Houston's own Debra Danburg has won House Bill 1181, prohibiting discrimination on the basis of sex, race, ethnicity, or sexual orientation, prospective adoptive parents or foster care providers. There's another bill that will. And the last one is from representative Glenn Maxey House Bill 475 would be Texas version of ENDA to state labor code, we're for him any information on the basis of sexual orientation. Best thing you can do as these are starting to come up for discussion. So find out who your representative is, and give them a call, send them a postcard, send them a handwritten letter, let them know that, that what you stand on these and how you stand for them and where your votes will go, depending on where their votes go. And if you need any help finding out your representatives, I'm pretty sure if you call the caucus office, they will be glad to help you out and tell you who to call and what numbers and all that the caucus number.

Roy McCarthy 01:04

Yes, the caucus number is area code 713-521-1000. Once again, that's 7135211 Triple o Okay, and talking about unresolved business. We have a judge here that's involved in something that's none of his business. And a court order dated March 9, the seventh eighth Judicial District Judge that's up there in Dallas. And this is a Judge Keith Nelson, and he's a Republican. He has ordered a mother who is a lesbian, to remove her biological daughter from religious training at a Metropolitan Community Church, because the judge doesn't consider that church to be mainline or to be a mainline denomination.

Chris 01:56

I guess since the since they just finally started putting them on television. In Chicago. I guess that's the only way consider these churches mainline as if they have some, if they have their worship services broadcast Sunday morning.

R

Roy McCarthy 02:09

Well, you see, we have the reason why the First Amendment was put into the constitution of the United States was to prohibit the government and a judge is the judicial branch is the third branch of the government. Our legislative, which is Congress, the House in the Senate, the executive branch, which is the President in all his folks and the judicial. That's the third branch. And this, the First Amendment prohibits the government in any of the branches from discriminating or showing preference in favor of one religion over another. Whether it's a denomination of 2 million people, or a church of five people or one person,

C

Chris 02:59

as this is kind of like the reverse of what you if you happen to tune in to CBN. Occasionally, I've seen what they're always screaming about is protect the small church, protect the church interest, the religious interest. And here's a woman who is putting her child through religious school. And I'd be interested in see if Pat Robertson could even say anything negative about this.

R

Roy McCarthy 03:18

Now the mother has joint custody of her daughter with her ex husband. And according to the judge's order, both parties agreed to use mainline religious institutions for training of the child. In this case, the judge defined, the judge himself has defined mainline churches as the Catholic Church churches of the Protestant faith, such as Presbyterian, Methodist, Baptist, Christian Episcopalian, and the like as well as Jewish synagogue. Obviously, the the Muslims are not in here, the Buddhists are not in there. The Hindus are not in here. So he does not consider anything that's outside of the Judeo Christian base to fall within the category of mainline

C

Chris 04:04

it sounds like he threw in the Jewish synagogues just to cover himself in the coming election time.

R

Roy McCarthy 04:09

And the judge right that the court finds that the Metropolitan Community Church does not fall within this category to child and he said that the child's father has a right to complain about training outside of mainline religious principles. In addition, he said that the order that he said that in the order that the best interests of the child do not require the mother to have the right to direct the moral and religious training of a child during periods of her possession without the agreement of her ex husband and folks, that's a lot of hogwash. I come from a family of 10 kids. I'm the only faggot in the bunch. That means there's nine others and they all got divorced. And never, ever Has there ever been anything like this? And you know what faith

C

Chris 04:57

Chris 07:07  
they wanted the the father wants to try Raised in.

R Roy McCarthy 05:03  
This is just so ludicrous. This is such a violation of the First Amendment. It is absolutely incredible. At any rate, the San Francisco based National Center for Lesbian Rights, has now taken up the case as Coast council with the mothers attorney, Kate Kendall, a lawyer there with the group said that the court is of a mind that a parent who is a lesbian or gay does not possess a sufficient moral center to raise their child children with moral values and teachings. And that she also said that a notice of appeal has been filed. And I'm quoting her she's when she says that we intend to represent the mother in this case, on appeal to vindicate not only her first amendment rights to freedom of religion, but also her right to raise her child during her period of custody, as any parent would be entitled to. The Reverend Troy Perry, founder of the universal fellowship in the Metropolitan Community Church, he is so upset about this, that he's about the judge's ruling that he now plans to pay for the entire legal costs of the case and follow it through to the United States Supreme Court, he says, and he says that he's just gotten tired of this, and he just can't sit back and neither can the denomination. let this get by them. He said that if he has to take this thing to the Supreme Court, he will win and that there's no doubt in his mind. Now, a legal defense fund has been set up by prairie by Troy Perry for the mother. And he asked that checks be made payable to the UFC MCC Defense Fund 8704 Santa Monica Boulevard, second floor, West Hollywood, California, nine double oh six, nine. Or you can call them for more information that area code 310-360-8640. And if you'd like those numbers again, call me after the news. And I'll be more than happy to give you those numbers again,

