Are you gonna see if you come over to the hood we'll just give you another dream. That wouldn't do me any good. China try not to die on the love you

09:59

know, this is This is the first time we've ever done this live radio. I've been on the show on their vs. Sr. Yeah, for six years. Right

10:17

10:17

keep the door off.

10:19

Right. Okay, thanks for thanks for being and getting. One will you do

10:25

to all my audience? I want to say thank you and Merry Christmas. Yes. So what are you doing?

10:33

You know, I'm doing something I have never done before. That's scary for Christmas Eve. I belong to an organization called in three, Imperial Court, excuse, space city empire. Okay, and a bunch of us are getting together, and we're going down to Georgia or brown on Christmas Eve to serve food to the homeless. You know, I, you know, we got to thinking that this is an organization that raises money for our own community. But, you know, with with Lawrence vs. Texas this year going on, and we have a gay, a physical Bishop. We're so our community is so out there now with this great community that it's time that we made some contributions in the the larger scrape,

11:22

right? And you know, that's great. And not only are you guys gonna be out there, but anybody I think, who wants to go? Yeah. In fact, Jim has done it before. And he's always talked about. That's okay.

11:36

I have done that. Yes.

11:39

No, this is my first time.

J

Jimmy Carper 11:42

I can't explain to you, I can't tell you what it's like to go down to the GRB and serve in an organization that, that treats the homeless people with dignity and respect. I mean, as an individual, not gay or straight or whatever. But as an individual, I feel like, I have a lot of problems and a lot of difficulty in my life. But when you do something like this, and you see

these people who come in, who do not have a pot to pee, and as my mother used to say, they carry all their clothes on their back, and they're in there to give them a free meal. And you to treat these people with respect and dignity, and treat them like they're at Tony's are one of the high class restaurants in Houston. It makes them feel respected. It makes it it's just it makes it makes you feel like you've accomplished something or you it makes you feel really, really, really good to do that. So I'm glad to hear you say that. I wish more gay and lesbian people or people out here on radio land, would volunteer and do stuff like that during the holiday season, go to the STAR home or go to the GRB or whatever, just just volunteer your services.

12:53

I you know, I was looking No, I was looking forward to doing this. And now that you said this, I'm really looking forward. It's,

J Jimmy Carper 13:00

I mean, it's just unbelievable how you will get a great failing from doing that. Just treat these people with dignity and respect, because this might be the only meal they get for another year. Yeah, that's a decent meal that they get enough for another year. Yeah, you're right. So I'm glad to hear you say that I wish more of us in our community. Would you stop

13:20

listening to after hours queer radio with attitude on KPFT ustun 90.1 FM and 89.5 in Galveston, Michael,

13:29

back to what you're saying, you know, you don't forget you have the kids out there too. And it's Christmas time. And I want to remind everybody that AFH AIDS Foundation, Houston has wrapped up their red ribbon toy drive tonight. And I hope everybody that could start by that dropped off some toys for these kids. And there's a lot of them out there that don't have anything.

13:53

No, no a toy drive National Weather association that a gay leather men's group finished up their toy drive. Last, I believe it was last week. Okay. And they got in \$24,000 plus a cart cart loads of toys. Yeah. Incredible. That is that's very incorrect. And that was all for a foundation. Aids Foundation. You

14:19

see, let me tell you is a great organization. Yeah. And this hill over there that run some of the

public relations. She came in, you know, she donated all of this stuff. A lot of the stuff that we gave away tonight came from AIDS Foundation. Yes, you gave us a wonderful hats. The wonderful T shirts, tons of condoms, lubricate shell. Just anything that we needed, you know they're there and, and that's a good organization. I think that anybody that needs to that needs any kind of help should contact your bed. And you can get on their website at AIDS, AIDS foundation.com meeting. That's a good place to go.

14:53

We talked a little bit about Q video because they donated some samba Freedia Q video

14:59

Oh gave us great stuff they gave us like 3040 gift certificates you know and and each gift certificate was two rentals per gift certificate and it also it gave gave the person the right that goes in to get these videos that they don't have to pay their membership fee.

15:17

Oh nice.

15:20

This to free for no video rentals yes no membership fee if you're not already a member, so que video. Thank you very much. Thank

15:27

you very much for supporting after hours and

15:30

KPFT and we also want to thank Michael Beck he put this together. Thanks, Mike. I hope you get your Christmas presents.

