This time it'll be in her name. Yeah, that's right. And she'll do it right this political a little political at Harvard and Cambridge did a joint study about corporations. And the study concluded that corporations need to add more women. Women are more creative, they're more spontaneous, they're more willing to look outside the box and stuff is gonna kill the corporation not not utilizing not not taking not recognizing that it's going to eventually smother them. Now that's what Cambridge and Harvard study just came out with. I say arrived Cambridge, Harvard. That That increases the pool of employees. I like that idea. For me. Yeah. It's always getting static. It was a strange look. It was fake. I have to I have to admit

10:25

It didn't turn me straight. That's right. And it

12:43

I've never been in that situation. I know if I was ever in a three way I wouldn't be like the Christina Aguilera to the Britney Spears and Madonna forgot. I would just be standing over there in the corner where hey, I'm over here. Hello. camera on me once that. Let me hook you up. I've heard that before. And you know, there's a whole advocate for free and more so I'm sure there is and I just I can't even to stem. You know what I'm saying? I can't even I can't even that's part of your problem while you're so lonely. Oh, I'm not that lonely

13:22

Okay, okay, so she's just She's just kidding. She's really getting stuff. Oh, yeah.

J Jimmy Carper 13:28

But Nancy's getting Oh, shoot. Oh, the legend lives on. I'm a legend in my own mind.

Jimmy Carper 14:43

Try and just try it. So Mike and Chris are heading down downstairs with T shirts and CDs. All kinds of goodies were wrapped in a red bow. Is that the gateway? I mean? Tell me the station. But what? What is that? What that video up there? naked man? Oh, no, they're not a lot of you know they're all underwater because you can't show naked to imagine that they cannot show anybody naked in a place that serves alcohol. Well, they see that they were making you just

knew they were they were hanging on the water. Okay, that's fine, but as long as you can't see oh, you know there's a big difference here. Well Brandon was laid out like a bandit. Personally, I think leaving somebody who's got a couple of T shirts I have sometimes better to pay him for him to come here. It's Christmas. Everybody leaves with something. Or someone or someone. That's what we're hoping Jimmy. Jimmy, don't forget sometimes you have to leave something to the imagination. No. Wow. I want to say

16:01

sometimes when you see it, you wanted to just leave it the imagination started being a little dated him to

J Jimmy Carper 16:10

keep coming back. Somebody found a showing their shortcomings.

16:15

We got to know we got another listener here. Yeah. Okay, back to y'all guys. Thank you

17:08

might go.

J Jimmy Carper 17:10

We have too many listeners. Amazing, isn't it? Like I couldn't hear what happened? Oh, yeah. Whenever I have somebody on who's a little shy about coming on. Assembly people listeners? No, no, Michael went downstairs and found a couple of people who were actual listeners after hours and KPRC Yeah. Well, you know, I always think that the people who were out on a Saturday night, don't listen to the show. And uh, you have not been on the air for 16 years for nothing. Come on, you know, as it's like, oh, they're gonna they're gonna give me another another season to see if it catches on. Right? Yeah, whoever thought of that people who

17:52

weren't born when this first started are now able to drive me home when I've had too much to drink. Yeah. Think of it. Like that. The worst so right. Yeah. That

18:09

that is so not true. 16 years

18:12

ago, I was already old enough to go to war. But if anybody's listening please come out to Neverland Ranch. The Greenway Plaza moonwalk our way to Paradise. I know that. You guys are such ages. Eight your ages. I cannot believe you. You know. legalities Are you know one thing? I'm just going to stop talking because there's no way that then this is just going to be a good place for me to go right now. So you're listening to KPFT 90.1 FM broadcasting live from Oh, nightclub on Pacific Street. Come on in bring your IDs Mitzi you forget my lover is 21 years older than me? Yes, but she's telling me I'm on jailbait Oh no. See, that's just wrong.

