Speaker next to the whole button next to the hole. Okay. And then hit then

G Gigi 06:31

you Yeah,

∅ 06:32

I Okay. Well, we've got a big party here in LA with the baffles. Some of the baffle people, the the famous bisexuals of La are all sitting around here on a Saturday night doing nothing.

J Jimmy Carper 06:44

That doesn't sound like bisexuals to me.

∅ 06:48

Well, I don't know what you guys do in Houston.

G

Gigi 06:52

We do everything. Anyway, who do you have with you?

♀

06:58

Are we turning up the volume? Okay, we have Allah wills, who's the bidet la chairperson, and the co chair of the baffled committee, and also Kyle Schechner, who is a filmmaker, bisexual filmmaker, who is running the film section of the of the baffled conference. And I'm, I'm going to be presenting at the Babel conference as a media coordinator, doing a talk show workshop, as both myself Mike Dumansky, and also as my nom de porn Mickey ski, which I've been on your show as the bisexual erotica author. And so I'm going to do a workshop on the art of male masturbation at baffled Conference, which stands for polet you can tell them what it stands for.

♀

07:51

Babel stands for bisexual art, film festival literature, entertainment and drama. Wow. It's happening in just a couple of weeks. August 20. To 22nd here in LA.

J

Jimmy Carper 08:05

Well, welcome to Houston and KPFT Are you there? Yeah. Welcome to welcome to Houston. Hello,

♀

08:14

I we can barely hear you. Oh,

G

Gigi 08:17

that's our primitive system here.

♀

08:24

Hello, hi. Hi, this is Todd. I can't hear you very well.

G

Gigi 08:28

Okay. I'll try to speak up more. We've got one mic and the speaker phone and so it's kind of the old system gave out on us. Can you hear me all right. Oh, we can hear you fine. Okay, great,

08:40

then don't worry about it too much. I don't know if you heard what I said. Yeah, we did. Okay. Yes. So back was coming up in just a couple of weeks is going to be here in the heart of Hollywood. And wow, we have a whole bunch of exciting events planned for that weekend.

Gigi 08:58

That's cool. What all do you have lined up?

09:03

Well, we've got we've got a whole art gallery that's going to be full of bisexual art of film festival, and 16 different play shops that we have lined up for Saturday and we have a bisexual softball game on that Sunday. It's going to be the fence sitters versus which hitters and with cheerleaders of course, we have a big party plan that Saturday night with a pool party in the Hollywood Hills, and it's going to be a real blast.

Gigi 09:39

Yeah, I've been looking at the program lineup and it's looks like there's gonna be arts film festival a little bit of everything. And entertaining entertainment. The works. Oh, yeah.

09:53

Would you like to speak to our filmmaker

09:55

here? Yeah. Kyle Cygnar Oh, great. Hello, Carl. Hello. Hi.

10:02

How you doing? You guys?

Gigi 10:04

Oh, real good. Fun. Oh, yeah. Can you tell us a little bit about some of the films you've done?

10:11

We've got an incredible documentary called, there is no name for this about. I have to talk louder. It's called there is no name for this by filmmaker up in San Francisco, it's about what's it about? It's about Asian Asian teens and coming out with the sort of the dual culture of American culture and dealing with the sort of the traditional culture of the parents.

 Gigi 10:42

Hello? Yeah. Okay, great.

 10:45

And there is we're actually debuting the very first porn video Written, directed, starring and produced by all bisexuals. Oh, wow. Yeah, it's the very first one of all time usually they're generally made by gay men. And they're not very by positive.

 Gigi 11:05

Some of a bunch of

 11:09

bunch of the models, they're talking about sort of the stigma of what it's like to be in a by video that they they have a hard time then getting work on the straight side with the gay side.

 Gigi 11:20

Yeah. And I'm assuming that it's going to be a very bi positive film.

 11:26

Yeah, I can hardly hear you, Gigi. Oh, I'm

 Gigi 11:28

sorry. It's okay. It's gonna be a very by positive film. Is it gonna be white by positive?