15:40

I Where's my \$5 in my underwear. But I want to I wanted to I want to tell you all about something that is coming up for New Year's Eve. Okay, see, it's the spoil boys. New Year's Eve bash. It's called boy ball. 2004 Oh, boy. Oh, boy, ball. Boy ball 2004. It's Wednesday, December 31. New Year's Eve. And that is Thursday morning. It kicks off at 3:30am. It's a truly after hours event. I'll bet it's going to be with DJ Donna Montel. And that's going to be at the m bar

downtown at 402 Main Street at Preston. Of course y'all can contact him to them fashion for all the details on that. All right. So again, that's that's a spoiled boy event. And they are a great bunch of boys.

16:27

ALL RIGHT. Jimmy, I also want to thank you for another great year.

J Jimmy Carper 16:33

Thank you.

16:34

16:37

I know for many, many times and I'm old and I'm just crapping I'm usually in bed by midnight. No, I'm not really old and decrepit. But you are

17:14

usually in bed by 6pm.

J

Jimmy Carper 17:16

I just wanted to say that this man sitting over here to my right is very special. We've been together for eight years and I've wanted to thank him, just wanted to thank him for a wonderful eight years. It's not been it's not been without difficulty. But my Christmas wishes this year that I'm very blessed to be with him Islam and with his family, but especially with Steven he's very special in my life.

♂

17:39

Well, you wants a peach cobbler.

♂

17:42

Yeah, people forget that everybody wants a boyfriend. But they forget that every relationship takes a lot of work. And there's always ups and downs there's a wireless if you're straight

J

Jimmy Carper 17:53

or gay or whatever, it takes work it takes

♂

17:55

work there's somebody have to wash the dishes to make it last that long. You have to face the problems. You know, so many folks get into a relationship as soon as there's the first problem they're running away. But you know, the ones that stick in there and face the problems and work things out. You know, that can be a very rewarding life.

J

Jimmy Carper 18:17

Well, I appreciate y'all let me come on and hopefully won't be a stranger good good you're welcome anytime take the knows those and come back.

♂

18:28

I'm moving to nine o'clock. But to my artists remember is always chocolate comes in all flavors, but it's all sweet. So until next year, I'll see you Merry Christmas. Merry Christmas and have your thinking caps on we can actually have a serious discussion next. Oh, okay. Okay. I'll see you again in what 2004 2004 So good night.

♂

18:51

Good night Good night See y'all later

Good night. Good night. See you later.

18:53

Okay, we're gonna take a little break. And we're gonna come back and do our roundtable. Take it away, Chris.

Chris 19:08

All right. We are back at Club Oh, here in the heart of Montrose in the Magic Kingdom. I'm Chris Harris, and I'm sitting in here to the roundtable part of after hours queer radio with attitude. Live on our first remote on our sweet 16 year. Blast sounds different on this microphone. I may like this one. It's time for the roundtable. We've got everyone introduce yourself around.

19:34

Stephen and I a big roar

19:37

of Joseph on Merlin.

Chris 19:41

You have to get close to a microphone here to there only one side of the cell. And Michael is running around here too. So he's going to be jumping in as well. We've got the first of all we want to push Oh, sorry. Okay, so give everyone a little reminder a chat. I hear that the revival tea dance on Sunday, Sunday, Sunday, December 21. Over here at Club Oh at 710 Pacific Street. DJ Khanna from New York City will be doing a traditional Fire Island pines tea dance. Great cheap out there got some great prices on that. And it's event producing associated with M to M entertainment as tomorrow at 4pm to midnight, here at Club Oh

20:35

710 Pacific

Chris 20:37

sent 7am Pacific right in the heart of the Magic Kingdom of Montrose. Well, Q patrol we refer to this area as the Magic Kingdom. Because that's where everybody goes to play. I want to explain to you why the corner down the streets the verge of the Galleria, where everybody goes to shop.

21:01

I walk through, I walked in great into his car tonight. And he was parked 20 blocks away. And we pass about 20 processes. That's a good night for out there. It was good. Usually the

21:14

lower into Westheimer you can pick up a whole different string.

21:18

Usually there's only like five or six out and there's a really strong union. So at one point in the night, there's nobody out there. So I get to see that we're driving around.

21:28

Labor Law. Yeah.

Chris 21:31

Strictly flavor. I would love to give a shout out to our first MVP that we get a letter from all the time. Smiley. Smiley, unfortunately, he's unable to listen to us right now. Smiley was a naughty boy.

