Okay, you've joined us back you got to gray and Scott loose down here. Scott's doing the production work tonight. And I'm learning a little bit about panic and crisis and push that button push this button. We got a kind of strange mood. I'm in a kind of strange mood tonight. So we're playing some real eclectic stuff. I don't seem to. Are you there? I can't hear anything. Are you there? There we go. Okay, now I can hear this is. I don't know if I was on a minute ago. Yeah, it was on okay. I just couldn't hear myself. Okay. We had quite a bunch of eclectic stuff. There's some stuff I want to tell you about. Um, hello dolly is in town join Morley's doing the lead in Hello, Dolly. So if you get a chance to go see that I'm sure it'd be a blast. I know that the PWA coalition has been giving tickets out to clients for the last couple of days. So if you get a chance, go check it out, support those people who support us. But the thing about joy and Warli is that I've heard tale. And this is just gossip. I can't I can't substantiate it, that she will be stopping into Missouri Street Station a couple of times while she's in town. So maybe that'd be the place to hang out. Recently, I heard that even Liza stopped into Missouri Street Station couple months ago. I didn't I didn't know that. So let's see. Where is it? I want to say hi to Dolly. And I want to say hi to Gabby. And I want to say hi to Becky and Margaret. And I want to let you know about some stuff going on in town. So if you have a pencil and paper handy, this would be a good time to pick it up. And let me let you know what's going on in town on a I don't know. I Miss Diane show last week. So I don't know how much she has already told you how much you don't know. So I'm just going to go down the list here quickly and pick out things that I see that are of substantial importance. Here. I'm censoring for you. But there's a lot of stuff. So I'm going to read some of the stuff that is meeting on special occasions and not just regularly so that we can catch some of these things that are going on. Actually, there's some interesting stuff going on. On a regular basis. You can catch just about every day something happening. That happens Every Monday or every Wednesday or every Thursday, so pick yourself up a new voice and check out their new game Lisbon community events calendar on the back and try stopping into some of these places. Some places you will hear about here. Earlier I mentioned Amiga here in the voice, it's talking about every third Sunday at five o'clock amiga de Houston meets, and they hold monthly business meetings and potluck. And you can get more information about that. I think that is a pretty large group of very supportive and friendly people, you can reach them at 520 5667. There's some other things that go on Kobe house, I've talked about Kobe house, and we've had father curious here talking to us about the Kobe project, which was Franciscan Order of brothers, friars and sisters. No, I'm kidding. Who who've put together this project, and they host gay issues support groups at its location at 9903. A West Main. And it's for those people who are Catholic and gay or gay and gay or gay in troubled, game confused these, these people I deal with a couple of times a week, and I've been impressed with their character. And I've been impressed with their, their roles in the community. So you can go to one of their meetings every Wednesday at six o'clock at 903, a West Main. And I'm calling about More information at 5228182. There's some of the things that

you do know that you know, the women's group meets every Monday at 630 at the new Montrose Resource Center at 811 Westheimer. There's some things going on. There's an open choir rehearsal Gay Men's Chorus of Houston holds open rehearsals at the barre Memorial Church at 1440 bearing every Thursday at seven o'clock. That's pretty interesting. On Friday and Saturday, January 29, and 30th. Oh, that's history, isn't it? She knows that was interesting too. Darn Gosh, darn. This is a pretty limited here. I see. Yeah, we got to do a break. You have a car do you want me to Okay, okay, we're gonna take a short break here. We're gonna identify ourselves and listen to these carts. They're pretty good. Streets.

Okay, we're back. I liked that song. It's one of my favorites. That's for Janie, if you're out there Remember when I said that's for Janie. And I wanted to continue after that same phone number

listening girl friend, that's for Jamie. And I wanted to continue giving you some phone numbers. We got some great music here. That song was called irony. And it was by Leah's Akari. Thank you very much. I want to give you some more phone numbers. One of the things going on is this homosexuality in the military and we did the tape earlier, I'm sure you've heard that and I'm I know we're really bad inundated with this stuff. But it is something personal with me being as close to it as I am. And I'm one of the things I've noticed is the opposition out there has been calling and writing their congressman in their president and mounting a strong opposition. And the people who, who really want this are sitting back saying okay, he should do this. But I think we should take that extra step and call and be supportive. And I'm going to give you some phone numbers of places you can call to tell them that you want and you appreciate and you will support President Clinton in this in his moves. To eliminate the ban from the ban of homosexuals from military. One of the numbers I want to give you is your Texas Senator Phil Gramm. And you can reach Phil, good old Phil, good oh boy, at 202-224-2937. And one of the other numbers you can call is your state senator bob Krueger. And you can reach him at 222022245922. I'll read these over again, before we close up. You can also catch the US House switchboard at 202-225-6519. That's the US House switchboard. And you can reach the Senate switchboard at 202-224-3207. I'll read these again. So don't worry. One of the people who has been very vocal about stopping this and not being right and will not support the decision is Colin Powell, Joint Chiefs of Staff and you can reach his office at 703-697-9121. Let's do that one again right now. So if you want to call and say that you don't like excuse me, the way they're behaving up there, and you want them to know that you're one person who does want the ban lifted, you can call Colin Powell, Joint Chiefs of Staff 703-697-9121. And last but not least, you can call bill at home and tell him that you're supporting him. And just leave a little message of support and remind him that we're out here and that what he does is what we're looking for. And you can call him at the White House at 202-456-1111. That's bill at home. 202-456-1111 If Chelsea answers, ask her, ask her what's the name of that high school she's going to now? I keep missing that and ask her about what's her cat's name now what's his name? Boots Bootsy boots boots. Ask ask boots. If Millie left anything for boots defined Bucha gotta write a book. Bucha is going to have babies right boots, Boots boots. Okay, what we're going to do, I'm going to go to another song. Like I said I'm in a mellow mood tonight. Feeling kind of halfway life has been kind of disappointing last couple of days, nothing major, nothing that I'm going to remember, you know by the middle of next week, but I'm kind of in a mellow mood tonight. So we're gonna play some Mellow music if we hear something up that scooter he's he's playing the disco beat tonight. So we're keeping it balanced down here but this next song is which one is that? Is this. It's Elton John off. Here's the one album which is an excellent album. The entire album is really good. And it's called on dark street, and here's one Okay, I like that. That's Elton John. And I wanted to let you know that every single including his last major singer, which was the one every single he releases here in the United States, often this album, he will donate all proceeds to and forever and forever all singles he release releases, he will be donating all proceeds to AIDS research and AIDS Resources. So, I would almost give him a standing ovation. Just for just for that and then the music itself is a wonderful, wonderful album. So if you have a chance pick it up. I know some people don't get a chance to do that kind of stuff, picking up albums. I don't get to do it very often. But what I do is I buy cheap tapes and copy my friends albums. So you might think about that. Actually, Jimmy gives me the greatest tapes to that he's taped the show on and they are just wonderful tapes. finest quality I've ever seen. What is the name of that tape? He tapes it on? Unusual tape, but it's a quality quality tape. Let's see. No, that's not it. It's something else. It's a simple, really heavy box. You probably guys want in there. I'm an old show. Let's see one or two mention that the Houston Bar Association is holding its twice monthly public service program. The public is invited to call 7591133 and volunteer attorneys will answer simple legal questions. You can do that February 3 from five o'clock to 8pm. free legal advice. February 3, five to 8pm the Houston Bar

