SPEAKERS

Scott Lewis, Kirk Keevert, Jimmy Carper

00:01 Was this year? Yeah, I don't know my girlfriend, who was like the love of my life, like broke up with me and I was pitch. And that's what she said. She's a very nice person. You know her name? Oh,

00:17 she's got a girlfriend now.

00:18 But she lives with.

00:19 No, we're gonna get married. We like him.

00:23 Anyway, but um, so I was like, very distraught and everybody noticed. And can you not hear me? Yeah, we can hear you. Okay, we're listening.

Kirk Keevert 00:33 And we're focusing on getting Scott a coke right now,

S

Scott Lewis 00:36

which I will not be drinking in the studio. Oh, go ahead.

♂

00:40

So, I came out to my aunt first. And I don't know. Then I told my mom the next day. And she just basically just came straight out and asked me finally and I was like, no. But then I started crying. And I was like, yes, blah, blah, blah. We never really brought it up. We didn't bring it up for another couple of weeks. She came in my room. She was like, I hope you know that. You can still get something from girls. And I was like, Yeah, I know. She's like, Have you been with the guy? I was like, Yeah, blah, blah, blah. Whatever. Told her basically my whole sex life. And

♂

01:08

yeah, she says, Mom, I get some all the time. No, I didn't say that.

♂

01:13

Conversation conversations where my mother learned to ask questions. She didn't.

♂

01:18

Anyway, but so I kind of told my family gradually. And the last person I told was probably like, three weeks ago, I went to visit my older sister, and the only person left is my father. But basically, everyone's taking it fairly well, I don't really talk about it with my mother. I mean, she knows like, I'm gonna hatch. I say, I'm going to hatch, you know, but I never say Oh, this is my girlfriend or whatever, I kind of keep my girlfriend's out of my house while my parents are home. And I try and treat them like, Oh, they're just friends. And I don't know. I mean, it's okay. I get along really well with my mother right now. And actually made things a lot better between us. Before, you know, she knew I was hiding something. And I was always like, kind of like a bitch to her all the time. And I can say, all right, yeah, I can't. And

♂

02:09

no, they've already given the warning.

♂

02:13

But now, I mean, you cannot

S

Scott Lewis 02:14

just describe her anatomically with street slang.

02:21

But things up, and we we talk a lot more. And it's just, it's a lot easier for me. And I always thought it would be, you know, held, but it's become a lot easier. So I'm not saying you know, for those of you who are listening who aren't out, don't, I'm not saying go do it. Because you know, you probably can't plan it. A lot of people don't plan to come out. It just happens. Whatever's right for you. Yeah, I mean, it's gonna happen one day, you know, it might be worse, it might be better, but usually, it just feels better to get it off your chest.

02:54

If you're waiting for it to just happen. Be sure to keep yourself in check enough to know that you are secure with yourself, enough so that you know that you'll be able to wade through all the crap that you're gonna have to deal with. It's more of being well grounded. And knowing enough about yourself to say, well, even though you may be by gay or maybe not sure where you are, you have to be at least well grounded in that enough to be able to weather a lot of not necessarily negative attention.

03:31

Yes, but I would like to say that even if you haven't come if you haven't come out, and you really want to, even if it goes horrible, and it just makes your life a living hell, at least you're being true to yourself, and that weight has been lifted off your shoulders, and you don't look like something's wrong all the time. You're not depressed all the time, saying, oh my god, I have this big secret to tell because that's how I walked around for several years. But then I found out that my parents had already figured it out and I was walking around, just worrying about nothing.

Jimmy Carper 04:03

However Westheimer and Avondale all that area is filled with kids who got thrown away by their folks addicted to

Scott Lewis 04:17

drugs who are prostituting themselves because they were thrown out of their house. And I certainly don't want to see any I don't even one more kid in that situation at

04:26

age 17 My parents found out I was gay. I wasn't even sure about you're gay. You're gay?

K

Kirk Keevert 04:33

Yes. Oh, my. Without the hair you would no it's not. Yeah, and out of the house, and it's 17 They put him on that cart and buggy. And they sent him on his

S

Scott Lewis 04:45

way you go to Jericho and be saved there's a man there named Jesus and he can help you just need to baby said

♂

04:55

he went to Babylon

♂

04:56

but the thing of it is they haven't talked to me since And that can happen that still happens today.

♂

05:04

Unfortunately, there are a lot of situations like that. Fortunately, there are a lot. There are many more organizations to help kids when that does happen than there were 25 years ago, 20 years ago. So I mean, even even though there's a there's two sides to every coin, hopefully, as more people come out and being gay and lesbian becomes more socially acceptable,

J

Jimmy Carper 05:30

that's the thing. I'm you can't avoid the life the life the gay life anymore. Everyone knows about gay people, everyone. And when I was 17, that wasn't exactly that way.

