Hi, this is pokey Anderson and I'm Cherry Wolf. And we have a quick quiz for you. What's a feminist? A, someone who hates men. Be someone with no sense of humor and no bra. See, well, gee, come on, you can come up with something or it just takes too long. You can't say it real quickly. Well, if you really want to know tune in, to break through Friday mornings from eight to 11am on KPFT Houston.

01:01

I'm Otis Hardy McClay, a Monday host of 123. How does an ancient culture treat modern women this Monday afternoon at one we'll talk to Laurie Sorensen of the Women's Center about her trip to China. And we'll also get the latest from Lenny sinking of the Christic Institute about their conjugate suit. And why a Florida congressman is trying to stop criminal prosecution in the \$500 billion SNL scandal. Women in China and funny stuff in Washington this Monday at one here at 90.1 KPFT. Houston, have your ears on.

Buddy Johnston 01:31

I remember thinking I'm the only one. I'm the only one who feels this way. There's got to be more to life than this. As a small child growing up in Arkansas, I thought I was the only one that felt this way. And today 30 years later, I hear the same thing from young people all across the Houston area. I'm the only one. I'm the only one that feels this way. We're gay and lesbian people. And we'll show you a better way to feel about yourself. Every Saturday night at midnight, on after hours. Tune in.

Jimmy Carper 02:30

You are listening to after hours radio celebrating life in the heart of Montrose KPFT Houston 90.1 FM. It is now 204 Coming up later in the show. We're going to have Roger at three o'clock,

reading chapter three of the men with the pink triangles. And prior to that we're going to have a salute to E ratio. Yes, many surprises. They're a little closer to home. There's some good news. Yes, yes. Finally. Aids Foundation. Houston. Got a grant from the city of Houston serious grants serious grant Yeah. 115,000 samolians. And they're going to use this while it was given them for stone soup. That stone soup in case you don't know, is the free grocery store as it was for AIDS patients and urgent AIDS patients. City council was so impressed with stone soup and what they have done in the past five years that they voted the money unanimously. Vince Ryan's office was instrumental in setting and getting the grant. And we want everyone to remember that and things like that at election time. The money now is going to be used to buy a building much yeah, right now they're in this little closet place. No pawns. So guess what stone soup is getting out of the closet. And they're looking for a new place right now. That way they'll be able to buy the location and not have to use any money for rent like they're doing now. So this is wonderful. There's only one regret I have, you know, well, a person who was instrumental in the beginning of Stone Soup.

04:37

I know who that is Bruce Cook.

Jimmy Carper 04:39

I'm just sorry that he's not here to say that he would really cheer that on. Bruce was involved with stone soup also PWA coalition. This guy was a doer. He always said what was on his mind. In fact, you might remember at the Harvey Milk rally. He He really said what was on his mind and we really can't even play that folks. But people like Bruce cook I think are best exemplified by this next song that we're going to play it's by Houston zone Teresa Monet. And it's about standing up, even if it's not the popular thing to do the name of this is unleashed? And you're listening to after hours radio celebrating life in the heart of Montrose. KPFT Houston, 90.1 FM. We just did a salute to some local celebrities ending up with Heartsong doing fight back fight back. Yes, fight back. It's a good song with a good message. And not just for women. There's a lot in the news lately, where maybe we need to fight back. You know, I, every time it seems that I turn on the news, all I see is that damn coffin. I am so over that. I've been hearing words like bizarre and strange and incredible. Talking about this story, the same

07:01

stereotypes. I've always heard about gay people in a Montrose , so hmm.

Jimmy Carper 07:05

And every time any news comes on about that story, they show the same damn picture with that coffin coming out of the door with the number visibly shown on it. And then you read the papers. And there have also been some on TV. Of the scumbags coming out of the closet talking about their interpretation of Ted lense's lifestyle,

07:36

they're supposed to be his neighbors. Yeah. And friends. Right, right.

Jimmy Carper 07:40

Ted lens has nearly been crucified. Before we even heard his side of the story. Here he is lying up in the hospital, having brain surgery, and he's already being tried and found guilty in the press. And the media. I'm just really over it. Finally, Friday night. I was watching Channel Two, I believe and Elmo, Brad ADA. After four days of reporting, yeah, finally came out and said that Ted lens is not a suspect. You know, you know what's gonna happen just like all this other kind of wild stuff. Unless there's some really sensational ending to this. The results of the story will be on page 24 the posts that won't even be on TV is just kind of dropped, you know that? They presented the sensational side right. Yeah. And don't forget still in the news is Oh, Clady doing his

08:47

number seen that new ad? No, I have his campaign I've heard about it's ridiculous.