21:48

Oh, naughty, like naughty.

21:51

Well, let's put it this way. No spoons, no radio. Don't we have to ask right? Why he's not allowed to have spoons, but

21:59

we don't want to know.

22:03

No spoons.

22:04

What the heck did he do with a spoon?

Chris 22:06

I don't know. But he's not allowed to have a spoon or a radio. I forget what else he does spoons, cups or radios.

22:16

Okay, so it's something involving the radio that comes from this.

22:20

What were you trying to cook a cup of noodles on the radio again much?

22:25

Oh my goodness. But he's

22:27

got the shout outs to the whole crew and he talks about the event here we're doing here at Club Oh, so

22:33

we got that at least he's paying attention in the was anyway. Well, considering

Chris 22:38

the fact he's listening better. Remember MBBS pay more attention to the show that those who are on the show

22:43

we'll send him a transcript

22:49

is four hours of nonstop boom

22:51

we have a hard enough time getting that turned on the CD in time. By the time we get the transcript on He'll be out

Chris 22:59

and to Wilson who also says in a letter short little notes to us. So and smile of course dropped in a whole lot of informational paperwork and all that.

23:13

No paperwork.

23:14

He goes through and says a lot of clippings through the from the various papers he gets a hold of so we'll bring some topics. Flag footsies with you. I got a question for Michael. Now this now I've heard this is the day we've got a face for radio tour.

23:28

It's a face for radio too. So

Chris 23:30

when have we scheduled when when's the next time we're going out?

23:34

We've got three we have three upcoming dates in January. I'm not going to release the dates yet. But we've got three confirmed locations. Oh, and I'll tell you those real quick. We're going to guava lamp. We're going to Meteor and we are going to catch daily. Now let me remind everybody it will not be like this. This is the big bam you know this was to kick everything off. The other ones are gonna be on a smaller scale. Call them lives. We'll have our banners out. We'll be broadcasting we'll play extensive promotions. Get everybody out there. There'll be a few guys hopefully from the show out there kind of getting to know everybody and that's gonna be for like an hour in each location. Tonight we do completely live maybe if Otis loves us enough. No, no, no, no, no no. For you all and we're gonna call it but maybe maybe about

us loves us enough. He will allow us to close the whole tour. We're like two months down the road with another location. Maybe like media or something like that a lounge we got a spot might be fun.

24:41

Okay, because we're also doing this in the middle of it there. We've got a call in an event we're going to be covering in March with another group on the after hours. There's a new segment so

R Roy McCarthy 24:53

I think Mike has scheduled the one would catch that way he can have Reuben at three o'clock in the morning.

24:59

You I want to I want to Oh, I wanted to let y'all know that our tour is going to kind of run through fundraising. Okay, so not only are we going to get the fundraisers that that call in, but we're gonna get the fundraisers that are at the location. Oh, hat, so we're gonna pass the hat around.

25:23

So let's set up any guest here asked about the club's daddy Galveston.

25:30

Nope, Galveston, that's an option. I will totally keep that in Dallas and listeners out there. So I will keep Galveston on on my list of things to think about. Yeah, exactly.

c Chris 25:42

Galveston, Houston now for 25 years. I've been to Galveston maybe twice, so we'll have

25:47

to rent a charter bus to get everybody on it. All of after hours in our groupies.

c Chris 25:52

I'm not walking back to the studio dinner to get Dean Becker on the air for that one. We'll find

someone else for that one. Yeah, my street walking days are over as of tonight.

26:06

Were you out there with those hookers?

26:08

I usually spend my Saturday nights out there but I didn't have Q patrols tonight. So you're on

26:12

tell me about Q patrol have a steeped up there rotations because of what had happened? Well,

26:17

we're hoping to we need to get more people out there. We're in a situation tonight where because of other holiday commitments, we didn't have people to go out on patrol. So that's the downside. We have we just we've got we've got the money. We've got the funding, we need people so so tell

26:36

me if I want if I wanted to volunteer for cube patrol, how do I volunteer? Well, you give us a call,

26:42

it's 713528 safe that 7233. Or you can send us an email at que patrol houston@yahoo.com and we'll get you on the mailing list. You don't have to go through any special training, you just show up. We have people who have been with patrol for quite a long time. Who go who are in the group with you. We just don't send a bunch of rookies out. They have to have someone with experience in each group. You can walk you can ride you can drive rollerblade bicycle, you want to go down the street on a pogo stick, we'll let you. And it's just it would be interesting. So

27:22

I can put on my cue patrol shirt and hanging out with all the routers.