And I you know, I, I'm just, I'm just I'm so impressed that our program director, they sit here and he's gonna be here for the whole four hours. Like all programmers at kPa. Well, I'll tell you. There's something in this bar for everyone. That's right. Even a straight man. Where's my sandwich? Where's the beef? There are some beautiful women here. There's lots of As you want me to be on the air, Amir KPFT a young woman was right there. Beautiful in there, and you're in my lovely Jean. No. Hello. What's your name? Patricia. Patricia. 20:43

Okay, yeah. So are you having a great birthday, Patrick? Yes, ma'am. Thank you very much that called me mammies. Called ourself means nothing.

I think not only Olivia. Yay. I think Jalen has the right idea in his mix in this club. Will you know club Oh, one Texas triangles best Patty F and D. The beautiful patty. Yes, I have to get up there later. It was really party. And when I came up now at 130. Dean Becker is going to be calling in and they're going to be cutting us out and taking that call at the station. Okay. Chris, and Joseph had run over to the station. And they're going to handle that. And right after that. We'll be back on the air here. So Oh, yes, that's right match at the station to thank God for Matt because we were kind of a little confused. I heard. Yeah, yeah. Did think he was there. So Matt's at the station. He was there to start the show. And he got the feed going over there. Thanks, man. Yeah. And of course, I gave him all the Christmas music and stuff in case anything happened. Right. There's a fee. Right? You know, he can get it. He could like work Christmas carols. Well, he did he played because there was some problem when I was growing up. I think I was Oh, really? He played almost Christmas.

o 23:25

Venus envy.

J Jimmy Carper 23:27

He did a good very good, very great. I can't wait to do this morning. Me too. Well, you know, we're talking about bleed over from the gauges the straight I do a music show on Friday nights. Esoteric adventures. I didn't know that. Yes. And I do that with Jim Vaughn. Great if he's the producer. I'm just I'm just smart as co host. But last night we got two calls. from folks who wanted to hear I'll be home over Christmas. And the lesbian 12 Days of Christmas. Yes, yes.

Again, that's on the street show that this crossover deck the halls are low. That is a very old dicho Yes. You know, when I when I knew this is gonna be my show. You know, before Christmas. Yeah, I was really looking forward to doing like visual stuff. You know, the music. Yes. I wait all year for that. But this is okay. This is fine. I thought it was gonna be disappointed because we weren't gonna have as much fun listening. You know, home. Oh, Carol. This is just as much fun. I'm so glad that we're here.

24:48

And thanks so much for inviting me. I think I'm going to be getting out of here to let somebody else take the seat now. Okay. Had a great time. You guys. Thank you so much. Oh, thanks so much. See Nancy Ford in the data show 1415 on Fridays? I love you guys happy holiday breeding triangle there's a girl I gotta go by. Oh, yes. In condom packs from AIDS Foundation. Yes. 25:23

Okay

Jimmy Carper 25:29

Hey, Nancy. Take one these CDs and find Patricia. Good. What a great I'm telling you this great idea. Hey, maybe take two for the birthday boy.

25:58

They already got presents. The hell with him. He's not gonna put out

Jimmy Carper 26:07

cool. I'll give Nancy a date. Yeah. Well, I have to tell you earlier this evening, and I was sitting at home I was thinking, oh my god, you know, here we are. We're gonna go to club. Oh, and I've got jewel. And you know, this is kind of a gay man's club. But I'm so pleasantly surprised because there's a lot of women. It's surprised me too. Yeah. It always turns out to be the men. Women just don't tend to get out to the, you know, the supper clubs very much, you know, they tend to want to talk to each other. And you can't do that real well. With the supper club. I've always, we've always talked about that. That's the difference between men's bars and women's bars is that and men's bars there are barstools and lots of places lots of mirrors and lots of places to stand. And women's bars have tables and chairs that they can get together and write and talk and gossip. Right. I didn't say that. I didn't say that. I didn't say that. But it's true.