Jimmy Carper 08:52

Yeah. out and don't forget, he's he's still there. He wants to keep the sodomy laws. That's another area we need to fight back.

09:01

Maybe because he was branded before.

Jimmy Carper 09:04

Mm hmm. And

09:07

trying to cover up some past experiences maybe

Jimmy Carper 09:09

well, maybe civil service that a car that we've played it here and we'll play it again, especially closer to election time. And Barney Frank is has been in the news. He officially was reprimanded and that damn Danna Meyer, did you see that? He gets up there talking about how can we have a member of of the house you know who alette Who No, he didn't say allege

he said who knowingly ran a house of prostitution out of his apartment. I cannot believe that fool got up and said something like that. Yeah, fortunately, I don't know who the man was, but I think he headed The investigation or something he came up and blast the Danna Meyer, but, you know, it already came out of Danna Meyers mouth. You know, Barney Frank must be a little down in the mouth right now. Wouldn't hurt if we all sent him a card or a letter saying, hey, barn, we're behind you. Yeah. And all you have to do is send it to Barney Frank, what House of Representatives Washington DC. It's pretty general, it'll get there. So, for all of this unbelievable stuff going on, I dedicate the next start song by Bronski beat. Heart of Montrose it's KPFT Houston. 90.1 FM. Ah, now finally, we have a salute to one of my favorite groups, one of my favorite groups, and a group that play tonight. Over at that Woods thing.

11:47

The Cynthia Mitchell Woods pavilion to be exact. Out in?

Jimmy Carper 11:51

Yes. Wherever we know where that is. Yes. It's outside the loop memory. How's that? Yes, it is. Okay. We're gonna have Roger read at three. So we're going to start our salute and finish it after Roger reads. And one of the reasons not only because they're here, there's a favorite group of mine, but I was going through some of my old stuff, and I pulled out a January 1987 copy of the London gay times. Now you may ask why I happen to have a January 1987. Copy of the London gay times because she travels a lot, folks. Yeah, she was in Yes. I was in London in January of 1987.

12:38

Having an affair with Andy Bell.

Jimmy Carper 12:42

Yeah, no, I wish. In fact, at that time, Pet Shop Boys were hot. But I had heard the ratio. And I was pretty excited about them. And I was real interested in this because this is the London gay times. And the interview is with Andy Bell.

13:02

And if you're not familiar with the London gay times, it's the equivalent to maybe are the advocate right or Christopher straight or Christopher straight, because I know that Andy Bell also has been in Christopher Street and the advocate.

Jimmy Carper 13:13

Yeah, I mean, he is very openly gay, and has been from the beginning. And that kind of sheds

the myth on, you can't make it and show business if you're openly gay. They're doing it. But I'm going to read some excerpts from this and mix in some music. Let's see. It's the article is called flying high. And it starts if a week is a long time in politics, you can imagine how long 18 months is in pop. That's the amount of time it's taken a racer to get a hit British Single. Now this was in January of 87. So they had already been together for 18 months. Andy Bell always knew he'd be a star. But now that he is one, he's shell shocked. I just can't imagine 93,000 people going into their record shops in one week and asking for our record. But that's what they did with the first eraser hit to come out. And you know what that was Kevin? What was it? It's called sometimes. And that's what put them on the chart over there. And over here. Coming up at three, we're going to have Roger and continue our salute to E ratio. We've had a lot of calls already. People who have who went to the concert and want to, you know, tell about it and people who didn't and want to know about it. And we've got a lot of your favorite eraser tunes coming up and a little back lots of background actually. I like what Vince thinks about Andy's being openly gay for one thing, and we'll listen to all of that after we hear from Roger.

15:12

With the from the men with the pink Tron yes

Jimmy Carper 15:16

Chapter Three coming up

15:33

hi this is Vicki new president of the Texas gay Rodeo Association Houston chapter here to tell you the Texas rodeo is coming so stay tuned after hours and KPFT

15:55

Have you ever been so overwhelmed by a play that it changed your vision of the world or been left speechless by the power of an art exhibit? Or seeing children spellbound as they watch their first ballet? Likely none of it would have been possible without grants from the National Endowment for the Arts. But now the arts are under political attack by