C Chris 07:07  
or just turn to page six on the triangle All right, now let's go to some lighter fare the

R Roy McCarthy 07:18  
which is where we digress.

C Chris 07:20  
Oh, yes. The third annual gay lesbian Film Festival which we kind of butchered last week because we had no information and guess what? We've got it now. Oh, my goodness. I just do a rush limbaugh thing.

R Roy McCarthy 07:31  
I just gotta say it.

Chris 07:31

 Chris 07:34  
I can't believe I did that on my news.

 07:39  
There will be careful if you did that, either.

 Chris 07:44  
You know, I should be taken. At least got Jimmy's attention again. It certainly. Was Paul showing you his pictures again. No, no, no, no. Yeah. Have you seen his pictures? No. He's got them here. All bring the pictures in if you got him out in the lobby. That's the reason why I wasn't able to speak last

 08:00  
when all you have to listen to the news by

 Chris 08:05  
Okay, thanks, Steve.

 Roy McCarthy 08:09  
Oh, my goodness. There we go. Again,

 Chris 08:11  
hey, if you can do your shout outs, I'll do my shout outs in the middle of this segment. A 1999 Houston, gay and lesbian film festival will feature over a dozen films and short film series is going to be held this year at the Angelika Film Center, the Aurora picture show diverse works. Landmark Greenway theater, the Museum of Fine Arts, Houston, and the rice Media Center. The cost of the film's usually range anywhere from four to \$6. And some of them are even suggested donations. The films are going to get started Friday, May 28. But the movie Get Real at Greenway. And I think I read about this one. This is another one if it's the wine thinking of it is yet another British gay coming of age film, which unfortunately, we can't seem to make here in America. Of course, that following that week, also that weekend at the Museum of Fine Arts Houston, the righteous babes followed by wavelengths and Koosh Koosh Koosh will be Saturday, May 29. And Monday, May 31. Also on Saturday night, at Museo Fine Arts, Houston. It's in the water and Monday. It's really it's more information on some of the films that you're going to be seeing there. You can go to the pride committee of Houston's website at WWW dot pride Houston dot and I wrote the wrong thing about that there org They're an org right?

R Roy McCarthy 09:51

Yes, so debian.org

C Chris 09:53

Yeah, or pride.houston.org and take a look at their and they should be able to link you to all the events that are coming up involved with the month long pride festivities.

R Roy McCarthy 10:05

They are an org because they are a 501 C three otherwise there would be a .com organization is that

C Chris 10:18

people turn to for the computer stuff.

R Roy McCarthy 10:20

Oh okay anyways,

C Chris 10:22

we have a diva coming to town.

R Roy McCarthy 10:24

Well that's a little bit later. A little later we got the one announced something kind of interesting going on here to Gay and Lesbian Alliance Against Defamation has teamed up with Absolut Vodka. Oh reveal that, and Entertainment Weekly to commemorate gay films, gay filmmakers and movies that deal positively with the gay experience by creating them. The media campaign, the 20 best lesbian and gay films of the 20th century. Participants, which is all of us are being asked to pick 20 of our favorite gay films from ballot that consists of about 166 features handpicked by GLAAD and three spaces left to for writing ones admitted from the list. Glad we'll be distributing these ballots throughout the year at numerous Gay Pride lesbian film festivals and Gay Pride celebration across the country. And you can do your also do your voting electronically by accessing Glads website at <http://dp.semi.colon.backslash.backslash.www.glaad.org>. Either way, mail ballots or online voting must be completed by January 7, the year 2000. And for your efforts, each voter will automatically be entered into a drawing to win two round trip tickets on American Airlines to anyone have Glads Media Award ceremonies in 2000. In the year 2000. In addition to attending the star studded event, the winner and their guests will stay for two nights at a plush Hotel in Los Angeles, New York or Washington DC, one

of three host cities for the GLAAD Media Awards. So get ready to be looking for those those different ballots in the upcoming pride events and gay film festivals like Chris was just talking about I'm still trying to forget what the

Chris 12:31

movie that was. I remember seeing it because this is the scene where then the woman comes in and finds her boyfriend with this with the gag

Roy McCarthy 12:38

with Chris. Radio people cannot see what you're pointing and I'm pointing

Chris 12:43

it at you 15 And tell me whatever the third movie is down in that one.

