was now yesterday when I looked, so I picked up the the start went online. But let's see they have? Well, the news article says, Baylor University recent scholarship after student comes out privately, all right, and, you know, so that's pretty much it. You know, what

21:07

I'm interested in is the school editorial board from the school paper decided to write an editorial in support of gay marriage, right. And the Christian University came down very hard on them and said, that wasn't, it wasn't in line with the school thought and this other stuff. I'm wondering if they called any of those people in and question their beliefs on the issue and threatened to pull scholarships, if they've had any I don't know that they did or not? I'm assuming since they're on the editorial staff, they may get some type of stipend. So, you know, I'm wondering if because they support a gay marriage, if if the school threatened their ability to go to school there, as they did with this, this seminary student who was gay.

B

Brian Bradley 21:51

I think it's obnoxious that the Baylor goes ahead. I mean, the university is just Presby, bastions of free thought, not, you know, best insert dogma, you know, and granted, Baylor is a Baptist University. But that doesn't mean they need to say, well, you know, things about homosexuality are forbidden, and we must not have them here. And so, you know, and that's just silly. Well, you know, it

22:15

was just recently in the Baylor Student Handbook, it listed homosexuality as along the lines of rape and incest and all those other things. And gay student activists there at Baylor, are actually responsible for having that removed from the Student Handbook. Right. And that was just a few years ago. So that that's good that they were able to do that, and they were able to get together. So this might actually be an issue there. That really galvanizes the student student population, I would hope anyway.

B

Brian Bradley 22:49

Well, up until eight years ago, Baylor did not dancing on campus. So that's how, you know they are.

23:00

And I, you know, who knows. I mean, which is worse in the eyes of the of a Baylor

And I, you know, who knows, I mean, which is worse in the eyes of the or a, or a Baylor administrator, who knows what those people think. And you know, Baylor's had some problems recently with the athletics department. It's a big problem there. And I know they have some problem with hazing, some students ended up in the hospital. Yeah. And as far as I'm No, I don't think the Baylor University has come out strongly against that, or showing it in support of their students not being hospitalized because of beatings and stuff of that nature. But a apparently he's very concerned about scholarship students supporting gay marriage. Yeah,

 Brian Bradley 23:43

I think I mean, I think hazing is a much more important problem than, you know, what someone believes. I mean, as long as they're not imposing their beliefs on others, or, you know, you know, attacking people or harassing people because of them, then it's really not an issue. Right?

 23:59

And, you know, not all religious type of universities, or foundations and religious beliefs or whatever, have such a strong hate are such a strong message of hate against homosexuality, which, you know, I guess, I mean, there's Southern Baptist. So I guess that explains that I don't know.

 Brian Bradley 24:23

But not all Baptists are bad. There are American Baptist districts are very liberal and open minded and this but Southern Baptist seem to be stuck back in the days where women were their wives property with sorry, with their husbands property, and I'm sorry, because we can't bring it to the Baptist Convention. But we all know how silly that is. Yeah.

 24:47

Yeah, that's kind of crazy. And then in the same article that you sent voice, they discussed that GSAs are popping up all over the place now. Yeah.

 Brian Bradley 24:57

2001 was just read this requesting. That's

 25:00

pretty awesome.

 Brian Bradley 25:02

So that's cool.

25:06

And of course, you know, we had a GSA come and visit hatch Friday night. We did. Yeah, we

25:13

did. That was so cool.

B Brian Bradley 25:14

We had about 13 new people and from Sam Houston High School. Yeah. So that was kind of that was

25:21

exciting. That was freaking awesome.

B Brian Bradley 25:23

Well, Nick, if was a GSA it was it was more of a program to print dropouts. I think it's called

25:28

CIS community schools. Yeah. Okay. However, it was in alliance with specifically the gay kids. So it was a gay group.

25:38

So that's, that's pretty that's yeah, it was awesome.

25:40

It was awesome. I want to take a moment to talk about that. Go ahead. I'm so happy about that. Okay. So Brian and I are sitting at the welcoming table, because once you walk in hatch, Brian and I are sitting there, you know, we're there with the welcoming papers, the condoms. And with other things, you know, just basically a welcoming, we're there for warmth, for love for Welcome to hatch. You know, we're freaking gay, you know. So. So Brian and I are sitting in there and just big swarm of, of Hispanic gay youth walk in, I'm like, Oh, my God, my heart is beating fast. I'm like, okay, you know, me, I'm in love with like Latinos and Chicanos in general.

So I'm like, I'm like boys and everything. So it was it was really nice. We got to know. We got to know, a whole week, I'm basically they were there representing their school representing communities and schools representing the gay kids in general.

26:33

And not all of them may have been engaged. It's true. Those supporting, supporting, like most, usually GSAs, gay, straight or gay, straight.

26:44

But even though I mean, it wasn't a GSA, they were all they were all in the GLBT community. So but it was, it was really nice. We just we got to talk to them. And we got to get to know who they were. And it was really, really nice. We got we got so many perspectives from the high school from the ghetto High School, we got so many perspectives from, you know, different parents and, and, you know, I really could relate to them in many ways, because I went to I went to a bad High School. I mean, I'm not saying they have a bad high school, but my high school was terrible. It was Uber ghetto. I was one of I don't know, three white kids. And the other two were my brothers. So I mean, it was it was really cool. To to get to sit around and talk to them and hang out and, and we're having a sleepover on Saturday. Oops, because I got to know them so much. It was so cool. I'm like in love with them now. That's nice. Make sure my fingers. It was really nice, which is freaking awesome. It

27:37

really is. And it gave the youth the opportunity to talk about some of the things that were going going through on their campus. Absolutely. You know, because I know that there's because of actually because of hatch use the use an Independent School District wrote in their policies that homosexuality or kids that are being harassed because they're gay, or they usually are perceived to be perceived gay, which glad you clarified that is now written into the procedures to for conduct, right, that they can't be harassed, right, that's

Brian Bradley 28:13

not permitted. Right?

