SUMMARY KEYWORDS

sarah, jimmy, dale, segment, houston, talk, part, listening, love, left, condom, remember, magazine, roy, expecting, marlin, protest, air, republican party, earlier

00:02

I know I've heard Yeah, you can you can ask Merlin what else is going on in the air here? We're just we're just comparing and

00:10

I have to mention Marlin rom wanted to be mentioned earlier now he doesn't want to be mentioned Marlin loves me mentioned but Marlin loves to be touched more than okay, well number one can go. Well,

00:21

we are expecting. Remember next week is membership week. So I think Jimmy is expecting another donation. This time it's \$100 bill. I've been saving up for a while. Do it and one that I think Jamie's gonna prefer, you're gonna give them \$100 Make it like either 20s or ones that it's going to take them a while to retrieve it.

00:39

I'm not making any comments. You aren't here to see it where you know, and

00:48

I didn't get to see it there. There there was there was too much steam in the area here. We had to play by play going by at least heard about it.

00:54

I was probably busy at riches at the time.

00:58

No, not you know, I

01:00

don't go out. I'm a homebody really I am

01:04

a life of a hermit and a celibate is there.

01:06

There is a lightning rod on this building right now.

01:10

Yeah. Well, I'll tell you where it's connected to though.

01:13

Put your vibrator

01:21

for Chris, and he is not only Jimmy's fault that he's there Jimmy paired us up.

01:26

And then I suggested it to Jimmy. He suggested

01:29

it and he agreed to it. So so you're all asked for it is not my fault.

01:38

Yeah, because the thing is, is everything I've asked for I don't get it.

01:42

So he wasn't you weren't actually expecting to get it I think he just actually wanted me to be around so that I could tell them the stories of the cute boys at night

01:56

as Jimmy busy themselves trying to do something else. Anything else? Right he Glad you're here. Oh, that's right. We got to talk about

02:07

some of them missed in the news and views segment there. Sarah dipalma has a an ally she probably never expected she was going to hear from Dale carpenter who fail and Sarah have

02:23

let's just say Dale's a little bit more on the right wing than Sarah. Little bit.

02:27

I think about as far as part on the on the wingspan there's an albatross. Oh, Jamie's looking at the books now. But he has I mean he starts off with Lord knows I profoundly disagree with Sarah to Paul about many things. But he is a proving of her standing up for who you are article. She had the Houston voice there the week before. And it's unfortunate I did not read Sarah's article last week. So if you heard the news segment from last week, you realize I didn't read I didn't read what I read on the air and

03:05

you better hope that Sarah's not listening right now because she'll kill you.

03:10

But it does go into the the part of coming to terms with family members. And so this is this is a very touching thing that Dale Carpenter was able to was to put out and talk to the community as kind of a an olive branch

03:29

her or her article last week talked about going to her father's funeral as a transgender person, and most of the family did not know that she was transgendered. Hmm. So it was a very

uncomfortable type of thing. And, and you know that Sarah is an activist? Yes. With an emphasis on act with an emphasis on act. Yes. And she kinda had to take a back seat because most of the people up there only remembered the male De Palma. Yeah, not Sarah. And so it was it was it was a very touching article and, and kind of empowering because she said she would never never ever let herself get into that situation again, where she was shoved off to the side. And you know, as the kind of pushed away at that at that time when she needed to grieve. So I'm really amazed that they all would do that.

04:47

And as we said earlier in the lobby, the world really is coming to an end because Roy was dressed in a suit. I'm here, over sober And now Dale carpenter is agreeing with Sarah.

05:05

Well, Dale is also moving off to San Francisco. But he'll still be writing columns. He says Dale is really a staunch Republican. Very, very staunch. And I've seldom agree with him. But on the other hand, it takes a very, very big man to be active in the Republican party, a party that does not want openly gay people.

05:35

Oh, yeah. I mean,

05:36

that takes a lot of guts

05:39

to stand to stand up, right in the face of where you are there. And I remember watching on C span, they were showing the the Texas log cabin Republican convention. And that was something very interesting seeing as part of that the video from the the Republican primaries they the convention they had, and the protest or the some of the protests that the Log Cabin Republicans had. And the people from the from the Republican Party who out there yelling all the obscenities and screaming at them. Yes. And that has to stand there. And to be a part of that is

06:20

it it was the good Christians that were yelling?

06:22

06:22

Yes, exactly. It was. It's just amazing to me, I I don't think I would have the stamina to be able to do that. I've been with act up and done all that screaming and had people scream back at me, but but I don't think I have that stamina.

06:39

I were just I would just like to say I think we've just reached an A fourth sign of the apocalypse. We're having a serious conversation on this segment. And I

06:49

can I can also one of the people they showed in the video. Yes. Houston Republican who was protesting against. I know that person. I've known him for several years. He was a pain in the ass back then. And he's even bigger pain now.

07:04

Okay, I love it. Okay, before we even start getting the complaint calls

07:09

1-713-526-5738.