27:25

Well, we have we have to keep walking around there. We can't We can't let people think that we're nimping them out. Damn I want a nimp that's our fundraising that we do. But now with

WE'RE PIMPING THEM OUT. DAMN, I WALK A PIMP THAT'S OUR FUNDRAISING THAT WE DO. BUT NOW WITH with the attack HPD has really stepped up and they're keeping a close eye in the neighborhood. They've number of patrols are and that's going to be going on for an index for a while now. They're going to be sleeping on their patrols. And eventually here, hopefully we'll get the members, people coming out on patrol. And we can keep an eye on the neighborhood ourselves again. That's the next step of what we

♂ 28:01

need. That's That's some good information.

♂ 28:03

Yeah. The slogan We haven't we've got bread in the oven. We need meat on the streets. So

♂ 28:10

meto Street.

♂ 28:11

Yeah, so that's what we're gonna start. We'll get some of the dancers to go with us. Not the straight one.

♂ 28:17

Which what was it the black shorts or the white shorts? white shorts? Oh, yeah. I had a feeling he was straight. He was too nervous.

♂ 28:23

Can you believe that? And the guy James that came up here that took his shirt

♂ 28:26

off. I was still disturbed you Yeah, can

♂ 28:29

you believe that? He did it. I just grabbed a guy said hey, are you willing to take your clothes off for money? He said of course. We need more people like that that are willing to take their clothes off.

c

Chris 28:41

29:34

Jimmy was Jimmy signed his whole name down the list of that one that God brought in when they didn't do radio? I don't remember. We Oh Marlana No, you were there. Yeah, I was there. I mean, not just like Jim it was Jimmy. On his Jimmy.

29:54

Okay, here autograph.

29:55

Where's it you're talking about Jimmy and Jimmy is over there like a deer in a headlight over there. Trying to I'm not trying to be some cigarettes out a cigarette machine we say Jimmy he's like what? No no

30:11

that's the only way you're gonna talk about when you

30:13

say Jimmy Jimmy brought in when they did nude radio. You signed Jimmy on his Jimmy

30:24

Jim on one and James D Carper on the other.

30:52

The middle initial Nolan's

30:56

The only person I've ever heard call you James is his mother. James Carver get your in here.

31:04

No, no, the last time we heard that was James Carr forget you're outta here. No, that

31:08

was James Carver. Get that out of there.

31:12

Have you ever heard of James E. Carver? James D. Carver? Out there you

31:18

are my Goody scissors. See what happened? With my

31:22

boy no kidding.

Chris 31:25

See, cities come out about wooing gays and their dollars. Tourist Bureau. Some in unexpected places are openly advertising for gay and lesbian visitors. That same time, Philadelphia is promoting get your history straight and your nightlife gay and your watch and your nightlife. Yeah,

31:47

that's right. We're going to Philadelphia,

Chris 31:50

which is I mean, I sadly I mean, I used to live. I was born outside of Philadelphia. But I've spent my adult life here in Houston. So I don't get to see what the the stuff is there. But like, the one time my brother was out, he picked up the Philadelphia gate newspaper, and had to come up with an excuse, because our uncle saw him pick it up. Like why do you get that? And it's like, well, just curious curiosity thing and actually charge for it up there. But then again, it's about three times as thick as what we get here in Houston. Wow. Or it was it's twice as thick as the two of them combined.

32:26

Probably has a lot more Bogalusa in it as well.

Chris 32:28

And in fact, what I liked was their TV schedule they had in there that told you all the game programming, which is I mean, they listed South Park and B which is where programming, that's a stretch. Well,

32:43

sedan Saddam. Saddam was in the building?

Chris 32:47

Oh, yes, in the last Southpark. When that they, they did the Christmas special with a Wizard of Oz beam and found that Saddam was playing the Wizard of Canada. I mean, they threw that together rather quickly.

33:01

I just want to know what's up when we get the whole Saddam thing and this thing with Libya all in the same couple of weeks.

Chris 33:11

It's called being scared assless. Afghanistan, what about Afghanistan? How unAmerican argued actually to speak of Afghanistan. We're not who's bin Laden? We're not allowed to talk about him.

33:34

Somebody wants to give me a belated Christmas presents vote George Bush at office.

33:42

Well, the problem is the people who elected him the office. They're in there for life. Dream court.