Roy McCarthy 12:49

Anyway, so that's the century's best K flicks some of the movies that they are going to be on the ballot will be apartment zero didn't say it. Murrays parting glances the boys in the band. Hey, I saw that one. Bound longtime companion. Beautiful thing Gods and Monsters, love and human remains. My beautiful Londra long answer the phone loving human remains. That's not about Jeffrey Dahmer, is it? Well, it says human remains. I don't know. My Beautiful

Chris 13:25

Laundrette I'm the moon. I'm the one with the Jeffrey Dahmer joke not you

Roy McCarthy 13:29

prick up your ears, another country and some of these other ones. So, look for those ballots in these upcoming Gay Pride film festivals. And what is happening in the life here

Jimmy Carper 13:48

and human remains? Yes. Let me slap you real hard for that one.

Roy McCarthy 13:54

I thought it was a movie about Jeffrey Dahmer. As

Chris 13:58

I remember correctly, it's a Brit. It's another British film. Oh yeah, a group of friends and they kill someone and they have to bury a mountain in the Moors, which I guess is more as over there.

14:11

Sounds lovely. Set my what

Chris 14:16

set your VCR is because channel eight, the PBS affiliate here is showing in the life bi monthly movie, that movie television series for the gay lesbian, bisexual transgender community. And as usual, they're showing it at one o'clock in the morning.

Jimmy Carper 14:36

And you may want to give them a little call or write them a little email or memo saying what you think of that

Chris 14:43

crap, especially if you donate to the big purple dinosaur over there. Exactly. That's unfortunate.

Jimmy Carper 14:49

If they if they you know that we've been pitching for years that they they censor gay material and they don't show a lot of gay material. And so when they do it's like in the middle of a night

Chris 15:00

Yeah. And at least at least this time, it's got some little notice in the press there because usually Yeah, you don't even hear about I guess. Sometimes it's not even listed in the television schedule, you'll just see it's off the air or like, in the rise all they fit in there. So you never know. You

Jimmy Carper 15:15

never know. And then, you know, you go and bitch about oh, well, we showed this. We showed that.

 Roy McCarthy 15:19

Yeah, but they sure come to us for them for the money. They sure do. This episode

 Chris 15:23

is going to be covering gay cruise ships, the airline industry and what it's like to be gay and hearing impaired. If you want to find out more about the show in the life, you can go on your website to [www.inthelife.tv.org](http://www.inthelife.tv.org). And you can get your you can get scheduled for where it's played all across the country. No kidding. At one time, they used to have a little link on the Houston site. They're saying, Why don't you call them up and say, hey, they need to get this fixed, right? What do you want y'all to cut into my time? I can't help it. You finally showed up on time for a show.

 Roy McCarthy 15:59

sober?

 16:00

Well, Jason's here

 16:02

since I'm saying, well, that's even more of an excuse to me,

 Chris 16:05

I don't care when you're, when your segment starts. I leave from this side of the studio and go to that side of the studio. It's taken too much time. Well, if you got a crowbar want to pull them out of that chair? What's next? Oh,

 16:19

my God.

 Roy McCarthy 16:21

We got an eighth wall coming along. You can do the Texas Two Step. Cuz we have an eighth wall coming up. And it's gonna be on Sunday, March 19. And it's in partnership with Chase Bank. And it's also going to be benefiting 14 Local AIDS organization wonderful. And if you'd

like to register call area code 713524 AIDS. And

 Chris 16:48

you'll see some of us down there at the AIDS Walk. I know I'm planning on being there as part of the health crew with oh good with cute patrol, we're going to try and get people to come down there and help out with radios and keep track of when it gets sick.

 Roy McCarthy 16:59

So what's what's the gambling going on?

 Chris 17:03

Get on the bus Vegas style, the pride committee of Houston tried to raise some money again, still always, and they were planning a trip to the Grand casita kushana In Kinder Louisiana. Been there done that lost a lot of money. If it's your first time there, don't take a check to to get cashed or you're waiting in our line for about half an hour or so when you get to god awful looking letter. I almost wrote him back with corrections on it.