27.10

47.10

Yeah, but that's your love. Small from here. I'm sure Jana does too. Yes, it's fabulous.

∅

27:18

By the way, I've decided to join y'all. I left the boards in eight hours. Just capable hands to come join y'all on the mic.

∅

27:30

That particularly I would like to thank Milan over his letter and say hi to smiley I'm sorry, I haven't got a chance to write you yet. Oh, we'll tell you about that. But I am going to try and write to you this week. I'm not keeping any promises because here pretty soon I'm starting back to schools. Oh, really? Yeah. So I'm jailbait. Yeah. Now I'm starting college. I'm 25 years old. I know I look like I'm 16 but I'm joking though. Yes, you Hey, there's a cutie if you look 16 I love you haven't looked 20 since the Stone Age. Just the Rolling Stones.

I've had some of his cake

∅

29:19

me either

29:24

folio. I don't want to say that your mother made the mistake. She's in bed. You're like this one pic. I did. It's really kind of famous around the gay community. I did a vagina cake. And five shades of paint. She was a blonde that toasted coconut for the air. And it had a piercing and it had cherry pie filling. Virgin

J Jimmy Carper 29:54

for you know, what did you make this cake for?

29:57

It was for a lesbian friend of mine. So our friend was it was her birthday cake. She had that time at the time, but we couldn't find the cake and, or vagina. Sounds like Hello, I've cut one out. So I did the hourglass woman figure. And they cut the little legs. And it just underneath rate could barely see the breast. And then I put a little belly button with a little small necklace chain for kind of like a belly ring. And then it was a big old vagina. Let me say I've never seen one in person, but oh, I had to look through magazines and all right. Somewhere, did they show pictures, they didn't show pictures to that to the detail that she wanted. I tried torturous, torturous research, they're having to do all that. A lot of money. That's what I'll definitely have to bring in pictures tonight. It was a milestone.

J Jimmy Carper 31:04

They weren't teaching anything I wanted to learn in second class. I was in high school.

31:10

You know, strangely enough, when I went through sex ed, they actually had what it looks like it was a cutaway picture of what it looked like when a penis was inside of an anus. Really? Yes. And this shocked me because I went to a Christian based school. I went to a Christian based private school, I sat and they actually had pictures in sex ed of what a dick was like in a

31:35

vagina. Yeah. And they, and what it looked like it

31:40

was like, Wow, I've never been like, closely closely remotely close to anything that was close to being gamed. They don't show

J

Jimmy Carper 31:49

that Grey's Anatomy.

♂

31:52

I get subjected to this measure. And it was like, Huh,

J

Jimmy Carper 31:57

well, it doesn't necessarily have to be a man's anus that they were picturing.

♂

32:03

Well, that's true. It could it could have been a females but I'm pretty sure the picture was male and male. At least I in my my mind.

J

Jimmy Carper 32:13

One time I had a partner, a lover who father hated me desperately hated me. Yeah. And one year for Christmas. I was just astounded determined, I was gonna get him for Christmas that reflected how much I get back. So I went over to major bookstores major medical center, and I found this book that was at least three inches thick and it was all disease. All the ways rectums 1000s and 1000s of pictures. wrapped it up. is so new. We got along so great accent it was wonderful. He loved he laughed, and laughed and laughed. And he thought he said, I thought I thought when I saw that, that I was gonna fall out of my chair, because I wasn't there when he opened and you can bet to take that risk. But his wife said he just rolled with laughter when he opened Well, you know, I will felt guilty after that. Famously,

And Jeff thanks you from the bottom of his heart because I didn't have to hurt or maim any celebrity and I get my own piece of property. It's just just in case audible.

35:00

Well, thank you, Jeff. Have a good day. Merry Christmas, y'all. Back to you Jimmy. We got dead here. No dead air. What's Jimmy, are you there?

