## SUMMARY KEYWORDS

song, panzer division, jason, hear, jimmy, queued, boy scouts, russell, air, love, slogan, call, days, night, week, number, big, listener, college, hatchling

---

00:00

All right. And we find out who that actually is

00:06

performing that song.

00:08

I was right. It was just a. She said however you want to pronounce her and Russell late because while he was chit chatting with Jimmy and

00:16

him a little late.

00:17

Oh, come on the two of you spent that timeless and during that song that was a good cigarette break rods

00:24

have to have your cigarette

00:30

were you not have had a hot rod in your mouth during that break?

00:34

Of course,

00:35

that would depend on your definition of a hot rod.

00:38

We're talking about car

00:39

are you sucking on something with a red tip? Long White shaft causing something billowy and white to occur? Yes,

00:50

I confess I'm just I'm just wondering whether or not Jimmy's beginning to hyperventilate, and they're yet

00:58

said anything wrong. Can you answer that question?

01:04

Then, the truth is no. I'm going with Bill Clinton's. What is your definition of sucking on something?

01:12

What is your definition of that?

01:15

Like wearing a blue dress so anything's game?

01:16

RT:TO

Oh, for saving things

01:21

to thank the Lord for not wearing a blue dress.

01:25

And be careful rainbow Holly has one out in advance.

01:28

Oh, I'm sure she does. Well, where did you notice this font has vibrate on it?

01:32

Ooh, give it to me.

01:33

That's why we never got a hold of him. He's always calling. Well, that's right. I

01:35

was supposed to hand it to you before we were supposed to hand it to me and I was gonna put it. I'm sorry. In a special place to save it for you. Can we watch? You can I tell you? I'm an expert. Expert. exhibitionist. Yes. That's

01:47

the word. Expert exhibitionist Express. If there's anything on there that tickles your fancy some of the artists certainly wouldn't be my first time. Well, we do a lot on the air here. Oh, really? We don't? Yes. We've always said we're the Howard Stern of the gay community to Howard sir. Anything Goes around here

02:12

his head on the microphone. Which head we ask ourselves. Anyway, so for listeners, one of the things we're doing right now is trying to find some other music here from the soundtrack of trick, which is coming soon to the theaters. And trust me if you've seen the pictures of some of

the performers in here because I think the slogan of the song is going to reject the CD and they gotta reset it. They only have the slogan restaurant, the seating room.

⌚ 02:42

I am making me do stuff.

⌚ 02:44

It's big. It's beautiful. And you're gonna love it.

⌚ 02:51

That's the slogan of this. Is that kind of like is that kind of like the slogan South Park was? What was it?

⌚ 02:56

Bigger, Longer? Uncut? Right? Take a look. This is one of their publicity shots they have in there.

⌚ 03:06

And I have to say this, my friend Jennifer just called me on my pager.

⌚ 03:10

just called you on the back. Yeah. What

⌚ 03:13

is code? 536? I had to say it

⌚ 03:14

on the radio. Are you smiling because she called that she called Are You just

⌚ 03:19

vibrated

03:20

this that I've I think that we needed to in the next few days.

03:23

She's calling she needs to vibrate me again so I can be prepared for it. Well, she needs to call it on the air as well. She has she can call it on the air. What's the number? Because she may be listening to now

03:34

I don't know the number to our radio session is 713-526-5738 and we'll get right on and this is after hours. And I guess I'm supposed to keep the song you had queued up number three which is brand new lover. Yeah, it was that? Was that what you wanted to listen to? I think it was I was wanting to listen to Dreamweaver. Alright, we're gonna do Dreamweaver. Okay,

03:59

I'll fault watching, see if I did it right.

04:03

We got to turn off all the CDs first.

04:07

So this is actually this is music from the soundtrack trick if you want to

04:10

get Greenway

04:12

is going to be playing a greenway and we have free passes for this third, Thursday, the 12th edition. That's going to be going on it's just calling so 13526 KPFT and we will be glad to give you some free tickets. Sorry, ready to go?