 17:33

That's that isn't ideal. And that's the views part. And folks,

 Chris 17:37

Saturday, May 22 1999, the party bus will leave at 8am I back in Houston about 10pm reminding everybody sober.

 17:47

Oh,

 Chris 17:49

I've gone on those party best thing. I could, I could never get them to come over give me the free drinks. It's like I've wanted to be this over. I stay at home. Oh, shut up.

 18:00

I left the club for this.

 **R** Roy McCarthy 18:03  
That's why people going back to the club

 **C** Chris 18:06  
is the world's smallest violin playing the world's saddest song. The drop off and pickup location will be announced later, they'll have about six hours to play. The cost is \$20. And the first 45 People are going to be we're gonna reserve a spot on there called the pipeline and said 135 to 969 79.

 **R** Roy McCarthy 18:27  
Also, folks, there's an official Gay Pride event, Ms. Roberta Flack is coming to the arena theater, but that's not going to be until June 12. And she's going to be celebrating gay pride with some you know, with us, and I'm telling you about it now so that you can start putting the money away to go see Roberta Flack, you know that's gonna be costly. She'll keep you know,

 **C** Chris 18:53  
okay, I'm definitely here Friday at the park yet ready. Get your pride T shirts out. Sunday, June 20 1999. Advanced tickets are \$20 exclusively through the pride committee. If you wait till you walk up to the front gate, it's going to be about 34 and a half prior to woodpark at AstroWorld theme park. And like I said, that is Sunday, June 20. And it doesn't tell you if you can if you want to send your tickets for the money for \$20 to the pride committee of Houston PO Box 66071 Houston, Texas 772666071. And you can find all that out in the what are they calling it this year, inside pride, the Stonewall 30 commemoration and it's the pride guide. And you can pick them up over at the community center at 803 Hawthorne.

 **R** Roy McCarthy 19:44  
Now as for Ray Hill, he's back in the news here. Ray Hill, the prison years is back and you can see it in two weeks. Monday, May 17. And this has been a long running prison show that he has hosted here and in this prison, yours has garnered national attention, you know, and you really need to go see it. And if you'd like more information call area code 713-523-2802. And then two weeks after that it's Ray Hill and the second police. One week do the math one week okay. Anyway, because at 2151 Richmond Avenue in the shepherd Plaza,

 **C** Chris 20:29  
aliens count up to seven so we wouldn't have to take his shoes off.

Roy McCarthy 20:31

Anyways, that's it for this week's edition of news interviews. And we actually have a sober guy over there on the other side

Chris 20:40

hold a hold it Jason is an A on smashed mood. Roy is actually dressed

20:47

coach which we all are very thankful for that

Chris 20:51

even has a tie the clip on ties out on the table I saw the clip on and and his jacket called Pat Robertson. I think the meteors are coming.

21:01

Well, you know, Pat's been Pat's been predicting the end of the world. So you never Yeah, you're probably right. Well,

Roy McCarthy 21:10

Chris isn't is as big as the world I will say.

21:13

You know, it's high pot. This is cattle. You're

Chris 21:17

actually well see, it's quite a good good coincidence that Roy will be part of the reason for the end of the world since he was there for the beginning of it.

21:29

Anyway, next, next up y'all got after hours, the next generation?

Roy McCarthy 21:35

Oh my God. Are we in trouble? With

21:39

me, Jason and Chris. So I guess so Roy no longer gets to sit in the chair. Go back and answer the phones.

Roy McCarthy 21:49

I have been dumped. I have been tempted you shouldn't have ever picked up

Chris 22:08

from his sabbatical at the bottom of a Roman glass.

22:12

I don't drink rum. Not anymore.

Chris 22:14

Standards.

22:16

Getting to get closer to the mic. I'm not hearing you. Hello.

Chris 22:23

Oh, it's 2am This is KPFT 90.1 FM Houston. KOLs at

Jimmy Carper 22:31

89.1 College Station. Okay. Actually, it's ke O 's College Station. And KPFT Houston it's the it's

22:43

and letters and then the city and since we're not doing TV Christus has this look on his face like a dog that's gonna fly buzzing around a 10

Chris 22:53

listeners out there

22:57

hey, you know what actually judging I've okay my friends my friends called while I was in the lobby and judging by this this list that they want me to do a shout out real quick. What we've got more than three, we've got 1234 fuzzer. We've got at least nine listeners here. So better be listening. So So here's the call out. Hello, Chris Chadli. Basile, Michael, Steven. Rihanna, Chris and Heather. Yes, there are two separate Chris's out there. And anybody else who's at that party who is named didn't get called blame it on Chad Larson. Jazz he's because he's the one. He's the one that gave me the names as Chad doing Chad. I think he's doing fabulous actually.