28:14

It's in the same listing, you can't you can't scream, you know, racial slurs, ethnic slurs, you can't scream, any you can't make fun of anybody because of their religion, their race, their color, their creed. And we now added sexual orientation. And,

28:27

you know, that's, that's a, you know, that that's an important important step, I think. But, you know, in certain high schools in certain areas, the kids are still getting really harassed. And it's really impacting their ability to function and get the education they need, right. I mean, so that's one of the most important things I think, hatch does. Schools

B

Brian Bradley 28:52

are supposed to be safe places for people to learn, and, you know, and grow and, and, you know, with colleges and universities to a place where you can, you know, try out ideas and think about things and, but, but even with, you know, public schools into this, please be safe and free of harassment so that people can concentrate on getting an education instead of concentrate on surviving from day to day.

Q

29:14

I know you were really active in your high school. I was you were in high school. Do you think that those type of policies help change the way the administration in the culture of the students there wasn't an isn't an immediate change? Or, or is it something that happens over a period of time?

B

Brian Bradley 29:35

Well, my school, I went to private high school. That's right. And my high school didn't have those kinds of policies. They said you couldn't. When we went there for the orientation, they told all the new students that it was primitive to say anything racially motivated or against anyone's religion, but it wasn't, but they never said anything about sexual orientation. And I found that the head of Upper School who was who's like the vice principal for rounding it for Eagle High School is, is was very receptive to putting a stop to the harassment, that's great, but the Head of School herself was not he denied my request for gay straight alliance. And he told me when we were doing the date of silence, which is a project where people are silent for day students are silent for day in order to show the silence of gay lesbian, bisexual, transgender people and their allies questioning, questioning also. And he said that we that if a teacher spoke to us, we hadn't speak back, which sort of defeats the purpose of me.

Q

30:38

So, did many of your teachers respect the fact that you Yes, that's nice. I think that's important. What did you what was? You just are you still in high school or?

Q

30:49

No, no, no, I graduated. Okay. It's

Q

30:51

hard to keep up.

30:53

My feelings. No, I graduated in May. Okay. Last June, actually,

30:57

what did you see any difference? I know that the that policy took place, but two years ago that they wrote that into there.

Brian Bradley 31:04

I just don't know. So Heartseeker word for it.

31:06

I think it was about two years ago. It was

31:07

written and it was written in at the beginning, like August I think it got approved and August in school started like August 19. Through the 20th. Somewhere around there. It always starts but um, but yeah, last last school year was the first year to start dead.

31:20

Did you see any difference with that or the way that maybe the type of harassment happens on the halls or the way the ministration handled it? Well,

31:32

I guess what, as any room it was meant to be broken. Yeah, sure. Yeah. No. So I mean, I still got harassed in the hallways at you know, when I was at Bel Air. I went in my scene. My last senior year, I, I went to two different schools. I went to Bel Air for the first semester, and I went to American Academy of excellence the second semester. At Bellaire, it was fine. I mean, it was it was okay. I, I experienced a lot, a lot of hate, but I experienced a lot of a lot of love and telling the haters can go to hell, I experienced a lot of that, too. I mean, I made a lot, a lot of friends and stuff like that. But I mean, I still got harassed, people still threatened me. And I still laughed in their face and told them to go to hell, as I always do. You know,

32:16

I think one of the important reasons why you have those policies is that there's now recourse, right, the students can now or parents are lawyers, if the situation warrants, warrants, yes, it can, it can now say I'm being harassed in the administration isn't doing anything about it, right. And lawsuits can actually come from that. So it's important to have those in place. And hopefully, in the years as they go by that policy will translate into, you know, that's the, that's the norm, right. Ironmans right respects.

32:50

And, you know, my second semester at American Academy of excellence, when I finally graduated, they really, they really took hold of that law. Well, I was on the school board, so I kind of told everyone to go to hell myself. But you know, I mean, because it was like this. It was it was if you screamed a cuss word down the hallway, you got to \$250 ticket. That's the law that's each is de la, that's Texas law. Basically, it happened at American Academy of excellence, you can't do it, or you'll get a ticket, you scream a racial slur, you're going to get a ticket. If you scream, faggot down the hallway, you're going to get a ticket. And every time I heard that word, they got a \$250 ticket for good for you. And I can't I can't count how many times I went and walked to the cop to that student and said, write them the ticket. He is disturbing my peace, good for you. And the the ticket doesn't say I mean, it's not a disturbing the peace ticket that they write. It's actually it's actually the the specific law or whatever sort of the conduct

Brian Bradley 33:45

I think it is, right. It's,

33:46

it's \$250 or \$500. Actually, does that go? Well, I got it twice. I did. Does

33:56

that go in in the students permanent record that they were?

34:00

Yeah, until they're 18. And then that's all wiped off anyway. Because yeah,

Brian Bradley 34:03

because everything's expunged when you're 18, right, unless you have some really, unless you do something, right.