 11:36

Oh, it's an extremely by positive film. Absolutely. Cool. Yeah, absolutely. And that's, that's, and then we're, there's another movie. It's called. It's gotten a lot of screenings around the country and a lot of gay lesbian film festival called the Kinsey three. I'm not sure if you've seen it. It's

sort of a it's a short about sort of a James Bond, Charlie's Angel, kind of group that sort of, they're all bisexual, and they use that bisexuality to sort of solve crimes. It's very funny and tongue in cheek and they're actually trying to make it into a feature film. Oh, wow. Yeah. So we're hoping to get some exposure for them so they could possibly get their film. greenlighted here, you know, so we can reach the entire the entire world that's to show that as bisexuals have a sense of humor to

 Gigi 12:26

that's gonna be great. I can't wait. Do you think it's gonna hit the main maybe theaters?

 12:32

I'm hoping it will. Absolutely, yeah. It's really hard to tell. I mean, with the bisexuality in film, I think it's becoming much more accepted. If it's not at all political, if it's just sort of a behavioral thing. Yeah, it's okay. Yeah. movies, like, all the teen movies is here from carry to to just be cool attentions, it's sort of the bisexuality is sort of a moot point that it's sort of accepted into the teen movies. But it's never really discussed. So this Kinsey three really sort of discusses it sort of puts it out there that they use the P word God forbid.

 Gigi 13:16

Why are you going to be exposing some of the bisexual male maths in this film? Are you gonna be kind of going over some of the bisexual myths, you know, like, buys pass aids on everybody or this? Absolutely,

 13:30

absolutely. Well, you know, I mean, all of these conferences, and I think anytime, whether it's a conference, or I think in writings or I think we should always be trying to dispel the myth. Yeah, you know, that that sort of follow us was that's put on us by, you know, the different, the more dominant cultures.

 Gigi 13:53

And for people that don't know, the films you've done, what are some of the big films you've done in the past myself? Yeah.

 14:02

The main one I did was called rose by any other name, which was romantic comedy about a lesbian that falls in love with a man kinda like Chasing Amy. However, more dealt with the sort of the identity issue and the politics of sort of a lesbian sort of having to sort of come come to terms with her actually realize that she's bisexual and coming out and losing the respect love

and or have a friend or gaining respect from her parents. Yeah. So there's that one, and we're actually I'm actually filming my next film in three weeks that actually Michael Dumansky is producing. Oh, wow. called Sex pose a sort of a fake documentary about the Dubai porn world. Oh, that's it. That should be hopefully by the end of the year. Yeah, that's, that'll be a lot of fun.

 Gigi 14:49

Sounds like it. And I know Mike's graded stuff like that. I mean, he

 14:54

makes excellent here. Let me put my back on. You know, you can ask them questions about Okay. offense or whatever

 Gigi 15:03

I might. Hey, guys. Hi. Well, you sounds like you've been busy up there.

 15:10

Yeah, we're gonna we're gonna we're even going to have some fun too. We've we've got a really cool softball game that we're going to have with the the two teams called the fence sitters and the switch hitters. Yeah, we're really playing playing with this, because we want this to be kind of a conference. That's an anti conference, we're having things start like a party is starting at 737. And it's going on till 1069.

 15:40

Yeah, a lot of people have been wondering about that. But yeah, and then we have things like starting at eight, eight a team. And, you know, nobody comes on time to these things. Anyway. We're just being a little offbeat. And we have a keynote speaker with we're calling it the off keynote speaker. And we're just trying to that's why baffled you know, baffled by sexual arts, some festival literature, entertainment drama, you don't necessarily have to be bisexual to enjoy it or be part of it, or, but we're creating art. That's what we're doing. We're creating bisexual culture.

 Gigi 16:16

That is the coolest thing. But I think that's such a cool concept. Yeah, well,

 16:22

it came out of kind of a bunch of us activists, polet and Kyle and I sitting around going, you

know, we're so bored going to these conferences, and we don't really, you know, we've gotten to the so many of them. And I remember sitting around with Kyle, actually, we've been after we've gone to three conferences together, Boston, Arizona and San Diego wonderful, wonderful people and wonderful conferences, that same old people say doing the same old thing. We said let's do something different. So for example, Fritz Klein, Dr. Fritz Klein, who from San Diego has disclaimed grid that he does, and it's a wonderful two hour lecture, but it could, you know, put people to sleep. And we decided that we would ask Fritz to do it differently. So what he's doing now is he's charting your sexuality by colors and music so that you can chart your sexuality put it on a scale and actually play your sexuality back with colors and music.