04:28

04:20

Yes, we're ready to go. Do you know how to queue it up? Do you know how to start it? It's a it up? And you're gonna get up out of it all right, that was Dreamweaver. And that was the the second version that was the one form by Eric Aaron Hamilton Eric Hamill, Aaron Hamilton sorry.

04:54

And read on your dance club versions of how you

04:57

know I love that version of Dreamweaver. Russell now has the vibrating phone with him.

05:04

Yes. waiting for a phone call. So if you know Jason call him

05:12

or if he doesn't have access to any of the bathroom walls and riches you can get ahold of him too. Yeah.

05:19

scuze me.

05:21

It's listed under if for good. You know what? You better

05:24

watch what you say, buddy. Oh, I will.

05:27

I'm sorry. I take that back. Jason's phone numbers very good guy call. Jason's numbers listed. Not the restaurant. Yeah.

05:35

I think the handout is number at the front door now.

05:42

I'm just glad that I picked the song that I liked that dance. That's somewhat dance club version. And actually, Jason blanked it.

05:48

I I've never made it a secret that I love Dreamweaver. I love that version of Dreamweaver. But that was back in the heaven days. So every time I hear every time I hear that song I have flashbacks. Smoke,

06:02

like that first song that we ever that we heard first on the show. That's what you always say whenever you hear that back into heaven first came out the fire the fire. And I feel so jealous because I'm only 18 It's just wish I could have been there for those days. And what so now it's gonna be 21 and up and that's gonna not be good. We're not going

06:24

to ask how I got other clubs

06:30

don't I mean, I know you put on the video. You just turned 21 But which was a relief to many of the bartenders that you use. Right right. How

06:37

many how many years was like going out on the clubs before? 16

06:44

days?

06:46

Oh, girl i i wouldn't grow. I was still like a sperm. Okay, it's not my fault that you know what? No, actually, my grandfather was still a sperm. A couple of days. Okay. That make us feel good. But we received from limmv Well. well. it's not all it's not limmv's fault that he was born back

But we received word, Jimmy. Well, it's not his fault that he was born back before Columbus sailed the ocean blue. It's not his fault that he was on the

07:16

area members when the wheel was invented.

07:20

Scratch where's this picture?

07:24

Now should you act surprised? Well, I bring a bitch with me. I mean, I always can't blame me, too.

07:30

I always always rank on Jason whenever he does that,

07:33

and he has to deal with me every day. I mean, shoot

07:37

me he always makes fun of how young I am and how I missed heavens and everything. So I have to remind him that he was around when dinosaurs roamed the earth and

07:44

I was not I near he's

07:47

a total of three years older than you see a long time.

07:52

Well, well he picks on Jimmy also picks on me just because I'm six years older than he is.

07:58

Jimmy was here was during the Depository days

08:03

during during the wet days depository depository days

08:14

Yes,

08:15

yes. It was a fabulous club that's in the vault of a bank.

08:21

Oh, awesome. Now those were the days Oh,

08:27

yeah, that's right. Somebody handed me my first popper.

08:33

But we don't condone the use of drugs or any illegal substances the

08:45

is that slurring Lee?

08:48

Do you think is branwen That's just the alcohol Thompson.

08:51

that's legal. Do not condone it. We don't condemn it either. But we don't condone it. Yes.

08:58

Oh, speaking once you want speaking people here speaking of the time, everybody should well we do a station identification.

09:08

There we go. Commercial Free and listener sponsored Houston's 90.1 KPFT the sound of Texas of Pacifica network station KPFT Houston. KOLs College Station.

09:21

Business as usual. Okay,

09:23

we've got great Oh,

09:26

what was that?

