Old Navy commercial where she's supposed to be doing somersaults and crap but anyway.  
Yeah, by that.

You know, we we've reached a new low here and after hours. It's 14 in the morning. We're witnessing about four drug deals going down right outside the station. And I feel safe. Is this bulletproof glass? So it's just okay. Anyway, teasing it was a joke. Um, where do we go from here? So are we going to be allowed to wear roller skates on the dance floor there to at the PJs? He's like dropped the friggin roller skates. Job. Okay, well, you lighten up, please. He still lives in his mother and Ed pays him \$20 A shift. Come on. What do you want from this guy? 526-573-8526 KPFT somehow Yeah. It's National insomniacs week here at at after after hours. Somehow half the lines are lit up and in use and I'm not saying people have called here. We may have dialed out. We're, I think I think I think I think Roy I think Roy's on with the psychic hotline. You have no future with Roy I could you know, I'll tell you that for free. Give us a call. And if you're laying there don't have anything better to do give us a buzz 526-573-8526 KPFT Chris called in just a little while ago and she kind of instant Jimmy said Don't make me put my hand on my hip. The problem with that sentence was the word replacement was not in it anywhere. Don't make me put my hand on my replacement is Hey, Chris, here's a little song for you because you're a real woman as you wanted to make sure we knew my god that's just a little tedious. I never was a big fan of his voice. Did you ever like his voice? I

I love straight people, you know, my parents were straight. Oh, kid and yeah, ironically, ironically enough, we, you know, it's, you know, they say that they don't want to people say they don't want kids in the gays to have the right to adopt children because, you know, that's the breeding ground for homosexuality and actually, we come from clue. But um, anyway, so we have these little straight kids out there listening to us and we're thrilled to have you I'm telling Well, I would be thrilled to have you now let me tell you, you would be very thrilled to have me because honey AstroWorld doesn't have a right like this. So you wanted to hear something really gay? We got

it. The screams when I eat your butt, that's really good. But until then, we have this for you give me a homosexual if you got up early this morning to work on your sermon before you go into preach to the masses, and you thought you turn on the radio for a little religious inspiration. Well, you're looking for the station one to the left, because we're not here for you. Anyway, that was the lady bunny, the founder of wigs stock, a little song for the straight boys at home naked listening. Wish you're at my home naked listening. We have a song coming up right now from Pink, who is a native Houstonian. She's gone to Los Angeles now to become famous. Good luck. You'll need it. This is a nama mix off of her CD, hush, the drummer and I have a little something coming up in just a couple of minutes for my little Latin listeners. A little something for the Latin boys that are out there. If you're lacking in breathing, give me a call five to 65738526 KPFT Yeah, I have I have strict, strict standards, a pulse. You know, I found I forgot I had brought this Gloria Stefan CDN with me that she did a couple of years ago. That is all Spanish and kind of fun. And so I thought I'd do a little Spanish double play. This is a little Gloria Estefan.