35:16

Well, he certainly seemed very appreciative. He was

35:18

very appreciative and I saw tears coming down all

J Jimmy Carper 35:24

day, which is at 130. When the Becker calls in, we're going to be going back to the KPFK studios. And Chris Arison. It's going to be handling that phone call. I'm gonna mangle you're gonna mangle it by me.

35:42

I was just down there. I got locked go into the bathroom. Don't ask. Okay, I won't. I saw some really cute strippers. So I probably will disappear for about an hour or so.

J Jimmy Carper 35:52

I don't think there's any ugly strippers here, honey. No, I didn't see any.

35:56

I don't think they actually

35:59

how many strippers are here?

J Jimmy Carper 36:01

The Calvin Klein?

36:02

I don't know. I saw a couple of half naked men. I think they were working for the boys,

J Jimmy Carper 36:08

but I'm not sure. Oh, yeah. You never know.

36:11

Yeah. Especially at gay clubs. You just never know when a half naked man walks past you whether or not he's walking for the place.

J Jimmy Carper 36:19

Or walking past you say, Well, me enough for not stopping. Yeah, there's an opportunity to do a little mingling. And we all mingle. So it's gonna be named called now.

36:33

Just talk to your heart's content.

J Jimmy Carper 36:36

We're going to be going back to the KPFT studios at 129 120. We're going to be listening to the music here at 129 and Jill Dean calls in. Alright, so there's gonna be music then I'm gonna be mingling. Okay,

36:52

and all of us will disappear all of a sudden. As soon as we go up there.

36:56

Your break. Well, I

J Jimmy Carper 36:58

mean, look, this party time, man. It's getting louder. Really?

37:01

It definitely is getting louder. You're listening

J Jimmy Carper 37:05

to after hours queer radio with attitude on KPFT Houston. 90.1 FM, a Pacifica station. And good ol 89.5 down there Galveston way.

C Chris 37:23

Hello, and welcome. This is after hours queer radio with attitude on KPFT 90.1. FM. We are breaking into our live remote from club Oh, here in Houston to hit the air button. We're going to be doing our cultural baggage segment here. Dean, are you there?

37:44

I'm here. Do you hear me? Yes, we

37:46

can hear you

37:47

wonderful news. Yes. It sounds like they're having a great time. I didn't get an invite. Nice.

C Chris 37:52

Well, what will you will yell at with Michael with that, because we're going to be doing these. This is the beginning of our we've got a face for radio tour. And we're going to be having some of the other events coming up here soon. And as everything seems to be going well with this one, and we'll make sure you're on the list next time.

38:12

All right. All right. Well, anyway, it sounds like they're having a great time. I I think there's a wonderful news that we can all appreciate. Certain everyone. Most everyone heard the news that in the Battle of Angel versus Ashcroft, Angel one. And what I'm saying is, is that the Ninth Circuit Court made a determination that the Interstate Commerce Clause of the Controlled Substances Act was unconstitutional. And so far as medical marijuana patients with a doctor's recommendation, who grow their own in a state where it's approved. And for that very, you know, strict interpretation, it does actually free up 10s of 1000s of people in many of the

western states to legally smoke cannabis under both state and federal law. This is a lot like what they did in Canada, back over the past couple of years, was to justify it onto human rights and patient rights to show you know, it is legitimate and there is no you know, means by which the government can interfere. Now, this is you know, I'm going to be focusing on it during the 420 drug war news this week. We'll be hearing from Angel rate. Her and Diane Munson the two ladies who sued John Ashcroft and won.

 Chris 39:44

Now which court wasn't that approved that that the Ninth Circuit Court was that the fall or the the panel?