34:09

Unless you're a serial killer, in

B Brian Bradley 34:12

which case, you'll be there tweak 21 Well, here,

34:15

and then when you're 22, you're not a serial killer anymore. Right? Well, here's

34:19

the topic and I'm so glad that that policy is in place. But you know, there is no policy or procedures for transgendered youth.

34:27

No, it's true. Absolutely. Not. I Bellaire. You're not allowed to wear a dress if you're a man. And you're not allowed to be too masculine. When you're a woman. I was so outraged. I wouldn't talk to the to the principal myself and I happen to tell him to go to hell. But did you get a ticket for them? No, no, because he tried and I told him to go to him. And I told not that we're advocating telling your friends. Don't follow me. I mean, I'm only the CO president, but

B Brian Bradley 34:53

not to your principles.

34:56

Of course, but you know, I was always the one to stand up for who I was in March. First day at Bel Air, it was terrible. So I went I had to let the principal know what was going on in his school. That's his job.

35:06

Well, you know, telling the principal that he's wrong is something that I think more students should be willing to do when the times that I tell him that, you know, I, I think that's an important part of what what you did. And you I think you're certainly right. I think more people should probably do

35:19

that. Yeah, he about cussed me out and told me to get out of his office for he had me expelled. And I was like, for what?

35:26

Well, Lisa wasn't for being gay. Like, I could barely do it, Baylor University, apparently.

B Brian Bradley 35:32

Well, they didn't. They didn't expel him. They just yanked his scholarship column. So in fact, he

35:38

had dropped out, but in fact,

35:42

which is, which is a sad thing.

35:44

Of course. You know, I've

35:46

read, I think one of those articles that said that some of the other universities in the United States have offered to bring him on, so he can finish out his seminary studies, which I think is encouraging. I think that's definitely a good thing. I just hope that Baylor is really embarrassed, I really come off really looking like fools in the in academia,

36:07

I'm sorry, you're extra stupid?

B Brian Bradley 36:09

Well, I mean, I think they've done that to themselves, I think, you know, with the athletic problems, and, and hazing incidents, and now this incident, I think they're doing an excellent

job of taking themselves to, you know, third or fourth year, third, or fourth, you know, tier school, you know, I

36:25

was talking to someone and they're thinking about getting a PhD, going back and getting a PhD. And they were considering Baylor, and because of this, he's now thinking, Well, I don't know if I want to go to Baylor now, you know, it's a good university. I mean, they academics are I mean, scholarly schools, great university. But you know, there, I just heard the other day someone was considering now I'm not doing it because of this. You know, it's really a shame.

Brian Bradley 36:51

Well, I made sure that I didn't go to a a school, religious based school, when I went to college, because I really didn't want to have to deal with this kind of issue. And I'm, I'm, you know, being an attorney Universalist. There are, I don't know if any, single, I don't know, any Unitarian Universalist colleges that are that are, you know, like that said, I just said, heck, we'll just stick with it. Probably school,

37:16

if I was going to, if I was going to be more active in an organized type of religious setting. Universalist, Unitarian Universalist would be what I would do. They seem like they're really good people.

Brian Bradley 37:28

They're they're, you know, open and accepting. And that's good.

37:34

You know, I think I wish that every gay youth any year in high school or in college, would become more active, be more more active in what's going on in the policies of their school, join student government join student council be take an active role in shaping that university, because students are doing it all over the place with the GSAs in high school with the Baylor students did with getting that taken out of the Student Handbook? Right? I mean, just just really knowing that you could really make a difference by standing up and saying, Hey, this is I think this is right, I think this is wrong. And, and really being a part of that and and make that happen. I mean, you guys have been a part of that. You know, how you know how powerful that is?

Brian Bradley 38:21

We know that it you've at the Global at the main campus, gay, lesbian or bisexual lines, but it

stands for is very politically active. They meet and they write letters to their representatives, and they say, We want this to happen and not this and they're very politically active. And so there, that's something to be applauded.

38:41

That is that's a great thing. I have a quick announcement. You know, we've talked a little bit about the leadership development program that hatch is doing now. Right, and the we have to hatch use that our voting members of the gay and lesbian community center board of directors now. Excellent. So I think that's really Yeah,

39:00

that would be Joe and Colleen. Right. Yeah. Joan calling. Oh, congratulations to them. Yeah.

39:04

So so they're. So they're actually voting members on that board now. That's awesome. Excellent. Yeah, we have. We have hatched youth on the game Lesbian Chamber of Commerce, right word. Now the community center board and the gay and lesbian Film Festival, we've in turn there, and there's a couple more organizations that were that we're going to be adding to that list in the next month or so.

39:28

Good. Good, good. Good. How are we doing this? I want to know, behind the scenes, how are we making this happen? Oh,

39:36

you mean the whole program? Yes. Well, actually,

39:39

it was actually my idea.

39:43

We'll send you ask. No, it was the whole idea of bringing this together was that at age 21. Hats youth have to leave. They only have to dues they have to leave the organization. So the We wanted to put together something that would bridge the 18 Plus hatch youth to other organizations within the community

40:09

to remain positive contributors to society. That's definitely

40:12

that's definitely part of it. Because once you get into a community minded spirit at a young age, that's something that that tends you do for the rest of your life, right? So it's setting up that type of a program where you can foster that. And also, whenever you age out of that, it's giving you other opportunities to plug into community organizations, that so that there's more than just the bar or the club or going dancing or the drug, or whatever. So it's, it puts you in a positive organization with positive role models, and then eventually, you can become active and maybe even rise to leadership positions within these organizations. As time goes by, I fully suspect that some of the hats youth that we have in these different positions are going to be leaders of these organizations and a few years down the road. if not sooner,

41:09

yeah, we're gonna have to brainwash them, too.