G

Gigi 17:27

And just for a little plug for the conference here, both you and and Fritz clan will be coming to the South Central Regional Conference, and I

♀

17:39

will I will be doing some provocative things over there. I know and, and hopefully Dr. Fritz won't be putting people to sleep up there. But he's he's a good guy.

♂

17:50

He's Excellent. For your conference.

J

Jimmy Carper 17:53

I see that you're off keynote speaker is Andy deck. How'd you get him?

♂

17:59

Well, he, he's, he's, he is out and bisexual and, and, and an entertainer. We're also trying to get some other people to make an appearance. Michelle in jello and she's in town and she's a singer and we're trying to get anybody who who is out of jail and out is bisexual. Well, I mean, like Robert Downey Jr. He has to go back Well, right. Let me give me give me let me give you to pull out here. Okay. I Paulette, Hello,

G

Gigi 18:46

again. Wow. What all have you been doing on the BAFO conference?

♀

18:53

I would have I've been doing well. I I've been doing quite a bit helping to organize it. I've been

working on it for many months now. And on also at the conference, I'll be doing a poetry play shop, where people will be able to read their own bisexual poetry or read poetry written by other authors. Which I've never been told by six a poetry reading before myself, so why not put one together?

 Gigi 19:20

That reminds me I need to get some of my poetry into my call. I've been busy on a job this week. But next week, I promise to get it sent to y'all.

 19:31

Oh, well look forward to that. Yeah. And

 Jimmy Carper 19:36

I see there's a primer on male masturbation. How about female master?

 Gigi 19:40

Is there gonna be a primer on female masturbation as well as male?

 19:45

No, there's not gonna be anything on female masturbation. We need somebody though to take up that kind of that kind of play shot but no one has volunteered.

 Gigi 19:56

Oh, volunteer.

 19:59

Oh, well. Mike has something to add here on the subject.

 Gigi 20:03

Okay, hold on.

 20:05

I just want to make it clear being the person who's running the art of male masturbation workshop is that this is going to be something that women can learn from as well. I mean, it's not only something that guys can learn from that they think they can, you know, they think they know everything about it, but it's something that that everyone can offer a hand in.

 Gigi 20:29

Like offering hands, you can have both in mind.

 20:32

And we're gonna actually have some of the women demonstrating if they were doing it to themselves as a guy, well, how they would be doing it? Well, most common techniques and so we're going to have, it's going to be fascinating. Yeah. Welcome women to come out. So, you know, the thing is, we just didn't have any women offered to do a workshop. So I would love to have done that or CO done it with her. But nobody stepped up to the plate. Although I do have some prosthetics that could have, could have. We could have used for that. As we do for the, for the male part. So anyway, if it happened, maybe next time, maybe next time,

 Gigi 21:17

you bring it down to Houston, I could probably find somebody pull it back.

 21:24

Hello. Hi. I also could add that I know I'm looking forward to the art of male masturbation workshop myself.

 Gigi 21:31

Ah, yeah, I am too.

 21:33

I mean, as a woman, I think women know less about that than you know, men. Do we need to learn more.

 Jimmy Carper 21:38

Yeah, know more about each other's?

Gigi 21:41

I think so. I mean, you know, what, being by gender, you know, I'm being a little bit both male and female. You know, I kind of make the crossover pretty easily. And, you know, I remember having summer parties with all the girls, and we'd start comparing notes. And it's really intriguing. I learned so much on how to please a woman from other women.

22:07

Oh, yeah. And they are the experts.

Gigi 22:09

Right? Yeah.

22:11

I mean, they know the experts on women and men are the experts on men. And I think we all should learn from each other.

Gigi 22:17

And that's kind of how the slumber parties went. We just took our clothes off and started kind of exploring and teaching each other different techniques and ways of doing it. And it's amazing. Oh, yeah. Great. But, um, anyway, what other types of things are you doing on the conference?