 39:50

I think the panel I think maybe there's there's a couple of levels that the government can protest this, you know, one and then two to the Supreme Court. And it's it's kind of iffy on whether they're going to do this because they have shown the niche that the interstate commerce clause has. Because these people were very strict with their, their growing their record keeping. And there was no interstate involved. It was right there in the neighborhood. And there was no commerce because it was given away. And so therefore, they, they finally, I think broke the back of this thing. Now, this coming week on cultural baggage, I will have Brian Paddick, and he's a London police commander. And he's the guy who started the Great Britain softly, softly approach. And he did it in Brixton suburb of London, where they quit arresting people for small amounts of cannabis. And now, the UK has adopted that policy in January. They're going to no longer arrest anyone for small amounts of marijuana in the whole of empire, I suppose. Officer Patek was also I don't know he was embroiled in a scandal that after he came out for marijuana, that the paper is paid a former lover of his and he means an openly gay individual. And, but they bribed his former lover with \$170,000 to talk about their sex life to him it say that Brian paddock, the police officer had smoked marijuana with him 100 times. This was all disproven. And just Friday, Brian paddock was exonerated of all charges down the line. And he's now been awarded \$450,000.

 Chris 41:52

Oh, yeah, because Britain has a very strong libel laws that you can't sometimes you can't say boo without, without having a running chance of getting sued on that.

 42:01

Right. But But no, I mean, he, but what charges did they bring against him? Oh, that he? Well, mostly, they didn't bring charges. Exactly. It was just a big investigation that this came out in the papers and the police had to take him down. Remove him from his position at Brixton, where he was leading this

 Chris 42:21

effort. Yeah, okay. During during the investigation, okay.

42:24

And it might make you look at who's the hand in this puppet is the anti, or the even the pro prohibition people involved in trying to take down this man to, you know, move him from a position of authority because of what he's doing? Well, I you know, I think of that stuff.

c Chris 42:41

That's standard operational procedure, smear tactics, I bet you, you bet you if you can't get the person then then make if you can't find the dirt on a person, then make it up.

42:52

And, and, of course, we'll continue getting our reports from Mr. K. And he's my reporter that is in the Harris County Jail. And we'll be hearing what it's like in the Harris County Jail in the Christmas season. Because there's 1.6 million US citizens arrested every year for witchcraft, for possessing potions too dangerous to be near the rest of us. And it's such a sad, sad situation. I I want to invite everybody out there. Take the time, during this season, in the new year, help bring it into this, you know, somebody who's endured it, perhaps you have and it's it's really time to bring it to an end. You know, Mr. Kay's crime was to be on probation. And to have 1,000,000th of a gram of drugs in his bloodstream. Man 1,000,000th of a gram, you know, for that they they declared him declare him a witch and put him away. They they want to take his life for four years. That's the deal. They're offering him at this time. And it's, I focus on him because he's agreed to do this. But it happens in Harris County about 30,000 times a week. You know, we we are we are the Gulag city. And this is the place to stop it. Anyway, I don't want to preach. Y'all got a party to attend. And I wish y'all, you know, just safe and happy journeys.

c Chris 44:33

All right. Thank you, Dean Becker. And cultural baggage is heard Tuesdays at 630 here on KPFT. And thank you, Dean,

44:42

thank you and good night night.

J Jimmy Carper 1:18:08

And you know, I always like to talk about what your tradition is.

1:18:14

Christmas. Too much. Drinking too much.

1:18:16

You have such a huge family. Yeah,

1:18:18

that's what I say eating too much. We start off there. How am I supposed to start out cook each

other? Start off eating, drinking. Watching the kids. Drinking more eating more. Yeah. Oh going other things that I'm not allowed to be mentioned on the radio. Everybody brings food. Yeah. You must bring if you want to get in the house. You bring food. Yeah. It's actually just got mood lighten up.

1:18:47

I guess we're getting ready for new radio.

1:18:49

I think one of the neat things is because on Christmas Eve. And while adults stay up at 40 all night wrapping presents. And then the next morning we get up and just start all over again. It's like a big family reunion. It

1:19:01

sounds nice.