33:51

Okay, but you know, there's not a whole lot of life left in some of those who

33:54

don't know, this congressman. Is not your one.

34:00

But he retired first there. But

34:02

hey, the oldest, the fact that he died the same day that we that we got the ruling from the Supreme Court on the sodomy, Lawrence v. Texas, Lourdes v. Texas. You know, does anybody see any relationship there? Was it just too much for him?

c Chris 34:24

If that was the case, then we should have really been fighting for this 3040 years ago. Still a Dixiecrat today. Let's see Democratic presidential candidate Carol Moseley. Braun is absolutely correct to compare the debate over the opening of the institution of marriage to gays, with the debate to allow interracial couples to marry years ago. This is interesting, because after we had the editor of the Dean Becker segment, we had someone who was calling in and was one to, to discuss about Dean Becker's discussion talk about the Ninth Circuit Court. And when we actually went And into eventually here talking about the gay marriage and the fact that yeah, there is so many people who are opposed to it. But look how many years ago, just 30 years ago, that interracial marriage or multiple marriages were considered illegal, let alone taboo. And so, but then take a look at the right wing, fanatical as you've got. Now you've got Newt Gingrich, who's on his second or third marriage, Reagan has doubled, was on his second marriage. Clarence Thomas married a Caucasian female Phil Gramm, married an Asian woman. I mean, you've got plenty of where relationships that just 30 years ago, 20 years ago, would have been frowned upon. In those terms,

35:48

secret that he had no

c Chris 35:51

interest, she had a little Jungle Fever back then. And it was it had this had a wife had a daughter by his these parents servant at the time. And I mean, she's 70 something years old

36:05

enough to be my great grandmother.

R Roy McCarthy 36:07

But you know, Chris, one of the interesting things and I've been listening to a lot of daytime and overnight, talk radio from these conservative folks. And surprise, surprise, some of the strongest backers for gay marriages are the Conservatives of all people. They and you know, there's there's a number of them that are that are coming right out and saying that if you call

yourself a conservative and you are against gay marriages, then you are a hypocrite. And they're one of their big proponents of their big arguing points is that the 14th Amendment of the Constitution, which states that the government cannot classify an entire group of people as being lesser than everyone else.

36:59

Yeah. But you're you're you're seeming to think that the Constitution is still in effect. Okay. I mean, the bill or the bill of rights have been pushed through the shredder in the past couple of years. The conservative portion of what they're about of why they're saying that is because the basis model of conservatism is supposed to be small government and non intrusive, non intrusion. But it ends up turning the other way around. I think another reason why they're probably looking at it, that could be the reason they're saying, but what their reasoning for it is most likely that they're, they want to get the gays into it and get the Liberals into it. Because then we'll have more people to say, we don't want the marriage tax. And that's where I think they're trying to do is they're saying, you know, we'll make this strange bedfellows. So we'll get all these liberals in. And then we can tell it say the Democrats don't want the marriage tax. But look at how many look, we're embracing our gay and lesbian brothers and sisters to get married and not pay this tax. And it sounds it I think they're trying to an end round around that it's not that I believe there's any suspicious and what that will do in the Republican Party, but on the conservative side, but that's part of four. I mean, when you talk about some of the stuff you've got with this, we were dealing with gay marriage and gay in the military, you know, there's more pressing issues, we need to be the working app. And then this

38:21

follows along the lines of Bell saying Keep your friends close, but your enemies closer.

38:25

Yes. Say harassment affects gay kids schoolwork, the level of harassment faced by gay lesbian, bisexual transgender students, appears to play a role in their academic performance and aspirations for college. A study released says da

38:46

does if we,

Chris 38:48

if a kid is afraid to go to school, because he's gonna get the crap beat out of him. You know, homework is not high on his list of priorities.

38:56

58:50

That gets a

♂

38:58

crappy anatomy.

♂

39:00

I mean, the only aspiration you have for wanting to go to college, then it's because it gets you away from mommy and daddy, so that you can be out and experiment and be a little freer. That's your only reason for going to college.

♂

39:12

I've been there and I was

♂

39:14

in high school, my only aspiration was to get out of it alive.