♂

05:45

Now it's about a stylish Versace.

♂

05:49

I don't think that's very stylish yet, just

S

Scott Lewis 05:51

SCOTT LEWIS 05:51

because you can't afford it. So well, who can't? \$600? Sure,

05:56

not you. I like my value set that

Kirk Keevert 05:59

I have no idea. Oh, Ramon. I think

Scott Lewis 06:04

if I could say the F word. Tell us your coming out story. Well, basically,

06:09

my coming out story is kind of long and involved. So I try to try to make a 20 minute story into a five minute story or at least, maybe hopefully a little a little shorter than that. But basically, when I was about 13, when Yeah, when I was 12 or 13. I met fascinating

Kirk Keevert 06:25

next.

06:31

I met someone that was a few years older than I and we kind of had this connection type thing, where I knew that she was gay. And she knew that I was gay, but we didn't tell each other. Because, because because it just wouldn't have been appropriate because my parents would have thought that she was recruiting and all that kind of stuff. So we just kind of kept things secret from each other a book, but we talked. And then my dad was a Methodist minister, which right there, that was a big red flag for me. And so I just kind of kept everything secret and, and talked it out before I actually told my parents with this person that I had met. And then when she moved away, and after the pressure was off from my parents, like they since she wasn't there, they couldn't say Well, hey, she's gotten you roped into this. Then she came out to me. And actually I came out to her first. And then she came out to me and said, Hey, I've been watching you grow up. I knew this was gonna happen. Thank you so much for being honest. And so we thought it was her nanny. So it was the next couple of years, we talked about what would be the best way to tell my dad. And so my 11th

Scott Lewis 07:44

.....

grade into the bedroom thing with the door unlocked. Did you know no smart trademark,

07:51

this was this was an honest, so much is honest conversation went to public schools. But basically, basically my dad and I were sitting at the kitchen table at about 1231 night. And I said, Dad, do you think I'm weird? And he said, No, I don't think you're weird. And then he goes, Well, what do you mean by Weird? And then I end and then I just said, gay? And he and he looked at me? And he said, Well, I don't know. And he got out this little book that he hadn't been writing in for like three or four years. And he had researched this he had said, he said, Let's like, I really don't know if you are intrinsically gay, but you might be situationally gay. So what does have to wait a few years to see all that. And he had taken the time to find our word. So I really have to thank him for that. But basically what happened is by the time I came to him, somebody else, my school counselor, Catherine priest, came to him and

08:49

and told her just her initials

08:53

came to him and told him that before I did, which I thought was a was a breach of confidence, but

09:00

which you've just gotten back at her for

09:07

so basically, basically what happened was, my dad wanted a safe place for me to grow up and come out. And so and, I mean, that was that wasn't the only reason that he left the ministry but one of the reasons that he did was because he wanted me to be safe. And so I really have to thank him for that and everything is quite a great family now. Tried

Kirk Keevert 09:30

shirts, much cooler than what my mom did when she tried to find out if I was gay. She got this big ol Nelly Queen friend of hers to come over and check me out. Oh, tada. Oh, Donna, he's oh, oh. Oh, he's done on his knees already. I can tell. He's seven I can tell.

Scott Lewis 09:51

..

Please, that eyeshadow.

09:54

Blue. What's the hatch number

09:56

942-700-2713 area code and

10:00

What happens if I'm 13? And I call it?

Scott Lewis 10:04

We really will. We really will get on her. And I'll

10:08

answer it personally,

10:09

I'll let Adrian

10:10

answer. The phone line person. I'm the one that will most likely people back. I hope you

Kirk Keevert 10:17

talk everything you did.

Scott Lewis 10:17

I was gonna say I do.

10:19

I'm just shy. Yeah.

10:21

I mean, what? What can I expect if I'm calling? Okay? Um,

10:26

waxy voice?

10:29

Um, well, basically, if you do call, you know, you leave a message, you say, you leave your name number. And when we can call, you know, because some people will say, you know, only call me within this time. And sometimes I can't do that, you know, and I do try and check the line many times a day, as Nathan knows, because I'm obsessed with it. She has nothing better but her life. Better closet to call and I'll talk to him. I just I just basically we have a little screening handbook or whatever. I don't know. And we just have to ask a few questions. And basically how old you are how you found out about hatch?

11:13

Are you gay by a curious what are you out? Or yeah, whoever

11:16

and then we have to do the whole thing about. Okay, hatch is a confidential place and it's safe for you. So don't bring somebody that is going to put anyone else in danger. Are you? Are you right? And

Scott Lewis 11:32

oh my god, you have to take a test to be gay now.