22:43

What are the types of things? Well,

Gigi 22:47

he's got the poetry and

22:51

yeah, we're, we have all sorts of neat things happening. We have. We have one. We have one workshop as being called, How to pick someone up or the art of seduction. And Dr. Gregory Mitchell is going to go through step by step. Sort of, like if you're in a room, you know, a

crowded room And somebody catches your eye across the room, how to approach them and how to talk to them and, and get to know them and, you know, ask them out eventually, it's sort of a step by step approach to getting to know somebody which I think it'd be really nice.

 Gigi 23:39

Oh, that would be excellent.

 23:43

Shy bisexual people out there.

 Gigi 23:46

I don't know about the shy ones. But nevermind, a little extra.

 23:53

A few extra tips now and then right. There's also going to be one workshop where somebody is going to put together an actual zine from the conference that's going to include, you know, different writings and, and art and, and some of the poetry and create an actual zine that they can distribute at the end of the conference to the people who had had Oh, wow. So it's kind of that's, that one is really exciting.

 Gigi 24:27

If you can get a copy sent to us for the station.

 24:31

All right, we'll do that.

 Gigi 24:33

That'd be great. Email Mike the address.

 24:38

Okay, we're having another workshop where they're gonna create mini comic books.

 G

Gigi 24:44

Yeah. Oh, wow. Yeah. Yeah, that sounds great. What else gonna be Invitational

 ♀

24:51

comic artist is going to be hosting that. So we're really excited to have her.

 G

Gigi 24:58

Right. That's great.

 ♀

25:02

Let's see what else is happening. We have, we have someone else who is going to do a bisexual mask making a mask making workshop, where we'll be able to sort of create, we all have different masks, you know that we were in our lives. And this is actually going to be a physical manifestation of that where people are going to create masks that they can display or wear, or do whatever they would like to with.

 G

Gigi 25:27

That sounds pretty cool. I can think of quite a few different mask I would.

 ♀

25:35

I'm sorry, what did you say? Oh,

 G

Gigi 25:37

I can think of quite a few masks that I could put on? Oh, yeah. So how did they get? How do people get in touch with you for the baffle conference? Well,

 ♀

25:50

there are several ways those people that have hooked to the internet and our wired, were on the internet. And it said WWW dot bi-net la.org/baffled. And there we have online registration form. And in all the information, if you don't have a computer, you can you can call us at area code 323-882-4402 and request that we send you a registration form and we can do that right away.

 G

Giai 26:27

Okay. Can you put mike back on for a second?

26:31

I certainly can carry is

26:35

it Oh,

Gigi 26:36

I just wanted to check and see if you had anything you wanted to add on the conference before we move on?

26:44

Oh, no, I guess that's it. We're Denise pen and I are gonna be doing a media workshop that we're also doing out in Houston for you guys. The one we're we're recreating a talk show. And that will keep trained people on how to go on shows like this. And and talk shows as well and tell about bisexuality and deal with more unpleasant hosts. The new guys are nice. Because other times people can be really nasty. In other words, the hostile with that kind of workshop.

Gigi 27:21

Yeah, the hostile game. talk shows.

27:26

We look forward to seeing you guys out in Houston. And anybody from Houston wants to come out on August 20. You're welcome. We'll have a good time in LA. Oh, and

Gigi 27:34

I've been up there. It's beautiful. Thanks for Thanks for joining us. Okay, you have a good night. All right. Bye. Bye. Bye.

Jimmy Carper 27:46

Oh, that was nice. That was very, very nice. Okay, um, we're going to go to quick break, and then I believe we're going to bring on

G

Gigi 27:59

oral sex.

J

Jimmy Carper 28:00

Yeah. The horrible sucks, guys. It sucks. To suck or not to suck. That's what the fabulous boys are up to. And you're gonna find out all about that in just about one minute. You're listening to after hours queer radio with attitude on KPFT Houston, and ke O 's College Station.