♂

39:19

I mean, it's one of those things that I mean, I wasn't out in high school, nor was I. But I mean, some people had some suspicions, but it's not like I had any friends. Because I have to worry about that. But you know, I mean, when you're in fear for your life, going to school, because kids still get beat up. They still get tortured. They still get tormented about just just the suspicion that you're gay

♂

growing up in that small country town that I did. Coming out would have just been murdered for me, but also my parents company is so heavily involved in the community. It would have killed them to

R

Roy McCarthy 39:59

juggle The child gets very depressed. Right. And when a person is depressed, their mind just isn't on their word whether in school, or in a professional job working in a factory or in an office, when a person is suffering, depression, their work. And what makes it even worse for you not only have to fear the kid, but you have to fear the teacher. Lately, this past school year, I have read numerous reports of schools across this country, where teachers and other principals and I

wouldn't call them both workers or whatever they were in school, right? Really coming down hard on gay students. There's a kid here and out in Louisiana, who just got in trouble with the school because he told somebody that his mommy was a lesbian.

C

Chris 40:55

He wrote a he had to write a story about his mother and he used the word gay. And the teacher wrote him up and had to write in his write up slip, that he will not use the word gay. And the school board in Louisiana has taken the response of, you know, this is the policy, and that's the way they're going with that. Yeah, I mean, Venus's in

♂

41:18

Louisiana. Yeah. Now, this the same state that gives us Mardi Gras.

C

Chris 41:26

Well, you gotta remember, there's there for that. But you also have a bunch of people in Louisiana who are coming in trying to shut down southern decadence. And like, like I've said, you know, 2005, they're in a rude awakening, for fit for southern decadence, because there's a whole nother group of people in there, and you're gonna have a lot of large gay men. The theme is we will not be moved because you ain't got a big enough truck to move us. What were you talking about gang chords there, I saw a thing. This is actually from my hope that the town of my burns, Pottstown, Pennsylvania, this guy a karate instructor was charged with in sexual harassment or sexual assault of a minor. This girl, these two girls were claiming he molested them and touch them. The defense he actually did he used was he had to come out as being gay. And said, you know, here's, I mean, I was married, I had a couple of kids. But I didn't touch these girls because I'm gay. And he actually had that how he came out was in court, under oath saying, and had other people say, you know, we figured he was gay. We had a pretty good feeling he was he had, that's how we had to do. And fortunately, the jury accepted that defense man was found not guilty. What does it do to the girls? What did they do to the girls? There's, there's so much there. Probably the prosecutors aren't gonna do anything because they'll say, you know, these girls were telling the truth, this guy is just came up with a story and pass it off there. So when I pass on that stuff along on to Lone Star activists, and was commenting, I said, you know, it's a good thing. That's why I carry my local rental card. Because that's the closest thing I have to having a vehicle being able to say I'm a card carrying homosexual. So okay, now I don't know where smiley got this out of, I'm assuming it's from the star, which is, you know, if you're going to pick up your wallet, if you're going to pick up a newspaper news magazine at the grocery store, the star is one of those top ones to line your birdcage with. Being gay links to older brothers. Men with older brothers are more likely to be gay. A new study shows each Big Brother a man had increases his chances of being a homosexual, by a whopping 30 to 33% Psychologist Dr. Ray Blanchard of the Center for Addiction and Mental Health in Toronto, told New Scientist magazine Well, Chris,

R

Roy McCarthy 44:10

I have two older brothers gonna die

I HAVE TWO OLDER BROTHERS. YOUNGEST ONE.

44:14

I'm the youngest of seven.

44:17

Those were girls. And I also have two younger brothers.

Chris 44:23

A younger brother. I have two younger brothers on the eldest, which which coming from a family of Eastern European heritage,

44:31

that means you got one brother was by but no,

Chris 44:35

coming from a family of Eastern European heritage. My father so loves the fact that the eldest son of Him who is the eldest son of an only son, and gay, it's kind of like the name, the family line stops.

44:50

Let's just stop overdoing.

Chris 44:51

What do you want Jimmy? That's a first Wow. Yo, what's up?

45:02

Yeah, cuz I am the older brother.

45:04

I'm older brother to

45:09

my brothers are not getting younger sister youngest.

Chris 45:14

Manning, Manning said the number one the number of older brothers a man has, is one of the few is one of the few reliable correlations of homosexuality they know. He says the changes that occur in a mother's womb each time she carries a son may affect the development of subsequent babies. Which I'm glad he says that because the theory what he's saying is you know what, the older boys are raping the younger brother. I'm glad he said that, uh, changing the womb older half brother didn't work. Well, well, you're getting your gay infusion here. We're gonna, we're gonna give you the full game experience. There's ghp on your next drink. And you're gonna wake up on the street corner

46:04

I think Otis has almost been picked up a few times tonight. Brent fell asleep I said we draw on his face. Oh, we've got some we've got a sleeper in the house.