11:35

Exactly. There's just one thing that I want to put in and that's when a Dre calls people back. No matter who answers the phone. She's not gonna say I'm Adria from hat. Yeah. Yeah, that's, yeah, yeah. We would never do that to anyone because we wouldn't have wanted anyone to do that to us. So it very important no matter when you call your safe

11:56

well to parents, I mean, that might scream. Hello, I'm Adrienne. I'm on a crusade for Miss right now. So

Scott Lewis 12:03

I'm working towards my toaster oven.

12:06

I'm up to a color TV you're behind.

Scott Lewis 12:09

I think you're up to a 52 inch color.

12:13

Gee, you know Scott pretty well.

Scott Lewis 12:16

I saw the movie. Chichi Luria directed it when she was in town. Your ways?

Kirk Keevert 12:26

Good. We're encouraging for now. Oh, please.

Scott Lewis 12:29

They drag this over the edge. 30 minutes ago. I did. No such one reminds you that you are less you're entirely responsible.

12:37

Hey, what are you talking about my sexuality earlier?

12:40

Can we take calls? You mean we're on the air?

S

Scott Lewis 12:44

Can we take calls we want to can we take control? I tell you what, we need to do a break. I don't have a problem with that if I don't get the finger. Which is this guy going? Okay. Kid is the phone.

K

Kirk Keevert 12:58

I got a question before you do that. And it's just an egotistical kind of thing on our part, I guess.

∅

13:03

No, I will not go on a date with you. I'm sorry. Honey,

S

Scott Lewis 13:07

actually, actually, he was gonna ask you to do his hair and makeup just like your

K

Kirk Keevert 13:11

honey. You don't have that kind of money. Listen.

S

Scott Lewis 13:15

My God, what do they teach him at these meetings?

∅

13:17

Well, Nathan's a little self centered. He thinks the world revolves around well, it's not legal to say on the air these

S

Scott Lewis 13:23

sneakers are gonna walk out with our slot. They're gonna have their own show.

∅

13:28

We'll find out I have a boyfriend His name is Alan. He's secure and

 Scott Lewis 13:33

where's Alan standing in the doorway? So he's here which is unusual Saturday night because

 13:41

I've seen now and nobody would dump him

 Kirk Keevert 13:43

okay can I do my egotistical question Adria when you when you ask these folks how they heard about hatch how often do you hear that they heard about it on after hours

 13:55

actually in my experience, and I've only been doing it since when Jane Oh

 Kirk Keevert 13:59

god she's just gonna say none she's gonna say no it's bad. No

 14:05

no, I mean we we've I've had a few from the switchboard and some of the like literature but

 14:13

if you're feeling really low from you I heard about hatch from after hours so you know

 Scott Lewis 14:19

Yeah, we did. We did you saved the day and this 20 will be waiting for you right over here on the way

 14:26

thank you. So please,

 14:28

I work for the switchboard so that camps

K

Kirk Keevert 14:30

okay yes. Oh, it's time we have to do that now don't we? Exactly.

S

Scott Lewis 14:32

We do need to do a break. Remind you you're listening to Miss Scott Lewis? Kurt Keever the one the only the oldest man in captivity Jimmy Carter. Jimmy these are my teeth I paid for him Carper. I got your della panga. 90.1 KPFT Houston and we're just so popular now. That ever since we did that deal in Galveston with Sheriff fryer on the line for autographs was longer for us than for that. Okay. And the grocery store was even having a sale on Cheryl fryers and so we thought it was gonna be like a really big deal. But it wasn't and she was livid and channel 13 hasn't gone back since then. We are now carried in College Station on 89.1k E O S which is probably a religious share right before

Ω

15:22

largest closet in the state of Texas, the largest

K

Kirk Keevert 15:25

groups just a thought.

S

Scott Lewis 15:27

Let me tell you. Let's do a break in a song and figure out this phone situation. I did a fabulous interview this week with a woman by the name of Robin s who had a big hit back in 1994. Which y'all were all too young to go to clubs so you've probably never heard it they do play my way. But anyway, this fabulous interview with her and state of the art facilities here. It's such a quality piece of tape that we cannot use it

Ω

15:51

but right but we can sing for

Ω

15:55

you which is why would you do to call

S

Scott Lewis 15:57

which is why we need you to call because we do need a production room that works but I do have an advanced copy of her new CD This is a single she did do you remember Alison way that you hate right I love Alison my house and we asked one of my favorite singers Oh Andy Bell she's a big dyke if I get I mean that's anyway she's single. She is I don't think she what

O

16:18

she is butches he is

S

Scott Lewis 16:21

Allison Yeah, she's pretty much she's that she has that

K

Kirk Keevert 16:25

WHAT ARE YOU KIDDING Taylor Leone is as much as me Bill.