23:42

Did you say how to lead to cancer?

Chris 23:45

Is that true? For you on the west?

23:48

Yeah, well on on February 20. It's I like this little notation on the show because my little tapes of the show say Jason on them and it says well, Jason Well not really. It was Chad and Leanne they filled in for me. I was a little under the weather.

24:04

That was a great show to listen to. It's

Chris 24:06

a shame you weren't here for it.

24:10

I was my body was here

 Chris 24:16  
fairly I mean,

 24:18  
okay, I've got to do a little on air confession. Yes. Are you gonna do last night? Because I gotta smack him here. Last night I was last night. I was at some after after hitting you know J RS and because so enriches your after hitting all the clubs. I went to some for after hours. And while I was at some, I ended up making out with four of probably the cutest boys in Houston. No, actually they were the ugliest boys because Merlin was not there. Anyway, she can go back in the lobby. But needless to say I had a great time at some last night

 Jimmy Carper 24:59  
and And what is this confession thing? I think he's proud of it. It's not exactly expression.

 25:06  
Well, can I help if I enjoy being young?

 25:12  
No, there's nothing wrong with that. I did.

 25:14  
Right. So anyway I had to do to hit him. Well, I had to do that little shout out real quick to everybody. So what are we gonna talk about tonight, Chris?

 25:26  
Well, no.

 25:28  
And again, again that that that dog look with the fly buzzing around his head hits its face. Now, girl, I know I know. You haven't had me on the air with you lately, but you should. You shouldn't expect any less abuse because of it. I have to make up for lost time here.

 Chris 25:47  
Is this fellow's out of jail yet? him in here?

is this fellow's out of jail yet? him in here?

25:51

Oh, she did not just say oh, they're Jimmy. Jimmy. Jimmy is crying. Jimmy is crying because he realized things you could. Jimmy Jimmy is crying because he realizes that he has allowed us to go on the air. Virtually unmonitored

Chris 26:13

monitor. I think he's I think he hit the seven second delay button back it right.

26:18

Do you have something queued up?

26:21

Well, I'm working on it right now.

Chris 26:23

Oh, yes. Something else to change our polls, right.

26:27

Just for that we have we have these little

Chris 26:29

discussions, or is this no CD you're gonna play at full blast? Like he did the last one.

26:34

That was an accident. Yeah.

Chris 26:37

We have these ongoing discussions with his, his club kid music and some of the stuff I listened to. I guess it's because I'm older than him. It's not

26:45

my fault. You're old. But actually like I was. But we know we know next to Jimmy. I mean, next to Jimmy, nobody, nobody is allowed to pick

Chris 26:53

on Roy, not Jimmy. You'll get there honey. Maybe, and you're gonna have this vision. One of these flashbacks from your younger days and Jimmy's gonna be sitting there.

27:05

I told you

Chris 27:09

see, actually the reason why I have trouble with the club music is because I was raised in a household where my father loved the song in the God of DaVita. And it's like 20 minutes long and pulses more than his songs do and only have four words in it. And my father like to play it at full blast at three o'clock in the morning about four times in a row. So when you're raised on something like that, the stuff will drive you nuts. As now we try and feel

27:36

dead air. He hasn't now Now let's let's go deeply into Chris's psychological problem. Let's analyze these problems. Chris

Chris 27:46

Jones and Ricky don't have enough time to Oh, 14 minutes

27:51

song. No, no, no, I cued up a four minute and 22nd song. She she was looking at the wrong CD player.

Chris 28:01

But I don't know it's too far away.

28:03

Well, yeah, as you get older your vision does go.

Chris 28:08

And he is because he is causing the vision problems.

28:12

But at least at least she admits it even though she can't lean in and lean in close enough to the microphone to make much noise on the air.

Chris 28:19

I'm sorry, unlike Roy, I don't swallow the microphone.

28:23

Well, girl you have to because we didn't get much of a pickup from me here. And I got you pumped all the way up because it

Chris 28:29

turned on though. It's not on. Now I'm on.