G

Glenn Holt 28:22

Hello, Houston. Do you know what's happening in the lesbian and gay community? You mean you haven't heard? Well, by all means tune into lesbian and gay voices this Friday evening at eight o'clock on KPFT. Jack velinski. It's spontaneous, and it's Houston's only primetime radio program for the Lesbian Gay transgender community. It's lesbian and gay voices Fridays at 8pm. Only on 90.1 of em KPFT the sound of Texas

J

Jimmy Carper 29:20

boy that ends kind of abruptly. That's our sister program lesbian and gay voices on every Friday night right here on KPFT at 8pm Right now, we've got we've got people talking to each other in the other room. Yes. And the mics are on and you didn't

♀

29:40

tell us the mic was on usually. Okay. Usually, okay. This is the way it usually works. How does it work? 321 You're on the air. You're

J

Jimmy Carper 29:49

used to being on that other program lesbian and gay for other programs? Yes, they were

♂

29:54

kind of like the other white meat.

J

Jimmy Carper 30:00

Her Do we look like Armadillo to you?

o

30:03

So are you going to introduce this?

G

Gigi 30:04

Yes, we're here to talk about

J

Jimmy Carper 30:09

the one the only Michael Crawford is here with Daniel, from the fabulous boys network. And we're going to find out about to soccer, not to soccer. Exactly something that we've been talking about for weeks, if not for years. Why? Hello.

o

30:28

And we greatly appreciate your help your support and your efforts at answering the question soccer not to stop.

G

Gigi 30:33

And you know my answer.

J

Jimmy Carper 30:37

But not to suck with or without a condom. That's,

G

Gigi 30:41

I think that's a different question.

o

30:44

Yeah. So that's actually what we're going to be talking about at this forum that we have coming up next week, which is going to be on Wednesday, August 11. At seven o'clock at Houston, gay and lesbian community center. 803. Hawthorne, right, exactly. Exactly. Are we like right in the middle of the interview? Or were you just like about to do something else? But we were talking?

J

Jimmy Carper 31:04

What? No, no, that's fine. Is yours?

♂

31:09

Okay, great. So yeah, so fabulous boys network. For those of you who are unaware of who we are. We harness the power of younger gay men to create a stronger, healthier gay community. We sponsor events, public forums, discussion groups, social groups, etc, etc. Designed to create alternative spaces and relevant health promotion strategies targeting younger gay and bisexual men.

J

Jimmy Carper 31:33

Wow, he's got that. Wow. Telling me earlier before the show that you've already written in the three or four months you've been together, you've already had like, six, seven.

♂

31:42

Yeah, yes. To suck or not to suck is going to be our sixth event.

J

Jimmy Carper 31:45

Wow. I had no idea. I know. We've been talking about quite a few of them. But yeah, I didn't know you.

♂

31:51

Yeah. I mean, we started way back in March, which I guess isn't all that long ago with skin to skin, which was a community forum on the hot topic of bareback sex. Yeah, which went extremely well. So and we've done other things, since then, including, we co sponsored the positively proud party. That was before the gay pride parade that FCFA organized. That was for HIV positive queers and our friends. We've done community forums on body image on, we've done a men's performance workshop with Tim Miller. So we've done quite a few things. And I mean, that's not it's not the end, it's gonna get more and more and more fabulous. Good.

J

Jimmy Carper 32:33

Because that's, that's where we need to be headed. I've said very often that, you know, I can talk about safe sex and all of that kind of stuff. But I'm an old fart, nobody's gonna listen to me. But, you know,

32:47

can I say as a young fart, I love old fart. I think one thing that I want to like make really clear is that while fabulous boys is specifically focused on men 35. And under, we love men, over 35 Thank you. And we greatly appreciate all the fabulous and wonderful things that you guys have done that enabled us to be as out as we are, and to explore all the options that we have today. But there's a

J Jimmy Carper 33:18

very big difference between men over 35 and men under 35, in that you have had the specter of a your whole life. Those of us who are over 35, have had maybe in our youth where aids didn't exist. And so we come from very different places.

33:42

That's true. And that's true. And I actually, I'm glad you brought that up, because I want to read something. And what this is, this is the bolder like declaration for younger Gay Men's Health.