09:27

I have bad news. Yes, we had a request for a song by panzer division called Kiss and I don't have that cut with me tonight have three pansy division CDs and not that cut. Well, I guess you're gonna have to play it for them next week. Oh man. Yeah, I'm

09:46

gonna have to go out and get that. I have it at home. I mean, I bring it from home.

09:51

I Dragon 200 CDs a week. Give me a break.

09:57

And Josh from the north from Northwest, he Stan just just found our show and said he just moved here from California and loves the show and, and lucky him got a pair of movie tickets

soon.

10:11

Oh, there you go.

10:12

So I was looking at that name because the name sounds familiar because that's my neck of the woods.

10:17

Oh, no comment

10:20

about the Josh part. The other

10:21

one. No, I'm not talking with Josh but I'm talking about that one. And we encourage you to call in someone 35265738713526 KPFT. Our next song that we have queued up is one or two songs and we'll let Russell choose we can either listen to Depeche Mode last MISS ROSE or we can listen to venga boy is the banger buses coming

10:49

some guy never heard of or Depeche Mode the past man would be guy am I not surprised? But you know what? My favorite band? Well, second favorite maybe your second favorite? Well, who's

10:59

your favorite?

11:00

Oh, do you even want to know? It's bush? The song glycerine just rocks me inside and out.

11:00

11:06

We know why we you're just you're just hung up over what's his name? But you know who Gavin

11:11

Rossmore but I just I can't help it if he's 30 something years old and he still looks good.

11:17

I just changed the song and he's rich. I just changed the song on Russell the screw with his head. So but it is Depeche Mode

11:24

there as long as it's Depeche Mode

11:26

by I just have to say how evil I was for doing that.

11:33

Yes, you changed it around on me. That's not good. That's that's like and that's me. And Jason's version of the perfect man.

11:40

That's an evil evil. Like, yeah,

11:44

that was just you're trying to make me depress. Because there's nobody out there they exist like that. I found

11:53

that one's number three. We're going to be playing the Panzer Division that Emilio called in. We also now have a shout out and I'm sorry that this isn't for me, Leo. This is for Brooks up in Kingwood. Requesting anything from panzer division, so we're gonna do a double hit from

them. And we want to thank Cliff calling in. It says it's great to hear you guys and we sound great. We were that's

12:20

good. Obviously, you must be one of the sounds greatest. Now it's a competition.

12:27

I'm trying to figure make sure I don't shoot me wrong. Number three on here.

12:34

Oh, yeah. Hey, indivision. We can't play all of their songs on the air.

12:37

Exactly.

12:38

You have to bleep some of it.

12:41

We actually got me working with Phil up here.

12:44

God forbid Roy actually has to answer the phone because of us. Oh, no.

12:49

And we have another first time listener who found out the same way about this radio show that I found out about it. Jr. Down in Bay town. First time listener loves the show and heard about it from the outsmart he's mid teenager. Which would mean

13:05

the bottom is what it looks good. 1718

13:09

that means 16 means 20 To 3020 to 30. You really, if you liked the insanity you're hearing now you're gonna love it in two weeks when our hatchlings come on the air. During the second show, that's our the Houston area teenage coalition of homosexuals. That's the first time I heard it. Very informative group. And that's going to be on not next Saturday night. But the following Saturday night, the second half of the show, correct,

13:35

which is the second half of the show, which is actually how I originally got involved with KPFT through Scott Koopa. And Jimmy got together and they decided that hatch needed a segment on here. And so you have a

13:51

cuter story of how you got into KPFT I got into KPFT by walking in here drunk one night with a \$10 bill and and getting thrown on the air. And they haven't gotten me out of here yet.

14:02

So to me, it's just, you know, I was a little I was a little hatchling, I was a little hatchling.

14:10

Media whore.

14:12

That's a given or harder than me but Scott Khalipa and Jimmy began to have segment knows it's pronounced Columbo. It's spelled chalupa, but it's pronounced chalupa.