41:13

So that's, that was that was the whole idea and also gives hatch exposure in the community,

**Brian Bradley 41:18**

which is good for us. Was,

41:22

which is good for us. That's fine.

41:24

We've got we've got our prom coming up. It's true. I'm so excited

**Brian Bradley 41:28**

on June 4 at 7pm which is normal hash time. All right. Yeah. Right. It's a Friday in case anyone's interested. And it's over the Magnolia ballroom which is downtown North downtown. 715

41:46

Franklin,

B Brian Bradley 41:47

that sounds right.

41:48

All right for me.

B Brian Bradley 41:49

Yeah. That sounds right. I remember seeing that on the website back when it wasn't updated.

41:55

years ago, right. That's prom is it's a regular prom. It's it's a bring your day. Bring your boyfriend if you're a guy bring your girlfriend if you're a girl. Bring your hip fag hags bring your drag queens. We had go stag in your car. You could go yeah, you could go stag if you want to. I'm sure my brother came last year he was a big old faxing. Biggest street boy. But it was it was fun. Last year as prom was so much fun. Brian and I were were the main one. busting our chops trying to get this thing together. Oh my god. That was hard work. Luckily, we had our youth services worker Deb she was freaking awesome last year and we had Sally Hoffer and we had Brynden we had everybody everybody was freaking awesome. That's why I love hat. Everybody's all know you can't do that alone. Let me and Margie

B Brian Bradley 42:41

help you out with that. Marcie, she's a she's a former she's a he's straight. But he's a former Head youth. And she helps out with the prime mover year.

42:49

Oh, you sure? Not every year. But I think for the last three years I've been helping out she had been Yeah.

B Brian Bradley 42:54

She helped sculpt balloons last year.

42:58

It's like a regular when you say it's like a regular prom. I

43:00

mean, has definitely definitely. I mean it's just too many promises. I used

43:04

to really dress up. We shouldn't do you don't have to So several people just come in just regular clothes, which is mine. Right? My brother did. But others really go all out. I mean, you get the prom dresses, the tuxes? You can you can do go and drag and there's nothing wrong,

43:19

right? We had some Queens last year.

43:24

And there's a king and queen of the

43:26

prom and there's a princess right definitely. And you get the tiara you get the crown. It's a regular prom. You get to take home the sash you get to take home the the crown, the TRS awesome.

43:37

And we had prom favors, if I'm not mistaken. Yeah. Oh, yeah.

43:41

Yeah, that was cool.

Brian Bradley 43:44

That we had really cool. We had keychains Ryan's my pocket, right mine. So

43:47

as my mind's in my purse right now. And we're things you really hold on to, aren't they? Right?

43:52

They really are. And you know, we're trying to get a photographer there this year to have

43:58

we had one last year that Dalton

44:02

Dalton did go and then we awesome. Yeah.

44:05

It's awesome. It's awesome. Yeah, but this year, we're gonna go all pseudo professional. Yeah.

**Brian Bradley 44:11**

Well, we'll go ahead and grab some probably grabbed something from the gay and lesbian Yellow Pages and, you know, Aussie, and

44:19

then we're also going out in to GSAs inviting them in, in the air. I did not know that. Right. Yeah. Yeah. Part of our marketing is really going out to glisten and the GSAs in this area, and this is what's going on. This is the day get your people together if they want to come

44:38

couldn't get your queers or anyone else. Right, right. Definitely. We left straight people. Sure. Sure. No problem with that. I had a friend asked me last last week. Do you have any straight friends? I'm like too many. And they're like, they're like, why do you hang out with Street View? I was like, Okay, who else is going to support us? We're only 10% of the population. Come on. Now. We

**Brian Bradley 44:57**

need the other 41% to vote for

45:02

and dispel Bush,

45:03

you know, it's funny people. misconceptions people have about about about gay people or lesbians and they think just because you're gay or lesbian, that's the only people you know

45:17

get sucked into some bubbles. Rainbow bubble and

45:22

I guess that and I guess that can happen but I think that that's normally not the case you know? Because I have plenty of very close straight friends that I

45:32

do here you know, right here Miss Elissa.

45:38

Oh she's crying Oh, sweet. So yeah, but you know the hatch hatch prom in welcomes everyone in. You know, some of the school problems don't

45:52

they shut down. You can't come and drag if you want to. You can bring your boyfriend if you want to,

Brian Bradley 45:57

or someone came in drag to the prom the year before I went. And they were told that you were turned away by the head of school. He said, out Yeah, that's

46:07

a shame. It is a shame and you know, walking into the hatch prom. It's a big ol' party. Oh my

a Shrine. It is a Shrine and you know, walking into the Hatch prom. It's a big ol' party. Oh my God. It's not a middle school boys on this side. Girls on the other end. They're all picking their fingers. Oh, no, baby. We are having a big old time. It's fun. There's folks sitting around the table. There's folks dancing on the dance floor. There's some flirting with the DJ. Lots of fun. Oh, my God had promised freaking awesome.