07:15

We've got one light lit listen to this would be a record for us. Would it be to know actually,

07:19

when I've been on the air? I've had all the lines that before? Yeah, that was the hatch segment. And when there

07:27

and not only that, you're actually seeing things also during that segment, so you weren't really seeing the lights? It was just the colors.

07:35

On that note, we're gonna listen to luminaires flowers 99

07:53

All right,

07:54

whoever left this magazine. I'm very thankful if moonbot left it at Mundo. You're not getting your magazine back.

08:01

How is it Mundo these days?

08:04

I know Jimmy saw him last.

08:07

Oh, Jimmy is not on. Okay. I think he's on maybe

08:11

he's fine with somebody in the lobby.

08:14

Roy pick up the phone. I feel like I'm at home. As it about, oh,

08:21

he left this Latin style magazine.

08:23

And Chris has now stopped it in drool.

08:28

.

I mean, his mic still isn't on.

08:33

Well, it was on for a second, but he's looking at your latest addition. So

08:38

where's that Hispanic group? I thought Swan hair earlier. Now at least I could

08:41

hold a conversation when I was flipping through the porn. You can hold a conversation when you're flipping through a regular magazine. What

08:47

is in her ear?

08:49

Okay, we're gonna go to a song real quick. And it's off of

08:55

it. Oh, now who's lost? I'm sorry. When I was in there doing the news. I flipped open open up the book. And there was this group like, Oh, there they are.

09:04

It's awesome. Mike's nose, volume three, and it's our Reservoir Dogs Did you ever dedication you

09:12

wanted to do with? Yes. That was called in it was for Wayne from Mark. And that was pansy division.

09:22

Let me guess, boy with hockey here.

09:24

It's actually just called hockey hair. And pansy division. Very nice. You know, there's little diagrams out the box of condoms.

09:32

It actually has pictures. Yeah, these are photographs full color pictures on how to put a condom on

09:38

and the next page over here. There's there's a cannon. I don't want to get shot with.

09:43

Oh, Lord. We had a call from Bruce on the west side. Hey, how you doing? And we all we love. We love our straight allies. We do and he says I'm straight but I love your show. show there's no hate in my heart. And I believe everyone should have a voice and your show really is great. I love it. Thanks. So now the question is Does he love our segment? Or does he actually love? I didn't tell him

10:12

to media horse. I said the same thing.

10:16

Well, I mean, yeah. Does he love the old fogies? Or does he love the younger, younger? I mean, hello. I mean, you're the only man I know older than Moses. This is the only man alive that could tell us how the Earth really was created.

10:37

At least if you're going to insult him, you use good use ways that are truthful. Like when I mentioned a couple of weeks ago that he's older than my parents.

10:46

Yes. We're talking about a man that's two generations down from Adam and Eve. Give me a break. No. that's not my job description.

break it, that's not my job description.

10:58

Give this guy a spot on the ship. And then look what happened. You have to take all this abuse. Yeah. You knew it. I didn't know that was part of the show.

11:08

Oh, well. We'll see. That's what happened. See, we went to one planning meeting and he had another Oh, he discussed it. His main I see.

11:15

Yes. Yes. Yes.

11:18

Yum, yum. Mr. Meeting

11:22

was announced and had invitations.

11:26

Invitations. And I'll be having another planning meeting, but I don't plan on remembering it. And that would be on the 14th then the 15th I got you.

11:37

I wish upon you my 21st birthday involved police and ambulance and 911

11:47

I don't know that my mom would be real happy about police showing up while they're strippers on the deck.

11:54

And we also missed an invitation to didn't wait, do you me?

11:57

I didn't.

12:01

Well, I gotta suck up to the boss to make sure I've still got a spot. How else do you think I can actually stay on the air? We have all heaping abuse. Oh

12:14

my goodness. Jimmy. He's taking one of our suggestions. He's playing his music in the background song.

12:18

No, this isn't the first time I've done this. There. Where have you been

12:21

good. Because coming up at three o'clock, Big Daddy j is coming your way with a red eye special. And he's here.

12:34

Keep shaking your heads at one another their

12:36

big momma cotton is gonna stay on and maybe have a little fun. Have some fun with he and Linda?

12:42

I think that's Jimmy. I think Jimmy is trying to get me out of out of the studio. The Big Daddy J will hold a few minutes. Well, he sure well, because he's got to come to work something. Yeah. Yeah. Okay. You've been listening to after hours next generation. And after hours on KPFT Houston, en que us College Station.

-- --

13:08

I'm sorry, I got it wrong. And I love to talk in the microphone that much. During the segment,

13:15

there's a reason for that. So we'll leave y'all with the outgoing club music. By the way, this is I don't actually have the name of the song Surprise, surprise. But that's because it's on JD Arnold's hedonism Volume Two and it's live from April 1. And they didn't have any listings. So that's what you're listening to. And I will see y'all on the 15th