1:19:03

Everybody picked church up on tomorrow. Yeah, we won't do it on Christmas. It's done. Please. I don't want my Christian friends out there to get upset. But we don't know we do it the Sunday before. Oh, okay. Okay. Now, spirits still be running to

1:19:25

God to spirit. Yeah, I

1:19:27

got like 100 prove 120 Pro.

1:19:31

Careful. But tonight

1:19:32

I'm glad to say that I actually have my partner hanging out here with

J

Jimmy Carper 1:19:35

Yeah, still awake. Yeah. I'd like my lover who has been in bed for hours now.

♂

1:19:41

And he has an A AFH hat on isn't a great Oh, did you give it to him? Yeah, he did.

♂

1:19:54

This is the first opportunity that I've had to be on this show and I'm grateful to be here. I'm usually like your part. You're obviously dead to the world at midnight, I'm old and decrepit, and hanging out in bars as poss say, you know, so

J

Jimmy Carper 1:20:08

you're not that old and you're not decrepit at all. This is really,

♂

1:20:11

this was really nice. Good Pleasure being on your show. Okay.

♂

1:20:15

Are you going to be with Stephen?

♂

1:20:18

Oh, yes, I hope so.

J

Jimmy Carper 1:20:20

So you're gonna, you're gonna partake with all of that family stuff go with his

♂

1:20:25

family as my family.

♂

1:20:26

Okay, okay. three ring

1:20:29

circus, but it's an adventure. And it's fun.

Jimmy Carper 1:20:32

Yet that from you know, over the months and the years that we've known each other, and you've talked about your family. And it's like, I get the impression that your family is like most of the small town that they live in? Yeah,

1:20:43

actually it is. And the funny part about it is because actually, I'm from a small town originally. So my father's side of the family takes like one half of the town and my mother's side takes up the other half. One of the things that everybody finds out is really amazing is when my family get together, we can all talk at the same time. And everybody know who's everybody's talking, even across the room. A few years back with my family was doing a Christmas holiday. That was it really got really out of this world situations. Because at the time, I think one of the gay nickname fans that was going around was Petunia. And everybody was calling nearby Petunia. And I could not understand how you could have almost 10 Women in a house. And they all send Petunia, but he knew who they were talking to. And I'm like, This is too gay to me. And these were straight women. But this fun with the family. I mean, we get together, we forget about all the bad stuff for the past year. And just get together and be glad to see each other and just share that moment. And watch the kids grow up as they get older. And it's amazing how these kids are now. growing up so fast now. I mean, I have great nieces. And then I'm like looking at like, where did you come from?

Jimmy Carper 1:22:02

No, no, come on. Tell the truth, isn't there? Doesn't somebody have a little squabble or a fight sometime over the

1:22:12

we used to. But now we are found out. I think what it is, we tend to keep our Christmas celebrations down to like 48 hours.

Jimmy Carper 1:22:20

So nobody gets on each other's nerves.

1:22:23

You start getting on each other's nerves every time to go home. Okay, that word Yeah. And this year, we're Christmas falling in the middle of the week, it really works. Weekends continue to be more stressful because we'd be together like 70 to 200 hours and it's how you get past 70 hours. You're looking at trouble possibly brewing up. But even with the squabbles they'll pass over and and usually like after two more cocktails, that's forgotten. Also, ya

1:22:51

know, one thing about Stephens family is this is a difficult time for a lot of gay and lesbians because of family issues. You bet. A lot of families don't except for their siblings, or our children or whatever, because of their sexual orientation. And Stephens family. I've been with Steven for eight years, and his family is very open and very accepting. And I've always been treated like I'm a part of the family. And I've always been introduced as a cousin, son in law brother in law or whatever. And, and I have issues with my own family and Stephens family is just extremely wonderful people.

J Jimmy Carper 1:23:31

It must be it was very fortunate. But the breath of fresh, fresh air is a difference. Yes. And

1:23:37

I'm a late bloomer, I came out of the closet very late. And, and it's just it's very fresh air. And I had know that I do have a family even though it's not my blood family is my spouse.