46:30

Yeah, no, this is a this is a fundraiser for hatch, hatch springs, and most of its programming dollars from prom. Some of what you may or may not know is we put together a mailing list to some of the donors in the community that are known, forgiving, and ask them to donate money for programming. And, you know, we raised several \$1,000 every year. So and we're in the process of doing that now sending out letters and and letting different individuals and organizations know that hey, it's time to give us money again.

47:06

Will it cost a lot of money to throw the prom in general?

47:09

Yeah, does.

47:10

Sure does.

**Brian Bradley 47:11**

And the people who might know your ballroom are real nice. A super duper. Yeah.

47:15

Yeah, they are very supportive. Right?

47:18

Well, it takes a long time to put that thing together, too. We've already started. Yeah, good. And it's in June. Right? We've already started because we have

**Brian Bradley 47:26**

to, you know, ask different people for donations for food and drink. And it takes a while to get all that because they want to know ahead of time and, you know, not too deep for and and so, you know, so that kind of thing. Yeah.

47:39

And you know, that's that's one of the things I think Hatch does very well is it gives you the opportunity, a youth opportunity to organize, put things together, put social events together, right. Really kind of maneuver within the community. We've had to really catapult you into that one. Yeah, it really does. I think you learn so many skills from that to MIT, it will help you in college and first job throughout your life. Right. So in a lot of places don't a lot of schools or students don't have that opportunity, regardless of where they go. So I think that's probably one of the most important things that Hatch does.

48:22

That's why we love Hatch.

B Brian Bradley 48:24

That's why we're here and it gives you an opportunity to be on the radio if you want that's absolutely

48:28

that's why Elisa is here. Not talking

48:37

Oh, look, we've got more hash leads coming in. Excellent. Awesome. Awesome. We've got my best friend Ivan coming in. Say hi. Hello. And then we've got Brian.

J Jimmy Carper 48:46

Oh, perfect. Yeah. Okay. Is a good time to take a break then. Get everybody situated? Everybody kissing? Yeah. All that kind of stuff. Okay. I need to remind folks that they are listening to after hours queer radio with attitude. Good old Pacifica station. KPFT Houston. 90.1 FM. And if you're down Galveston way, you can pick us up a lot easier. On 89.5 FM we've got a piece of music to go to and what call in you want them to call in at 713-526-5738 you want to actually talk to real people. Wow. Oh,

B Bobby 49:28

.....

real people who actually call the show

J Jimmy Carper 49:30

David is in the lobby. Waiting for your phone calls. 713-526-5738. And now a little something from a great little funny. Little musical called when pigs fly. This is the official title of this. It's a weird title because it doesn't have anything to do with what the song is about.

B Bobby 49:59

You must stub love that cover. It's paying. Yes. It's called the

J Jimmy Carper 50:03

patriotic finale. This talks about how we are all over the US have a we'll be right back okay, I have been told what the heck group thinks about the song. But it's a fun song patriotic and getting everybody to realize that they're part of the United States. Right it's awful among them. Review on the ready I do have some Kristie Ray. Kristie Ray throt Christie, right? You don't know Chris? He's a local lesbian. I have. I don't

50:54

know. There's what's that?

J Jimmy Carper 50:55

I have Sarah. We love Leslie.

51:01

I'm not familiar. It's actually I saw Sarah earlier.

51:04

Did you have words that I have words to

51:07

say? No. She said Hi, Mike. Good to see you again. And I was like Good to see you kissed her cheek. No one got to you. Got

J

Jimmy Carper 51:15

nothing says a lot here.

♀

51:18

She went bust her head balls. No, she did her golden. She sure did. Yeah, I saw her. I saw I saw her at Hollywood like 20 minutes ago.

B

Brian Bradley 51:28

I saw her at the protest for people getting marriage licenses when when to really Kaufmann the county clerk when you see them marrying he wasn't marrying anybody. She was divorced. There was protests a flag and all the rest of them. See,

♀

51:41

I would have had to marry somebody. You can marry me, Jeff. Oh, oh, don't talk like that. Like that, like the Addams Family got me.

J

Jimmy Carper 51:54

I've been with my lovers so long. I don't even want to marry him. So there, there we are there. So

♀

52:03

we left off talking about hatch and hatches prom and we talked about prom with patches, outreach hatches prom,

J

Jimmy Carper 52:10

and we have new folks here again. And we introduced a new new people.

♀

52:14

Okay, once again, this is Brian. Hey, Brian. Brian. Brian's a regular attending us. And then this is Ivan. He's also on the steering committee. Hello.

o

52:41

to buy them dinner first. Yeah, respectable friends. Okay, well, line one is on the air. Here's

J

Jimmy Carper 52:51

B

Brian Bradley 53:00

o

53:03

o

53:04

53:11

I was just checking out the radio tonight. And he said it to tune in.

53:15

Danny. All right. Awesome. Awesome. Danny, have you ever been asked before?

53:19

I've been there a few times. Probably like a few months ago.

53:23

Okay. Okay. What do you think?

53:24

I thought it was great. I'm gonna run a nice friends and people I still talk to and you know, the people.

53:33

Awesome. Awesome. Awesome. So what are you doing tonight? You sit at home lonely, lonely practicing safe sex?

53:40

Yeah, unfortunately, just sitting home but dating.

53:44

Absolutely not. We love safe sex.

53:48

Of course. Of course. Of course. Condoms are our best friend.