S

Scott Lewis 16:30

Anyway, she read us Alice. Robin Hess does

K

Kirk Keevert 16:33

Anderson is this book

S

Scott Lewis 16:37

we're tough to keep up with aren't we? Oh, yeah. Anyway, Robin Ness redoing Allison ways midnight

K

Kirk Keevert 16:55

to homosexuals that like that stuff like yourself.

S

Scott Lewis 16:58

Well, you know, Robin, I interviewed with her on I think Thursday and she said she credited the gay community with her success. They made her her first hit and she would never turn her back on the gate. Camilla unintelligent black diva is she is very intelligent. We were talking just a few minutes ago. We're gonna give them a couple of minutes to come back in because

they've obviously gotten lost between here in the lobby. It is a long walk. This is a movie we were talking about. Just a few minutes ago. Beautiful thing. This is off the soundtrack, which is entirely the Mamas and the Papas effects

 Kirk Keevert 17:26

after that last cut, which is really kind of nice. I really liked that last this is that on there? The the music from the movie? This sort of incidental music. Oh, yeah. Right at the end Alaska. Yeah, like that. Anyway, this

 Scott Lewis 17:37

isn't that. This is the Mamas and the Papas. Wait

 17:40

a minute, you call the hatch people back and then you put on a piece of music? Well,

 Kirk Keevert 17:46

this is our show. We can do it that way. It's our world. They're just props,

 Scott Lewis 17:49

their props, their privacy. This is the acting coming out. Well, now I've introduced it. can I how can I not play it? Okay, like this. So anyway, how you can

 17:59

happen on the phone. What happened?

 Scott Lewis 18:00

What happened on the phone? I don't know who you're talking to nine, seven. Any of y'all didn't y'all talk on the phone? But none of them on the phone when I was 12? Once but it scared me. Oh, what's

 Kirk Keevert 18:09

your name? I'm sorry. What's your name? Leslie Leslie's listening to on the phone.

Scott Lewis 18:13

Let's lease back. Leslie was on the phone converting.

18:16

I want the next phone.

18:17

Basically, it was excellent. It was a phone call from someone who has a co worker that has a son that, that he thinks that he's gay. And they just wanted to talk and ask about the phone. They didn't get the phone number the first time and just to get some more info.

Scott Lewis 18:32

We should get that more often. Yes. Phone number 7135265738526 KPFT.

Kirk Keevert 18:39

We're talking about? Oh

18:43

713. We have to call here my 42702 and I'll call you back. And

Kirk Keevert 18:49

that's always that's always going to be like a voicemail answering right?

Scott Lewis 18:52

Yeah. Sounds very suspicious to me. I think he's talking about his kid. I think it was his kid. Was it a guy? Who was probably Yeah, it was him. Yeah, we wanted to take phone calls, but all the phones are rerouted. So the only way that we could if they want to call in with a question

19:08

calling for pledges which they are not doing right. I think

19:11

you're just making that up.

Scott Lewis 19:14

You're just making your friend up. So but if somebody wants to call in with a question 526-473-8526 KPFT I gotta college. I got a

Kirk Keevert 19:22

question. Okay. Thanks.

Scott Lewis 19:26

Um, that was Scott. Okay,

Kirk Keevert 19:29

so you guys. I understand. You guys have a prom every year? Yes.

19:33

Yesterday. Yes. It's the 21st of this month. Very

19:37

cool. What day is that

19:39

to Saturday? Where is it? Love it in?

19:43

Oh, yes. We can we can say that because it's open to to the young people in the community. This is not it's open to everyone. Yeah, exactly.

19:51

It's more of a gay prom. Sponsored by hatch and not just for Hatch. Exactly. I could bring a day

Scott Lewis 19:56

Jimmy could go catch entertainment if we dug him up in time right Okay,

Kirk Keevert 20:01

it's okay. So, so given that, um, do any of you guys who are still in high school? Sorry, Scott, to leave you out of this one, um, at any you guys take you're

Scott Lewis 20:12

further along in college than you've ever gotten. Go ahead.

Kirk Keevert 20:16

Take Take your your dates to your high school prom. Um,

20:20

I was about two seconds away from doing it and we chickened out at the last minute.

20:25

Really? Well, that was also Clements prom, so that would be a tough thing to do. Yeah,

Kirk Keevert 20:29

yeah.