46:14

I got better ideas

46:24

Okay, everyone's

46:30

we got two sleepers in the house.

Chris 46:34

Let's see David's got an excuse. He showed up in a shut up he thought for cube patrol ended up ending at a party and supposedly I twisted his arm really hard and forced drinks down his throat. Shame.

46:47

So you're responsible for all this?

c

Chris 46:51

Morning. Actually, I was paid by some of the guys to get him drunk.

o

46:57

He has a long way to drive. I'm willing to bet there's a lot of volunteers for crash space.

R

Roy McCarthy 47:05

Christopher is one hungry bartender right behind you.

o

47:08

Let's find out. Let's get that bartender the bartender. I saw scam a bartender Give me your bartender. Oh, he's done. Oh, he's

o

47:19

a barback Oh bar. A bear bag bar bag.

o

47:23

Are you a barback? bareback? Yeah, he says yes. What's your name? What's your name? Sonny. Sonny? No, no.

o

47:36

So true.

o

47:37

How dare you speak. Speak the name of the Clear Channel devils. I agree. If you throw it up in the air it turned into sunshine. Let's not

o

47:47

forget this one guy that has been totally great to us and I had given us all our waters and every year we got to find out his name because he didn't want to be on the radio was your name is Brian. Brian. His name is Brian. Thank you Brian. You've been great for us tonight.

48:04

When you come to Oh, come upstairs and that's for Brian who upstairs

48:08

upstairs and go down. As for

48:12

tomorrow afternoon for the revival tea dance at 4pm. Oh, of course. Well,

48:18

and it's the tea the tea Dales in the tea room.

48:24

We've got a story in here about Seth Green, who is playing a opposite of Macaulay Culkin in the new movie Party Monster where they play gay club kids in the 80s who committed a murder. Right? So Macaulay Grocott Macaulay Culkin is trying to pretend he's all grown up. Although he did play, he did do new theater over in England. And he comes a year into it. I know.

Roy McCarthy 48:52

For those of you who the name Seth Green might ring a bell with Jim for the break. He used to be on Buffy he was I believe that Werewolf Boy is also

49:01

in Austin Powers

49:04

on Buffy the Vampire Slayer

49:05

and he and he also played the son of Dr. Evil in the Austin Powers. Series. Yes, yes.

49:15

Gotta love those redheaded boys.

49:20

Just make sure you're awake over there. Oh, yeah.

49:23

He's keeping one eye open just in case we decide to molest him or something.

49:29

Remember Remember there's there's there's there's safety in numbers and you're not saying

49:41

nobody played with my six. What? I what I heard you say was reaching for my stick.

49:50

If you want more, if you want to play with Merlin staff, you have to smack them around a bit first. Hey.

49:56

Well, that's my next segment.

49:59

Smack him Merlin around

50:03

the smacking these days and not in that black and blue kind of work.

50:08

But some days we try to get you to shut up this vacuum the only black and blue thing about

But some day, we try to get you to shut up and vacuum the only black and blue thing about Merlin nowadays is his hair

50:22

we gonna go for that one at least.

50:24

What did you just say?

50:25

I said the only black and blue thing about you nowadays is your hair my hair.

50:29

Well black and blue and gray and all green and

50:35

it's like if you're heavily salt and pepper a smurf.

50:41

It's for one of my former lawyers. Other halves used to call me cleaning Smurf because after all, my favorite color is blue. Your pompous Marc Faber, Merlin Merlin the Smurf Anyway, moving

50:59

on, okay, someone drew all over her. He was. Well, there's a story in here once again from that quality newspaper of the star.

51:10

You have such a high opinion of this. Oh, yeah.

Chris 51:16

No, this is from our MBBS Oh, yeah. So this unfortunately tells you the quality of educational material they're giving in the prisons nowadays. Oh, yeah. Was the aliens. So it actually was

the aliens who directed justice to the DOM.

51:37

If they're telling, I think there were aliens. It Hey,

51:42

I know. If you hang around KPFT at night, you'll really believe in aliens.

51:47

If they're telling the truth, I want to meet bad boy in person.

51:51

Fat Boy the musical.

51:54

I'm going to have the story.