53:51

We were talking about masturbation but okay. Condoms are awesome. You can masturbate

53:55

with a condom? Yeah, but

J Jimmy Carper 53:57

why would you want to?

54:02

Oh, well, well, well, earlier, Danny. We were talking about hatches prom. Have you ever been to hatches prom? Actually,

54:07

no, but I would like to go. Okay, I'm there. I mean, I've heard of it. Like a few times bid on. I would like to go this year. Maybe if I can find a date. Well

54:17

see we were discussing that earlier too.

54:20

I'm gonna have to have a date and I'm probably won't go. I'm gonna end

54:23

up dating my best friend.

M Michael Williams 54:27

And I'm gonna be end up practicing safe sex.

54:32

You don't want to end up pregnant on prom

54:33

night. Right? So when is his prom?

54:36

Prom is on go ahead Brian King forth

**Brian Bradley 54:38**

at Magnolia ballroom says it's his teen Franklin.

54:43

So cool. Yeah, but if you go to hatch, we'll definitely keep you updated. Because we talk about it all the time. And

**Brian Bradley 54:48**

55:16

Well, how old are you, Danny? I am 19 years old. 1919 Awesome. Are you still in school? Because we were we were talking about issues in schools earlier.

55:34

Yeah, I'm in high school senior. I'll be graduating may 29. Great. Congratulations.

55:38

I know. That's hard. Oh, yeah. Right. Currently, right now we've got Brian, Brian and myself who have graduated already. And then we've got Ivan, he's still in school. Ivan, what's cool to go to a leaf tailor, a leaf tailor. How's that going?

55:51

It's good.

55:53

How's the gay issues at your school? Do you have any facing any issues?

55:56

No, not really. I mean, we have a few people who are out and we don't have any harassment or

56:03

anything. Are you out? Ivan? Yeah. Oh, awesome. Are you out? Danny?

56:06

Yes, I am.

56:08

What school? Do you go to?

56:09

Some high school?

56:10

Can't answer

Say it again!

56:12

Sharp some high school.

56:13

Yeah. Speaking of ghetto high schools as earlier.

56:17

It's not get other city good people. That's how

56:21

sound is ghetto. No, it's

56:23

really,

Brian Bradley 56:25

I guess it depends on your point of view.

56:27

It's okay. There's a few good people. Like I said, like people like me. Okay.

56:31

Well, I live in Sharpstown. So I know sharp sounds good. But you know, if you feel like a pimp gone brush, I'll just off Danny, go ahead, right.

56:44

So tell me you guys stay on the air till tonight.

 Brian Bradley 56:47

We usually on about 1215 to 115 or so. And so

 56:54

we try. We try to get off earlier before 130. Because we get some messages. And sometimes they have something to do with things that aren't so appropriate for the youth like drugs and things like that. And last, the rug is on my left. That's all I'm gonna say. And all that. And all that jazz. That's where the fun starts with the jazz or the throw, guys. The

 57:16

match. Hatch has a very clear policy there. We do not support any type of drug use

 57:21

Absolutely. shape or form.

 Jimmy Carper 57:23

Danny, we're getting a little feedback here. You might want to turn down your radio.

 57:27

Sorry. All right. There you go. All right, Danny.

 57:32

Thank you. Thank you.

 57:33

Hey, we're gonna take we're gonna take a call on line two. So we do appreciate you calling in Danny. Thanks for call. You're

 57:40

welcome. Anytime.

 57:42

58:41

M Michael Williams 58:43

Okay, but I was trying to give you some credit there.

58:45

What's going on with your school, Jeff?

58:46

Oh, a lot of stuff. Well, I'm in the GSA there. I'm the Vice President.

59:16

Yeah. And we're working on our carwash and day of violence.

59:20

Oh, we love car washes. Hatch loves car washes. Do I remember hatches last carwash. Oh, that was nice. I got to wear my coochie Short.

 Michael Williams 59:30

Short shorts. That's a quite a sight to see.

 59:35

So when we're

 Brian Bradley 59:38

talking about the prom is the prime is June 4 at Magnolia ballroom.

 59:44

715 Franklin 7700

 59:48

 59:51

 59:54

 Jimmy Carper 1:00:04

good people there.

 1:00:06

There's awesome people. Hell, I'm there.

 1:00:08

Yeah. And there's

M Michael Williams 1:00:09  
other people like Ivan and myself

♀ 1:00:12  
right like Ivan and Brian, me and other Brian with sandals

J Jimmy Carper 1:00:16  
and women. Oh, that's right. Remember women does exist out there.

B Brian Bradley 1:00:23  
We do have some some women act.

♀ 1:00:26  
Yes, we've got we've got a woman in the studio right now at least but she doesn't want to talk.

♀ 1:00:32  
Okay,

J Jimmy Carper 1:00:33  
say hi to her Jeff make her nervous. Hi. Hey, what's up? Oh my god. She thought she was on the phone.

♀ 1:00:44  
Would you say he's the only girl there?

♀ 1:00:46  
I don't know. Do you count me a girl? Technically

M Michael Williams 1:00:48

she's the only girl yeah. You're close to I can play a girl. But

B Brian Bradley 1:00:52

this is just a radio show.

J Jimmy Carper 1:00:54

Yeah, with Jeff here. It's hard to get a word in edgewise. This is just

B Brian Bradley 1:00:57

a radio show. We? You know, we can't cram too many people into the booth here. Oh,

J Jimmy Carper 1:01:01

yes, we can. Okay,

B Brian Bradley 1:01:03

well, I guess we can. Not

B Bobby 1:01:05

all the makeup in that room is worn by girls. Right.