20:31

Actually, it was. It wasn't so much our friends that we were worried about. It was kind of the administration of the school. We just weren't sure how that would take it. So

20:38

I took Adrian's girlfriend,

20:40

my girlfriend.

Scott Lewis 20:43

Why is this big shocker to me.

20:46

I'm actually in Friendswood. You can't do that. They even send around a little note that says, I'm sorry, but you can't take dates of the saints.

20:55

Do not make a cobia real

21:01

notice came from this big dyke that's been there for like 20

Kirk Keevert 21:06

Okay, can we not say her name on the

Scott Lewis 21:11

air? What's her name? Are you talking about the big dyke? What's her name gonna be the principal next year? What? Hey, we're not saying anything. Oh, my gosh. She's gonna be the principal at what? What school do you go to?

21:22

I went to friends

Scott Lewis 21:23

with friends. Friendswood High School. Yes. So this the when y'all go back in September, you're gonna have a big dyke principal. No, we're not

- - -

21:31

going back. We got Allegedly.

21:32

Allegedly. They just left. We just

21:35

I graduated June 1.

21:37

I graduated certainly December.

21:39

Is she married? No, she's never been there. And she's like, 80,000 years old. I'm pretty sure

s Scott Lewis 21:44

she were those essay issues. Oh,

21:47

she were just a little nurse shoes. Yeah. Oh,

s Scott Lewis 21:49

yeah. Those are? They're terrible. Are two for the shoe wear polyester. Yeah, yes. We're three for three. More and we're out in this woman does

22:01

she? Does she have a big dog? Oh, we don't know about that. Does she have

22:05

are more than seven cats.

22:08

I've never seen her Webmaker.

Scott Lewis 22:09

Does she have a photo of Janet Reno equal of those photos behind you or larger in her office? And it would count with Donna Shalala for sure.

22:20

Right next to her autographed copy of Katy Lange's first album. Yeah,

Kirk Keevert 22:24

well, but you know, we don't stereotype

Scott Lewis 22:25

it anyway. In Friendswood, they send a note around that you cannot bring a date of the same set. Right. So we need to be on the phone about this. We need to be calling out there. Yeah, we need

22:35

to be I'd really like to contact friends. I feel bad for the people.

Scott Lewis 22:39

We should do. I should call and ask them for an interview for a comment. Yeah, okay, there we go. I'm gonna do that.

22:45

And actually, I would like to say some something like that happened at my school that at the homecoming dance. To have two of the girls at my high school decided to go to the homecoming dance together. They were not lesbian. They just bought a couple of ticket because it was cheaper than buying two single ones. And for whatever reason at the door, they just basically got kicked out.

Kirk Keevert 22:46

NIK KEEVERL 25.00

Really. Yeah.

Scott Lewis 23:09

So what's cool,

23:10

Clements High School in Shirley in Fort Bend. ISD. So I just wanted to

Scott Lewis 23:16

beltway Sweetie, what do you expect? Yeah, exactly.

23:19

Exactly. And that's why my girlfriend, my ex girlfriend, and I decided not to go to the prom together because we just thought, you know, even if, even though the girls when they made the case to the school board about being kicked out of the homecoming dance, even though they won, we weren't sure how they would feel about a prom date. You know that that we actually word lesbians and

Scott Lewis 23:41

did they get their money back? At least? I

23:44

don't know. I don't I would have I would hope so.

23:47

The high school that I went to nobody had any problem with PVA gay couples going? Yeah, I went to hspva gay so

Scott Lewis 23:54

Oh, wow. Yeah, where we sort of thing is in order

23:59

for gay couples going to the prom is that every year that I was there,

s 24:03

please. The whole school is a drama club. What does that

24:07

actually mean to hspva as well. And I didn't have as positive and experience as Scott did. So I just Well, he did.

24:14

Well, yeah, we're in the instrumental department, which is sort of the conservative end of the school. Unlike the theater department where I think it's a prerequisite to be bisexual to be acceptance.

Kirk Keevert 24:25

Let's see, Leslie, you're you're a lesbian. And if they accepted you, that would be like encouraging folk music in the future.

24:32

There's nothing wrong with folk. No, actually,

24:34

I think I think that's it. I don't really think they objected to my life. I think they objected to my Indigo Girls collection. I think I think I

24:44

have everything they've made.

24:46

Scott made me a few tapes. Yeah.

24:48

Actually, we had one of our one of our members. He's also on the steering committee. He did he goes to or he went through he just graduated fiscal fiscal Yeah. And right shortly. Yeah, he went to My boyfriend Mr. Cool everyone like accepted it and everybody he's pretty good

Kirk Keevert 25:04