So if you have something perplexing you or bugging you, this might be a good place to ask some questions might be a way to find out if you need to go further. Let's see. Thursday, the fourth at 630. The assistant fund presents a specialty theatrical evening, a champagne reception with horror divorce. hors d'oeuvres followed by lips together teeth of part now I've heard good things about this program. What's this variety head Russia diverse works is presenting 12 minutes max. The show consists of five different performers none longer than 12 minutes and every genre imaginable. Oh, wow. That'd be interesting. Located at 1117 East freeway at i 10 in North Main. come at it from downtown, you'll find it a lot easier. And you can get more information at 2280914. Let's see there was something else I wanted to read to you I saw that was pretty interesting. ACT UP is is having some difficulty getting people to meetings lately. If you're interested in ACT UP or Queer Nation or any of those ACT UP groups, spin off groups, this would be a good time to participate. And the meetings take place every Thursday at 730 at the Montrose palace at 1505. Nevada. And that's right on the corner of Commonwealth and you can find out more information at 5245863. Okay, let's see there was something else want to talk about momentarily. I was reading in the twit this week. A couple of really strange letters. When I agreed with him even though it was strange. And one I just had to let you know about there's a these I would guess to call them Log Cabin Republicans who are writing well this one particular man Lars Engler, Inc. I Agler I uglier. What's it e i g h ner. Eigner has written a letter to twit that I was very, very moved by moved enough to fart in his general direction. I saw that on Monty Python today. I wanted to slip that in tonight. So, anyway, this young this man has written a letter to twit saying, See, I told you Clinton wouldn't do it. See, I told you every promise he made, he was gonna break. See, you know, we knew that you people are going to elect this person and he wasn't ready. He wasn't worthy. And he we should have kept Bush, you know, he's doing the same thing Bush did. I mean, just like not having a different president at all. And I'm saying, Get A Life guy. He's only had office for a week. It's not all over. He's got what, 52 weeks in a year times four. So you take one week out. So he's got what? 200 weeks 200 Some weeks left to go. Come on God, you know, get a life find something else to complain about complain about the price of chicken at your Soper supermarket is something get off this. Let's rub Bill Clinton in the dirt kick. Why is everybody doing that? Alright, because they know he's got an agenda that will knock our socks off. And they want to get as much of their criticism in now because when he starts laying this stuff out, nobody will ever him to criticize. I believe that that's what it says the criticism

21:03

has to what stopped by yesterday didn't stop Fridays or I don't want to hear anybody else victim. That's right.

Jewel Gray 21:10

He's only been in office a week, two weeks now it was a week when this guy wrote this letter. So if you're interested in that letter, you can read that in the twit, which is the local information and resource guide here in town, the bar rags, we finally call it and got some of the pictures in

that tweet, they're getting better and better. I'm impressed and, and I'm really impressed with Brian being able to keep the commercialism down as much as he does. I know everybody in town wants to be in here, because it's the place to be. Ray Hills got an article in here about zoning out of existence, which is an supreme article and he's talking about the new zoning problems and some of the things that we should know. And if you want to know more about that zoning, he also gives you some information you can go to the Houston gay and lesbian Political Caucus will consider the zoning issue at its next meeting on Wednesday, February the third at 7:30pm. At the Montrose Palace, Commonwealth at Nevada, anyone may attend and speak at the caucus meetings and express their views. You can't vote unless you've been a member for at least 30 days but you can't go down and express your views. Or you can go down and just listen to what's going on because that'll be a good place to hear a wide variety of perspectives. So if you are interested in zoning read definitely read viewpoint with radio in the twit and go to one of these meetings and sit in see what's going on. We've got a no song ready for you. Scooter and I really set up tonight. Let's see. It's called stay for the ride. It's by Lisa Lisa cook. And this is for all the women I've loved.