14:24

We're gonna start selling those over at Taco Bell. Lupus coming soon,

14:30

but they started the hatch segment. I took over from Scotland he came too old for Hatch. I am now too old for Hatch but however I am still the liaison between hatch and KPFT and the producer of the hatch segment, but I'm just going to be on the third weekend.

14:53

All right, we've got some panzer division.

14:55

We got a bunch of hands

14:56

for Brooks in Kingwood and someone else asked for another one in there. Well, so

15:00

which one are we going to play first? We've got to get we've got either pretty boy queued up or we've got queued up. Let's go. Let's go for big bottom because I think that's a big bottom. There

15:10

we go. That's me. That's all the way that's dedicated to excess or sometime I go through phases for about a week.

15:17

So we're going to listen to big bottom. That was pretty boy, once again by Panzer Division, like we said, to two bands, the division we

15:27

pulled out of a big bottom and went right into a pretty boy.

15:30

I think that big bottom, I still think y'all just saying that I have a big butt. Oh, please. That's what the songs talking about.

15:37

If anything we know. And I don't actually

15:41

found it. There's a show that both Jason and I have been watching here on MTV, called undressed.

15:48

Oh, yes, I used that. Sometimes we

15:51

were Russell and I were at a friend's house watching that. You have not

15:55

seen that was peculiar. This is softcore. Yes, porn on MTV, practically very soft. There is, is. In every scene, there has got to be one guy that's topless, which is different from the other soft porn, the soft core that you see when it's always the woman who's topless. But they also have these gorgeous college age guys. I'm gonna guess the show was college based. And it is very interesting. They have a gay character in there. They have bisexual women. So you're getting the gay men interested and you're getting the straight guys interested because the two women got it on together.

16:33

Oh my God, no straight people like it is.

16:36

I just want to say it's great to hear from all these people tonight. It has so many calls, we want you all to keep on calling in.

16:41

Roy is very enough to call 911.

16:45

We want y'all to keep calling in give Roy a heart attack. Let's have some action going on in the studio, folks. Let's get the ambulance having to come up here on the air. As far as phone calls. You're just now figuring out I'm rude and crude. You've been working with me how long?

17:03

Because I mean, we we've got we've got pages here.

17:08

It's got sticky. We've got sticky notes all over the place. post it notes from work because we're running out of them here. And these post it notes are so appropriate. It's not easy. It's really not.

17:23

I've got a magnet that goes along with us like a like Martha Stewart President she can make new set of household

17:30

budget, just the innocent looking flower plant but really to love it and explain it.

17:37

Should we go on to the next one, which will give some people a chance to call in and maybe even take on on their call if we get somebody just say what we're discussing or whatever. Maybe try that.

17:46

What are we discussed?

17:47

I'm not quite sure what we're discussing.

17:49

Actually. We're just doing more music, music, music more about that and then undress show.

17:55

I went and really paying real close attention. I just noticed that there were a lot of cute boys on it. Yeah, a lot

17:59

of boys in there. Very interesting storylines. They have the college scene, which we're going to always a good scene to start with. Yeah, with a college age group. And I think we're gonna be covering part of that are trying to do next week, next month. With coming out in college.

18:16

I definitely give it two thumbs up Yeah, sounds

18:22

a part of having a gay college student and a straight college student sharing a dorm room, and the tensions between those. And they're trying to become friends. And it's been the rumors. And it's really interesting watching that play out and watching how the gay students tried to get the straight guy to leave and goes through trying to act real Nellie and then trying to act like a more more of a butch kind. And then he figures well the best way I'll get rid of him as I'll tell him I'm attracted to him. And so there's a scene where they're getting ready to he's he's coming out he's telling him this and he's bout ready to kiss him. And the straight guy just looks at him and laughing at him.

19:02

And it has always builds up your self esteem. Yeah.