J Jimmy Carper 1:23:50

But that, you know, we've long known that, you know, if, if our family of blood rejects us, then we look for our family of choice. Exactly. And it sounds like his family chose you.

1:24:07

Well, you know, the funny thing with my family is and is the reaction you get on people's face like, guests will come to the house. And my mother would go down the line and say, Okay, this is my son. This is my son in law. This is my son in law. This is my son in law. And then

1:24:24

the naysayers do this is my cousin. This is my, this is my niece on down the line.

1:24:20

1:24:29

This is my uncle and Eric, the guests will be like, well, who is he married to? It was why you kind of get off in a while you're here to get like, Okay, well I know that's this is married to him. And that's this this marriage to him. So who is the tall guy there? Who's the white guy and my sister and my mother in law? Oh, he's married to my son. And they just go on.

J Jimmy Carper 1:24:55

You know, we sometimes I make a distinction between have relatives and family in our community. Relatives are the people I grew up with family are the people who are there for me, who are a part of my life on a daily basis, you know, especially even this, especially this time of year, you know. And it's, I guess in Stephens case, it's the same.

1:25:25

The only thing with my family is we have to make sure that they don't call, like more than six times in four days. Oh, my mother, we try to keep her not on a daily basis. My call wants to start on Sunday. Oh, okay. Gotcha, Wait, give me a fact. That is

1:25:42

one sister, my family's pretty old and a lot of us are dying out, like my parents are both gone. I have aunts and uncles who have passed away. And my sister bless her heart is trying to make an attempt to understand my lifestyle of stuff. But when I go see my sister, there's certain ground rules I have to fly to. In other words, if I go to Kingwood, it's implied that I'm always by myself, oh, there are certain ground rules that are planted, but I find this my sister grows older, and accepts me more and more. She's understanding my lifestyle a little bit better. So maybe one of these days, I can pop in and say, Guess Who's Coming to Ghana? I don't see it happening this year. Maybe not next year, but maybe the

1:26:26

third year? Well, yeah, you know, I think people are guessing.

1:26:30

Exactly. Oh, different. A whole.

J Jimmy Carper 1:26:33

I think people mellow out when they get older plus the fact that with it with if there's an alienation, then then she's alone. She doesn't have you in her

1:26:46

life. Right? Yes, she's finding out as the family grows older, and people are passing away that, hey, you know, we've got to make things right. Yeah. While we have each other. Exactly. So that's making a tent now her children, my nephews and my nieces. They don't care. I mean, they've met Steven, we've been socializing with David and then stop. They don't care. It's just her generation. Yes. The problem. Yeah. Yeah. I understand that. Yeah. His family is, is very unique. They're very loving, very caring. They're very

J Jimmy Carper 1:27:21

you know, what do you remember? I met your mother. Yeah. She wrote with you when the gay pride parade.

1:27:27

Yeah, you know, it's fabulous. Like I say, it's strange.

J Jimmy Carper 1:27:32

You know, that's so strange. It's getting less and less strange, though. You know, as as, as we progress as a community, and we're more open and out. And people know us more, they're less scared of

1:27:48

my mother has always been that live and tight. So it's always been pressed upon my sisters, my nephew. So it's always been, it's like a family tradition with us is like, live and let live, no matter what your sexual lifestyle is, what your religious denomination is, like, don't step on my toes, I don't step on. And you

J Jimmy Carper 1:28:06

know, I would, I would think that by and large, your family would be an exception, because as a white person, I get the impression that the black community is still very much in the closet, because of religion.

1:28:22

I will say, by and large, in the black community, and also in the white community, my family is an exception. Some people would even say, my family would possibly be dysfunctional, if they want to use that word, but my family functions at a certain level is a very liberal level. So I tell people, not only am I blessed, and I'm fortunate, but my family, my family, when I bring people

around my family, my family is not your cut of the mill everyday family, you know, so don't expect to dry that way. And don't go back home and tell your parents that you're gay, just because my families don't care, you know?