⌚ 1:01:13

All right. What's making you call in Jeff?

⌚ 1:01:16

Oh, I was just tuning in and listening to you talking about the harassment things in school and I had to deal with stuff like that. And I was like, Oh, I can relate to this a lot.

⌚ 1:01:26

Yeah, you want to elaborate, Jeff? Well,

1:01:30

I mean, this is this been going on for weeks. There's been a lot of stuff going on with me like I've been threatened to be jumped. It's, it's been terrible. I

1:01:38

can imagine I've been to that before, too. So have I. Yeah, it's kind of hard being a homosexual in school, especially if you're out. Especially if you're out because then they know they can pick on you. Even if

Michael Williams 1:01:49

you're not in yet. Like Jeff, it's still thanks a lot.

1:01:56

So Jeff, all I need is a name and address, right? Name and Address. They'll be taken care of. Okay.

Michael Williams 1:02:05

Just having a couple of queries go to his

1:02:09

definitely right. We got preachers on our side. We'll have Jesus talk to him. How's that? For Jeff?

Jimmy Carper 1:02:15

We'll take his how he uh, well, Chivas. Hello.

1:02:19

We'll have a single white female going on. Keep an eye out. In the movie that's grown Single white female.

Bobby 1:02:29

Yeah. Oh, I'm so young. So vicious.

1:02:35

What grade are you in? Jeff?

1:02:36

I'm an 11th grade 11th grade.

1:02:38

Oh, still got another year.

1:02:40

I know another year. Brain iron D Jr. Well, that's

1:02:43

another year that's for another year for improvement. That's another year for you to speak up. That's another year for you to change your school child. I wish I had another year in high school because I would tell so many more people to go to hell. It's not even funny.

Michael Williams 1:02:56

But it's even harder in college. Come on. You got to start the whole coming out process again.

1:03:00

That's when you take the heel off again.

1:03:02

And don't tell me that

Michael Williams 1:03:05

it's fun in college.

1:03:07

1:03:00

It's fun coming out to people is wonderful. All you have to do is go into a Walmart Do you have any game movies here?

M Michael Williams 1:03:14

Or just trying on the lipstick? Right?

1:03:17

I was in Walmart last night with some heels on Do you have any game movies here? She's all she's all what?

M Michael Williams 1:03:26

Just flip the wig

1:03:28

Do you take credit cards?

J Jimmy Carper 1:03:32

I would think it's easier in college because it's it's a bigger group and more like minded people kind of hanging out together. Right?

M Michael Williams 1:03:42

I mean that I'm not I'm not on the I'm not on a big campus so to say so it's kind of like a really small high school. Well,

1:03:49

we wouldn't want it to be cliquish anyway, oh, that would be terrible. Yeah, that'd be like going to a predominantly white high school

1:03:55

and being black.

B Brian Bradley 1:03:59

But but you know, like, I've been to a can you vape is pretty liberal. It's, you know, Oh, yeah. They're very diverse. And so people are, are very accepting of others. It's very nice.

∅ 1:04:10

So you're out of school, Jeff.

∅ 1:04:11

Yeah, I'm out to pretty much everybody. I mean, I everybody's like, well, that's your problem. You're out and I'm like, I don't think so. I mean, I'm happy being me. I'm happy being out. It's just that problems here and there.

J Jimmy Carper 1:04:24

Although straight people around you go girl. Hello.

∅ 1:04:29

Born out her porn. Got it easy.

J Jimmy Carper 1:04:33

Yeah. And we got to put up with their story. Hello.

∅ 1:04:36

We should do

∅ 1:04:38

we have to put up with Oh my God, my boyfriend Bianca, calm down.

J Jimmy Carper 1:04:43

Been there done. Okay, let

∅ 1:04:44

me tell you about my boyfriend. You know

me tell you about my boyfriend. You know,

1:04:47

that's when everybody gets quiet.

Michael Williams 1:04:51

Hey, Jeff, I'm kind of curious as what kind of problems you've been going through at the high school. Tell us go in detail about that. I'm really kind of interested in that.

1:04:58

Well, okay. Like, this has really been going on for like more than like, just this year. This is like been since ninth grade. This has been a problem an issue. Yeah. And I'm constantly having to go to the counselor that my grandma is constantly happening and having to show up to the school and talking to the principal. What are you talking to them about? Well, we're telling, I'm telling them what's happening. And I'm writing reports on what's happening. And they're working on it. But I mean, I don't really see them doing anything.

Michael Williams 1:05:27

Okay, Jeff, you keep telling us what's happening. Tell us so maybe there's something that we can help you with. So tell us exactly what's going on afraid to tell us

1:05:37

leadership, babe, we got what's going on,

Michael Williams 1:05:39

we got power. We're like the mayor, just better.

1:05:42

Basically, verbal, verbal things being said to me in hallways, then I'm like in the lunch room, and there's food being thrown at me. And it's just

Michael Williams 1:05:52

and you've told your counselors at the school there. And they're not doing anything.

1:05:56

They said they're working on it, but I don't know working on it.

Michael Williams 1:06:00

Have you seen Have you seen them? I mean, what, when they say they're working on it? Are they actually working on it? Or are they just putting up some kind of yellow tape? Are they pulling the students out and reprimanding them in any way? I mean, but they're probably saying it's your word against theirs. Is that what they're saying?

