indicator and it's going to be held this Monday, beginning at 7pm. And they invite you to come and to participate in this discussion. Help Congresswoman Sheila Jackson Lee, help us by providing her with firsthand accounts of our experiences. We need to go there and voice our concerns and fears for the new millennium. Now, if we don't speak now, we may never have this chance again, with love, come to speak out against hate. And again, it's going to be Monday at MCC r 1919. Decatur at 7pm. You know, Frederick Douglass once said, If there is no struggle, there is no progress. find just what any people will quietly submit to and you have found out the exact measure of injustice and wrong which will be imposed on them. And these will continue till they are resisted. When either words or blows, or both. But I you know, I like to

think of what Bobby Kennedy used to say. And his words stuck with me for most of my life, and he would always say some men see things where they are and ask why. I dream of things that never were and ask why not? And those words always stuck with me.

01:46

Okay, the community center is having a picnic on Saturday, September 26. That's four weeks

01:55

of the community center. Yeah. Okay. And where are they having it?

02:00

At the community center? Okay, how about that about that? Yeah, it's from four to 7pm. So put it on your calendars. We'll talk about it a couple of more times. But it's open for everyone. Cool. So you could just come by Absolutely. See what's going on. There is a suggested donation, but it's like, only \$3.

02:20

Well, you know, wherever you can, I mean, this is a worthy cause. This is our community center. We need to support it.

02:27

Yes. It's a fantastic place. Yeah. And today, they started putting some new tile down on the kitchen floor. Yeah,

Roy 02:36

and none of that. But this is also a great way to meet some of your gay and lesbian friends neighbors. Sure.

02:42

Sure. Or if you have a small group, it's a great place to meet.

02:48

Excellent. If you have a large group, it's a great place to meet. Well, not

02:52

too large, not too large. 4050. Okay. Okay. That's where the caucus meet. Yes. Okay.

Roy 02:59

All right. I want to mention that others Hispanic group, is putting out a program called Building communities. And it's different approaches to increase cohesiveness in the Latino gay, lesbian, bisexual and transgendered community. And the presenter is going to be a panel of local community leaders. And it's being sponsored by avons. stands for amigos volunteers in education and services, Incorporated.

04:06

Well, it's very important because the Latino community has a totally different value systems in the white community. And when you're talking about a Jew, you have to talk about it in a different way. Right. And

Roy 04:19

not only that, but according to a counter key news from earlier this week. Some Census Bureau has said that the Hispanic community in the city of Houston is now the majority community

04:36

No kidding. It is. I'm not surprised.

Roy 04:40

It compromises nearly 50% of the community of the citizens of Houston every and all the rest is split up between the whites, blacks, Asians and Pacific Islanders Native American But the Hispanics are the number one demographic population. According to channel 30

05:13

Let me mention H foundation Houston, what are they doing is doing impact University This is Impact stands for information on methods and planning actions for change and treatment for HIV HIV positive women. I mean, you have to come up with something for HIV positive women.

And on September 20, the Nylund family that is a that group inside of the serial cord that has oh gosh as fancy pace it has crystal Ray Lee love who crystal honey you should be here right now. And and Billy as is their members of that they're doing a show at the briar patch called the Vestal virgins first romantic fling.

07:41

It's a fundraiser for the gay and lesbian switchboard. That's September 20 Briar Patch it's always a fun show at the briar patch it really it really really is and I want you to know that Miss fancy paste Lawrence also is Miss firecracker 98

08:00

08:04

I know but she is some firecracker. I'll tell you as she goes off the bat. Yes, she does. Actually, fancy paste. Lawrence below rock is a very talented man. He's done acting all around Houston from the lead in Macbeth to to the comedy where he played an ugly stepsister in this version of Cinderella. He does magnificent comedy. So very talented man. 09:36

he's done some great stuff. And he's gonna be doing some more great stuff right here in Houston raising money for the Colt 45. That is September 26. And he's also after the show going to make an appearance right here on after hours on run right after the news. He will be here. So I'm looking forward to that. Because I said Nighthawks. It is Blackhawks. Nighthawks is that cheesy company that makes us the tacky TV dinners that are just a step up from backwards. This is Black Hawk. It used to be the venture in I'm sorry about

Great concert if you'd like kind of dancy kind of poppy kind of music. Yeah, it really is really good. A lot of times these record labels will put together a bunch of crap that

S

Scott Lewis 33:27

33:51

Oh, my circumcision. What have we got going with? Jg? We've talked about this before. A long time. Well, because you were in the process of it at the time. Yeah, as I recall. Yes. You have research items. We know uncircumcised yourself. Well,

G

Gigi 34:13

circumcision. foreskin restoration easier. Basically, when I grew up, I remember the first time I took a shower and and public restroom, and there's this guy and circumcised in there. And I got the strangest feeling. I thought what in the world happened to me? You know,

**S** Scott Lewis 34:36  
I'm more concerned about what happened to him. You and him alone in a shower? You know?

**i** 34:41  
Maybe I was a lot older.

**S** Scott Lewis 34:45  
Were we taking a public shower? Are we already hitting those restaurants?

**i** 34:48  
Or you know, like at the beach or something? Oh, okay. Okay.

**S** Scott Lewis 34:52  
I grew up a sheltered life. What do you want from me?

**G** Gigi 34:56  
But anyway, I got me kind of curious about himself and what had happened because I knew some men were different and I thought that it was very rare you ever saw them? And yeah, you know, I got once I started learning more and more about it, I started realizing, you know, what a horrible practices is the circumcision.

**S** Scott Lewis 35:22  
Circumcision, not the public showering, not the circumcision. Right.

**i** 35:26  
Well, you know, there's there's been move going on. Yeah. And there's lots of literature out there right now against circumcision. Yeah.

Well, what happens and you know, I've got a book, I'm kind of semi reviewing tonight on it. It's called the Circumcision, circumcision practices and foreskin restoration methods.

35:49

I wonder if anybody out there has done this too. I'd like to be interesting to hear from anyone who has done foreskin restoration.

And then wonder why the baby screaming? Yeah, I think I Well, it's a baby.

Gigi 38:09

It's not just screaming it is like, you know, the in the back. A nurse tells about watching this for the first time. Wow. And she just, you know, the baby was thrashing. She was afraid it was gonna break its back thrashing about on this board. And I know I would be you know, it's just a horrible practice. And that's just