1:29:03

Oh, yeah, that's right.

1:29:05

Because I have had that to happen where somebody was around my family, and they would like, well, hopefully their family would receive them the same way. And it didn't it doesn't always pan out. So I'm actually not the stand my family's not the standard. It's an exception to the rule. Really, it is. And I like it that way. Yeah. I mean, it's fun to be to bring home, a truck full of boys and say, Hey, Mom, we stayed over all night. You know, nice. They also say, Hey, this is my lover and no, I can hook my lover kiss my lover. at my parents house in front of my nephews and nieces. They are growing up accepting this and I found that that's the thing is because as they growing up and watching them grow up, in their own lifestyle, their heterosexual lifestyle, they are still very opening and accepting.

J Jimmy Carper 1:29:53

Plus, we're talking about a small town. Yeah. You know, that's the other anomaly here. Right?

1:30:00

But then look at it anything small under heels? But yeah, for small country town Yeah, this is very rare we came to town talking.

1:30:16

Do you know how lucky you are? Fortunate? Yeah.

1:30:20

So so my mom is coming to the big city for Christmas. Okay. And my daughter has given me hopefully a wonderful Christmas present. My daughter is going to have another baby. That's, I've already told you that it'd be a boy. Don't leave the hospital without a boy. I have regrouped up to her. Yes it is. She's handed it it's up to her. This one is

J Jimmy Carper 1:30:49

somebody talked to this guy about biology.

1:30:55

Chemistry No, but she can she can I need the hospital without a boy.

1:31:01

Okay. So she doesn't have one. She has to take somebody else. He must stay at the hospital. Okay. For another nine months.

1:31:10

Or however, my son. I don't keep up on the dates anymore. But everybody we are having fun. I hope all my listening audience is having a great time and enjoying the Christmas and the bronzes coming up right now. We're still in Hanukkah.

Jimmy Carper 1:31:26

That's right. Hanukkah started last night. Kwanzaa starts next week. And in fact,

1:31:33

Kwanzaa starts Thursday, Friday, and Mardi Gras Scots. From now. Yeah, that's what I'm waiting for. You're waiting for Mardi Gras? Yeah, I'm just getting a technical holidays out the way you know, Chris was so important when Mardi Gras Mardi

Jimmy Carper 1:31:48

Gras must be like the third week in February.

1:31:51

Yes, it's going to end. February 24. This is okay.

Jimmy Carper 1:31:55

Okay, because I know that Louise the last

1:32:00

February Yeah Mardi Gras was earlier this year Okay

J Jimmy Carper 1:32:02

Oh, that's a shame because you know, when it's early, you see less and less flesh.

∅ 1:32:08

Well, also, they have found out that in years when it's early, the groundhog usually sees the shadow, which also means is usually cold for Mardi Gras falls early. Yeah,

∅ 1:32:21

and I don't like that. You can be

∅ 1:32:25

the hot toddies a wonderful.

J Jimmy Carper 1:32:30

You're listening to after hours for your radio with that dude. hours to Yes. KPFT Houston, 90.1 FM and 89.5 in Galveston. What

∅ 1:32:41

∅ 1:32:47

∅ 1:32:48

1:32:56

1:33:01

1:33:04

1:33:44

Michael is having too much fun down there.

1:33:47

So my wish again this year. I think this the second time I get to make this wish. Everybody is that Santa Claus. We're finally making sort of this year. James Brown made this. I don't know if any ghettos in Georgia. But Santa Claus haven't showed up yet. And I'm waiting for him. To show me some back presents. A lot of back friends. All right. They're kind of rolling with coffee. Oh,

1:34:15

thank God had a pretty good wish, Jimmy. Yes.

1:34:19

I have a I have a 15 year old son. He's almost 15 Yes. And because of my sexual orientation, my ex wife is not let me sing him for about seven years. Oh, no.