Jimmy Carper 28:39

Okay, was that it was on cassette because we played a cassette earlier.

28:44

So it was Jimmy's fault.

28:47

The engineer?

Chris 28:48

Yeah, I don't I'm not allowed to push on that into the thing and you're sitting here yell at me.

28:51

I don't know what these little buttons do.

Chris 28:54

I'm practically swallowing the microphone. You say? You're too quiet Chris. When in doubt, the manual.

29:00

There's a manual Okay.

29:02

Now we're all on the air now.

29:06

What's a manual? Are we going in manual one of those guys at the clubs? I haven't.

Chris 29:14

What is it CD two? Yes. Listen up now. And if you have a request of something you'd like to hear yes. Please call make Roy do something out there besides hold ct 1352 6k P F tilde. Although try to get that right at fc Houston. I've tried

29:34

to try to call something and with an up just just to annoy just to annoy Chris and Jimmy try to call in some clubby stuff if you want call in and ask Colin asked me and I'll give you some names.

Chris 29:45

If you really need the club music. I didn't know if Jason was gonna be here. So to make up for us, we're gonna sit down and go like this for 15 minutes.

29:52

Actually, that's that's not actually quite 120 beats per minute. You're getting there

30:00

But it's either that or glamour music.

30:02

But before we, before we play this song, which is Robbie, Robbie Franco's freight train.

Chris 30:12

We have something we're allowed to say or not. Yes.

30:15

Evolve has been kind enough to and I don't know if Jimmy has actually if he's heard me tell him this or not evolve has a permanent thing through me that we can give away to free passes to Picasso's every Thursday night. So if you call in, and we'll do color is number one and two at 713526 KPFT

Jimmy Carper 30:39

5265738. So the first few callers

30:43

get free passes to Picasso on Thursday night, and that is called delicious. And it really is delicious. They've got some cute dancers and they've got all the cute little cub club boys there and well, well. Well, we may have we may have Chris showing up now. So I actually you're the one who we had a

Jimmy Carper 31:01

caller call in, not for you. But for me, JJ, who's with the court and he's been on the show quite a few times. I had invited him on the show a few weeks ago when he couldn't make it. And so he says he was here last week but you weren't so no more unauthorized surgeries.

Chris 31:24

You will be passed and you haven't heard the tape yet. During the what we were allegedly doing the news interviews last week. I was able to save the full name of the court with my eyes

closed when we won tested contested. By the way,

31:35

I've had reviews of last week's show. Should I go on going there?

31:40

Okay, tell Chad and Lee to be ready.

32:31

I'll have I'll have them on backup, at least. At least if nothing else as designated drivers. And then y'all can just set me in the corner of the booth there and I'll just draw or pass out or whatever. I don't plan on remembering much about my birthday week.

32:47

Alright, so let's go on to oh, I guess that means I have to stop looking at the porn book now.

Chris 32:55

Yeah. We had a call Lloyd from over in the ship channel area says since I'm here to talk about Anegada de vida. And you were right, Roy, you butchered the spelling of it. By iron butterfly, why don't we go ahead and play it? Well, because there's not enough time left in the show to play it. And also they do. There is actually one radio station and one radio show that will play in regatta de vida occasionally, as you're at KPFT and it's on esoteric adventures. Friday night or technically it's Saturday morning 1am with Jim squared. I know that they've played that song there a couple of times not

33:34

to interrupt, but this guy is beautiful. Where's he from?

Chris 33:38

I don't know. We're looking at pictures of

33:41

mommy downs. During her job. She downloads poured off porn off the internet and I'm reviewing her porn for

her. Okay, so let's let's quit talking about the local misdemeanors and felonies. Let's go right to federal international copyright law. Thank you.

33:58

 34:14  
Okay, well, you should be saying who pursues international law these days.

 Chris 34:21  
But it's a Seoul South Pacific country. So Oh, Jimmy's jumped in with the sea. Jimmy

 34:26  
is putting music and on my show. Yes, I am. Is it clear? No. Why? Why are you showing it to me?

 Jimmy Carper 34:35  
Because we have a person who just walked in the door. Who happens to sing this music? Oh, so I'm gonna wait it on and then maybe we can get to chat with her for a couple of minutes.

 Chris 34:49  
Is she the singer that singing it? Or is she a cover artists? No, no, no.

 34:53  
Have you warned her about us? Oh, she's

 34:56