19:04

But it was it's really interesting watching that part progress and then you've got these group of like freshmen in college, and the one freshman who's real nervous and not too sure about himself and having his sister help him out try and help them out getting getting given getting it on with this girl. Not centrally but they'll know a day. Really interesting storylines, and they're on later on at night like 1030 and midnight on MTV as really interesting thing to watch. And especially if you're at home, you don't have access to a little bit more of your flavorful programming. That's on Mesa cable hunt. And you can see it the way

19:44

that I got my straight roommate to leave was just my being a typical young gay man and being up at all hours of the night and playing music and just having a good time in life.

20:00

This is showing them how to have fun.

20:04

I did I did go to a&m, and I'm probably the proudest Aggie ever to be invited to leave and an Eagle Scout you will ever talk to am I'm an Eagle Scout. And

20:13

even though there's that big old controversy going on about that,

20:16

except if you were in New Jersey, because Jersey allows it now. Oh, really? Yeah, they the, the state Supreme Court recently sided against the Boy Scouts of America saying, Look, your Republic interest group, you can't you can't discriminate. And so they are, that's going to be going to the Supreme Court. And

20:35

you know what, honestly, I think as far as the Boy Scouts are concerned, if they wanted to keep the policy, in effect, they're making a big mistake by appealing it to the national Supreme Court. Because I have a feeling that the Supreme Court nationally would there's no other choice by what you say that the Boy Scouts cannot segregate a certain group from

20:59

probably gonna run to the national Supreme Court, the US Supreme Court is the fact that it is at this time very conservative, the majority is conservative. And it looks like they're going to be there are talks that some of them are going to be retiring. But unfortunately, it looks like they're not going to drop quickly. And so they're going to wait for the next election where they are hope

21:21

George W gets in more conservative, compassionate conservative. Yeah, well, I love George Bush. But

21:28

all I know is I just have a problem with this. All I know is so far this years. These upcoming

all i know is i just have a problem with this. all i know is so far this years. these upcoming presidential elections are definitely looking like a closed pan vote. type we have to put a close pan over your nose because both candidates pretty much thank you choose which ones thanks a lot. Well, I'm

21:44

just looking forward to the debates because see, I have insomnia. And I don't care if you've got Gore versus Bradley or Bradley versus Bush or Gore versus bush. I think they're gonna put you to sleep.

21:55

I just want to see him. quails learned how to spell potato.

21:59

I don't think he's getting out of there. See him in Iowa. Maybe and

22:04

I've got a song queued up real quick. Madonna and I believe I queued up the right number. Is

22:11

it beautiful stranger now? No,

22:13

it's off the red light CD. Is No, it's the power of goodbye, which is number 20. Go to number 10 Number 10. So we're going to start a favorite city

22:36

got to live in Nona gotta love it. Okay.

22:39

I've just been accused of being mean to Jason. No. reason why I shouldn't be loved to hear it.

22:45

♂ 22:40

Because he's a nice guy. Okay.

♂ 22:48

Okay. I'll give you a compliment. Okay. This is the first time in a while you have actually had my microphone turned on the whole time.

♂ 22:54

You go. Well, that was

♂ 22:56

a mistake the Fast Times.

♂ 22:58

Before we go. I have to say hi to both my friends Michael. Michael and Michael. They're listening on the air. They just called me.

♂ 23:06

Okay. You've been listening to KPFT after hours. We're radio. The next one. We're radio. We're radio with attitude. Coming up at three o'clock is Big Daddy j with the red eyes special.

♂ 23:23

I love the song vengo love this song. Yes,

♂ 23:28

boys manga bus is coming. Be sure to tune in.

♂ 23:33

Next week is the spirit of Holland with the transgender show. And don't forget to listen to lesbian and gay voices Friday night at 8pm.

♂ 23:42

And the week after that is the hatch show. So we shall see y'all next month.

23:51

And thanks to everybody for calling in. We really do appreciate them. Having listeners call in and letting you know letting us know that you like what you're hearing

23:59

and we will see our we're out of here. Bye