51:57

There is I believe it's here in Houston right now. Bad Boy the musical. Right? It's a musical based off of the bat boy that they discovered that was on was that the weekly news or weekly news or one of those supermarket rags they have out there but it's like

Roy McCarthy 52:17

they're all bad. Anyway.

52:21

There's a story here on about Rosie O'Donnell and her life partner Kelly carpenter. And also with Rosie O'Donnell. She's producing that show taboo.

52:32

With with Boy George boy, George. Yes. And I was the George Michael. Michael. Not another boy.

52:42

But now, actually, unofficial review I've heard of the taboo is the guy who plays Boy George in the first part of the show is great. The second half was Boy George play somebody else isn't so hot. But

52:58

I have only one question having seen Boy George on a few things on TV lately. When exactly did he cat become an extra for the movie Braveheart. With his paint job on his face as

53:12

a painter. And he shaved his head. There's a picture of a man here. He got one year painted blue. He's got this kind of a silver blue mask painted on and, and dreadlock looking things that's painted on his head because he shaved bald so that

53:36

the other day I saw him on like the dude coming in that I love the whatever. Yeah, I love. He had this like blue stripe with like silver things painted right across his eyes. I'm like, Honey, this is not Scotland. This is not 16 104

53:54

No, you're talking about a person who was doing a lot of drugs during the 80s is trying to recoup it.

54:02

You're passing these out, like, I'm never gonna get a chance to use one of these.

54:05

We'll see what you need to do. Like,

54:08

several years ago,

54:09

if there was a group that was called the rubber fairies, and the way the way you handle those kinds of jeans, you go downstairs and you go up to a guy and you go you want to have sex tonight? And when he says yes you go well you're gonna need a condom away

54:26

to have sex tonight. Yes, let's go there you go. That's what I'd say. And by the way, we're going to use these comments

54:33

now that ever proposition them completely like that, but let's see what else did we get in our little? Oh, yeah, that's that's here's a there's another picture of Boy George for you. Basically, boy, George, is his dress. He's dressing in something that Michael Jackson would say was gaudy.

54:57

Oh my god. If Michael Jackson would Say we've got

55:00

it's orange it's got it they've got shoulder pads on it looks like they should be on the football team

55:08

joined the cast of dynasty. Yeah, he's got

55:12

his lips are painted up to his nose and out to his ears and black and he's got these glasses these glasses on with huge irises. It almost feels like a cartoon character rather than the actual person asked again fake oh that again. That is Boy George.

55:33

glass you can fake it is plastic.

55:35

Plastic is vague is is Madonna. When he hasn't been made over chair that's flash

55:44

swear Hey Jana. Like they say when the bomb finally drops all that'll be left is the cockroaches and share

55:53

shares so much plastic surgery She's so tired she got a binder Anita wings

56:00

out she ever

56:01

stopped smiling our face will snap off.

56:06

donated her body to Tupperware for next generation Bobby.

56:09

The other half of that statement though that you didn't say that when the atom bomb dropped Josie that can be left is the cockroaches in Share. Share doing her final

56:21

farewell tour.

56:22

One more tour for the last time. One more door again for the last time. Anything else in the news? Well,

56:29

I think I think she's doing she's doing a farewells or latest look.

56:33

That fear means that they've given Michael Jackson tips on plastic surgery. Oh no, I need

56:40

something he's gonna need. His plastic surgery is really bad. This

56:44

was the surgery days are over where there's nothing else to do. It's

56:48

just so isn't so tighten that it's like, I mean, that was

56:53

that police boat shot of him in Santa Barbara. They are so awful.

56:57

That makes me feel sorry for him when I see that vision.

57:00

Yeah, I mean there were so many things wrong with that mug shot they first of all they said he was male. Second of all they said he was white was black. So I mean he's wider than everyone is room. I mean, a I mean that's I mean, they just use candlelight knows.

57:21

That knows what a vampire bat is.

57:27

Movie probably has to return it. The older

57:29

Michael Jackson gets, the more he looks like the love child of Diana Ross and the Phantom of the Opera.

57:38

And they put him in jail. Be careful saying Michael Jackson and the words love and child okay.

57:44

Yeah, bad. I

57:46

mean, come on. He toured countries where it would have been legal what he did

57:51

like that. Oh, Joe was Michael Jackson JC Penney's have in common. They both have boys pants half off

58:03

and then there's the wrong about Michael Jackson into McDonald's. What do they have in common? 40 year old meat between eight year old buns.