1:06:14

I don't know what they're doing. telling me there's just nothing

Jimmy Carper 1:06:17

sounds like action more than if if one word out of your mouth lawsuit?

Michael Williams 1:06:24

That's exactly I think one letter threatening a lawsuit? Well, yeah. Yeah. Too many

Jimmy Carper 1:06:30

to many in high schools about that word. There are too many high schools around this country that have had to shell out a million dollars, because they did not take care of their GLBT students. Actually.

Michael Williams 1:06:44

Oh, sorry. Yeah. Jeff, I got a question for you. I was wondering, whenever you told your counselors about this problem. Did you mention that? That it was the homosexual related really

1:06:54

Yeah, I mentioned it, they know it. I told them straight up. I was like, they're calling me. I just told them the names and everything and what they're doing. And basically, I've had a basketball phone in my head when I was in PE I had to get taken out of PE because of there's about three fights. Then I've been put into different other classes. I had to have my schedules change. And right now this year, I'm actually thinking about this asking my parents just put me in a different school because I don't know. No, no, Jeff,

M

Michael Williams 1:07:27

what have you goes to sharp town? Sharpstown High School is that right? Spring, Spring, Spring High School, shame on you. Y'all should be Jesus, you know, we're gonna put you in our shame that because that is just unbelievable. If any of you homophobes from Spring High School is listening right now. Yeah, you're watching. Exactly. Because that is just that's something acceptable spring ISD. And don't don't be surprised if you get a call from KPFT. news department because this is just unbelievable. Jeff hatch,

∅

1:07:55

we have advocates in place at HSD. That addresses issues like this, I would encourage you to call in to hatch and mean, get a referral to some of those people that we know that could help be an advocate for you to your to your high school to the administration there.

J

Jimmy Carper 1:08:14

Definitely document everything right.

∅

1:08:17

Yeah, go ahead. Call the youthline. Talk to me. I mean, I'm the one who returns the call. So just say, Hey, Jeff, I'm calling back in, you know, this is Jeff, we can get to know who you are.

∅

1:08:25

But you're in touch with some of the H ISD advocates that we work with. Absolutely. They can help you out with this situation.

M

Michael Williams 1:08:31

Absolutely. Yeah, just just remember this, Jeff, the worst thing that can happen is nothing right now.

∅

1:08:36

Absolutely. I mean, like I said, you've still got that other year, babe. I mean, that one year can change everything. I know, when I came out in my school, and my school was really, really ghetto. It was terrible. I mean, there was like the, you know, that food I used to help serve the food. And there were plates thrown at my face. And my principal didn't nothing. And I mean, like, I've been there before I've been through the hole pushed into the locker thing. And believe me, they got theirs, however. I mean, that's because I'm a strong person. You know, I

J

Jimmy Carper 1:09:06

stand up for what I believe in. I know who I am. And sometimes it's not easy to do that. Sometimes it's not and sometimes, I think most times, it's not easy to do that because you're going against kind of the grain.

♂

1:09:15

Right? Some people don't have much support. Yeah, first thing

♂

1:09:19

you have to take care of them, Jeff is you you don't want to put yourself in a situation where you're going to be in danger, or or someone's going to physically hurt you and you're not going to get the help and you're already there baby. Definitely stand up for yourself and absolutely, you know, make change where you can but just remember you have to take care of yourself and don't put you in a situation where you're going to be physically hurt. Yeah.

♂

1:09:43

I've talked to them and I don't know really what they're doing but I'm going to come Monday I'm coming. I'm going back in there and I'm gonna have them work on it with me there because I really want to see what they're doing to help me but I haven't really you know,

M

Michael Williams 1:09:59

yeah, make The most important thing is make sure this stuff is documented just in case something does happen to you. You have something to fall back on documentation is the best thing and that's the key

J

Jimmy Carper 1:10:10

voice recorder. And you know or letters, letters to the principal's

M

Michael Williams 1:10:16

just yeah, just make copies of everything. Everything you do the

♂

1:10:19

hatch youth are the ones that got the up. Yeah, the issue of sexual orientation you're talking

right now being right being put into the code of conduct for HSD. So this group is the one that really made that happen here. So and come to hash to we can we can help you out was definitely we have too much

1:10:39

information. Okay. I mean,

Jimmy Carper 1:10:46

I'm glad you call. Glad you're glad we're all glad. Definitely.

1:10:50

they're good for you're having a fight with your boyfriend. Right?

1:12:09

They're good for peer support girlfriend moral support or girlfriend. They're there for just about everything hatches, except you know, they're more a they've got a wider age range. Yeah. And they've got more phone books than ash does. Yeah. Yes, they do. Definitely. But that's what hatch is about. So great. So I'm glad we got that opportunity to talk to Jeff. Yeah, that phone call helped a lot. Definitely. So we've got a lot of things to look forward to. We've got the prom we've got the parade, everything's looking good. Once again, we've got the numbers to hatch given out and right now we're almost out anybody got any last minute shout outs for Hatch.

M

Michael Williams 1:12:53

I'd actually like to say hello to anybody that knows me. Because I don't know who's listening to this right now. I kind of jumped in the middle of it. So and

♂

1:13:03

I like to say hello to everybody that knows me too. And oh, my frontal school. Rosa, what's up? And I just want to congratulate Colleen and Joe for getting to the absolutely
